Five days later and still reeling from the catastrophic event that pushed him physically and mentally to the edge of the metaphorical abyss-Cade sets out to fulfill a longstanding promise: escort his daughter, Raven, outside the wire to begin the long process of honing the skills she will need to survive the zombie apocalypse. But things happen while they are away that put the integrity of the compound and the lives of its survivors in jeopardy. After unknown entities make a surprise appearance outside the Eden compound wire, and suspicions arise among the survivors that one of their own may not hold the group's best interests at heart, Cade sets out on a new mission saddled with many more questions than he has answers for. "Through a combination of tight, well-structured plots and fully realized characters, Chesser has emerged as one of the top indie writers in the business." - Joe McKinney, two time Bram Stoker Award winner, and best-selling author of the *Dead World* series. Soldier On, Book 2 in the *Surviving the Zombie Apocalypse* series, picks up on Day 4 where "Trudge: Surviving the Zombie Apocalypse" left off. For Cade Grayson, father, husband, and former Delta Force operator, life has changed drastically over the course of forty-eight hours. He's watched the dead inexplicably return to life before his very eyes. He's lost many people near and dear to him, most dying unfathomably horrible deaths at the hands of the dead who have seemingly overnight taken over the big metropolis—their numbers and hunger for human flesh growing exponentially with each passing hour. After having been forced to kill his reanimated neighbors in self-defense and then surviving the perilous overland journey from his home in Portland, Oregon, Cade finds temporary refuge inside the wire of a Special Forces garrison on the outskirts of Salt Lake City, Utah. But his stay is short and he decides to strike out alone, resuming the search for his missing wife, Brook, and eleven-year-old daughter, Raven, the only way he knows how—with a laser-like focus and full speed ahead. So

in the early morning hours on Day 4 of what might be the United States and perhaps the entire globe's Extinction Level Event, he slips out Camp Williams' back gate riding a specially modified off-road motorcycle. Armed and resupplied and with only a satellite phone connecting him to the crumbling world, Cade soldiers on eastbound—locked and loaded—with Myrtle Beach, South Carolina, his small family's last known whereabouts, dead set in his sights. Meanwhile, four hundred miles away in Colorado Springs, Colorado—the new capital of the United States—President-by-succession Valerie Clay works round the clock with what's left of the military to gather together the resources and scientific know-how necessary to stop the Omega Virus' rapid spread and, starting with Colorado Springs, rid the country of the multitudes of walking dead. Will the nineteen hundred miles and the millions of dead in Cade's path succeed in keeping him separated from his family? Will mankind find a foothold against the dead and turn the tide of war? Cade Grayson, locked and loaded, is determined to find out.
