The Interesting Narrative of the Life of Olaudah

Equiano McGraw-Hill/Glencoe

A first-person narrative of Olaudah Equiano's journey from his native Africa to the New World, that follows his capture, introduction to Christianity and eventual release.

His story is an eye-opening depiction of personal resilience in the face of structural oppression. Olaudah Equiano's origins are rooted in West Africa's Eboe district, which is modern-day Nigeria.

He details the shocking events that led up to his kidnapping and subsequent trade into slavery. His journey starts at 11 years old, forcing him to come of age in a society that abuses him at every turn. During his plight, he attempts to find new ways to survive, educating himself and eventually formulating a plan to obtain his freedom. In *The Interesting Narrative of the Life of Olaudah Equiano*, the author illustrates the harsh realities of slavery. Upon its release, the book was well-received and translated into multiple languages including German and

Dutch. It set the precedent for many first-person narratives that would highlight their own unfathomable experiences. With an eye-catching new cover, and professionally typeset manuscript, this edition of *The Interesting Narrative of the Life of Olaudah Equiano* is both modern and readable. **Letter of Christopher Columbus to Rafael Sanchez** Manchester University Press Riding on the wave of his victory at Atlanta, Union General W. T. Sherman abandoned his supply lines in an attempt to push his forces into Confederate territory and take Savannah. During their 285-mile 'March to the Sea' the army lived off the

land and destroyed all war-making capabilities of the enemy en route. Despite the controversy surrounding it, the march was a success. Supported by photographs, detailed maps, and artwork, this title explores the key personalities and engagements of the march and provides a detailed analysis of the campaign that marked the 'beginning of the end' of the Civil War.

Nicholas Cresswell was

twenty-four years old when

he left his birthplace of Edale,

England to sail for Virginia,

believing that "a person with

a small fortune may live

much better and make

greater improvements in

America than he can possibly

do in England." From the

time he left, sailing from

Liverpool in 1774, until the

time he returned, he kept a

diary detailing his experiences

in pre-Revolutionary

America. As a loyal subject to

King George, Cresswell

found himself often unhappy

in America, detailing the

turmoil and abuses often

suffered by Loyalists in the

colonies. Confining his travel

mainly to the mid-Atlantic

region, Cresswell not only

had occasion to attend a slave

gathering and observe what

went on there, but also traded

amongst many of the native

tribes, including the Lenape,

Tuscarora, Ottawa and

Shawnee. Despite his

ambivalence about returning

to England, (toward the end

of the book he moans, "I

wish to be at home and yet

dread the thought of

returning to my native

Country a Beggar" (P. 251)),

life in the colonies becomes

too much for this loyal subject

and Cresswell's journal ends

in 1777 with his return to

England.

Over multiple editions, this transformative text has taught the lively art of rhetorical criticism to thousands of students at more than 300 colleges and universities. Insights from classroom use enrich each new edition. With an unparalleled talent for distilling sophisticated rhetorical concepts and processes, Sonja Foss highlights ten methods of doing rhetorical criticism—the systematic investigation and explanation of symbolic acts and artifacts. Each chapter focuses on one method, its foundational theories, and the steps necessary to perform an analysis using that method. Foss provides instructions on how to write coherent, well-argued reports of

analytical findings, which are then illustrated by sample essays. A chapter on feminist criticism features the disruption of conventional ideologies and practices. Storytelling in the digital world is a timely addition to the chapter on narrative criticism. Student essays now include analyses of the same artifact using multiple methods. A deep understanding of rhetorical criticism equips readers to become engaged and active participants in shaping the nature of the worlds in which we live.

The power of words has rarely been given a more compelling demonstration than in the Gettysburg Address. Lincoln was asked to memorialize the gruesome battle. Instead, he gave the whole nation "a new birth of freedom" in the space of a mere 272 words. His entire life and previous training, and his deep political experience went into this, his revolutionary masterpiece. By examining both the address and Lincoln in their historical moment and cultural frame, Wills breathes new life into words we thought we knew, and reveals much about a president so mythologized but often misunderstood. Wills shows

how Lincoln came to change the world and to effect an intellectual revolution, how his words had to and did complete the work of the guns, and how Lincoln wove a spell that has not yet been broken.
