The Mysterious and Amazing Blue Billings Jcp Books
There's a new drug on the streets called Kick. The side effects are so brutal, most folks only try it once...unless they're psychic. Then they do it until it kills them. Psychic medium Victor Bayne is well acquainted with pharmaceuticals, from the Auracel that blocks his ghosts to the Seconal that offers him a blissful night's sleep. But he's managed to steer clear of street drugs...so far. Jacob Marks has a medicine cabinet filled with every over-the-counter remedy known to man, but none of them are doing much for his mood--and his long, fruitless days of combing through records at The Clinic are taking a heavy toll. But their lackluster investigation does have one silver lining: a front row seat at The Clinic when the first Kick overdose comes in. And as scary as the drug might be, if it truly does augment psychic ability, the appeal is not lost on Vic. Because the very first hit never killed anyone. Where did Kick come from? Why is it so addictive? And why is everyone at The Clinic acting so darn shady? That's what Vic intends to find out. And if he's lucky, he can also expose a shadowy figure from Camp Hell. Unfortunately, the

demons of his pill addiction might prove just as deadly as his long-buried history. He thought he'd managed to ditch that pernicious habit. But what if it was only lurking in the shadows, waiting for the best time to rear its ugly head? PsyCop is an ongoing series filled with supernatural action and delightfully awkward humor--with a steady undercurrent of gay romance. It's best read in order, so if you're new to the series, start with PsyCop #1, *Among the Living...* and prepare for a hauntingly good read.

It's time for retirement, freedom from the tedious drudgery of his job as a data clerk. Time to emerge from his pod and explore parts of the city he's never seen before--to meet some actual people. And at the end of the month? Time to die. Will, on the other hand, has met all kinds of people in his sales career. He runs the counter at the historic coffee shop, and when he talks, he sounds just like an old-time data feed. He's striking, charismatic, and intriguingly risqu . According to Will, it's possible to live much longer than the Deacons have always claimed. Ernest wants to believe the heretical notion, but what if it's all a big scam? He might be old enough to qualify for the senior discount, but being around Will leaves him feeling painfully naive...plus a few more intense emotions that are entirely new. Religion, medicine, government--every authority insists thirty is the end of the line, but now the seed of doubt has been planted. Can Ernest summon his inner strength and go against everything he's been taught? He longs to flee the city with Will--but without the Deacons and their Reclaim machine, death will leave his soul trapped in a decaying body for eternity. *Zero Hour* is a full length standalone novel. Does everyone have a certain "type" they end up with...whether they want to or not? If Ray Carlucci's ex is anything to go by, Ray likes his men gorgeous, rebellious, and chock-full of issues. But now that Ray is single again, he has a shot at a fresh start—a very fresh start, since his tattoo shop was gutted by repo men and he can fit all his belongings in the trunk of a cab. Ray's shiny new chauffeur's license lands him a job as a driver for an elderly couple on Red Wing Island. It's a cold fall, and since the Michigan island is the summer home to snowbirds who fly south for the winter, it's practically deserted—save for Ray's new household and a sculptor named Anton Kopec, who works day and night twisting brambles and twine into the distorted shapes of macabre creatures. Compelling, bizarre, and somewhat disturbing...not just the sculptures, but the artist, too. Ray has a feeling Anton is just his "type." Despite their scorching chemistry, when a dead body is unearthed by some workers and a freak ice storm traps them all on the island, Ray can't say for certain that his new flame isn't capable of murder.

Everyone enjoys peace and tranquility, and Victor Bayne is no exception. He goes to great lengths to maintain a harmonious home with his partner, Jacob. Once Jacob surrendered his PsyCop badge, he infiltrated the Federal Psychic Monitoring Program. In his typical restrained fashion, he hasn't been sharing much about what he actually does behind its vigilantly guarded doors. And true to form, Vic hasn't asked. In fact, he would prefer not to think about the FPMP at all, since he's owed Director Dreyfuss an exorcism since their private flight to PsyTrain. While Vic has successfully avoided FPMP entanglement for several months, now his debt has finally come due.

Move over Brothers Grimm, these are not your Mother Goose's fairy

tales. Twisted: that's what Torqued Tales is all about. Taking a familiar fairy tale and turning it a few degrees off center, making it something new. And sexy. The authors of Torqued Tales have taken some of our old favorites, such as Sleeping Beauty, the Little Red Riding Hood, and Pinocchio, and given them a romantic, sensual, and homoerotic slant. Sean Michael, BA Tortuga, Julia Talbot; all of your favorite authors are here, with stories that are as irreverent as they are faithful to tales we all know and love. CB Potts has given the Emperor's New Clothes a hilarious retelling, where two tailors of magical cloth give every man in sight a whole new lease on clothing. Kara Larson's The Nature of the Beast takes on Beauty and the Beast, Kiwi style. And Kiernan Kelly looks at Puss in Boots in a whole new light in The Master Cat. By turns rib-shaking funny and steamy hot, these fairy tales are not the morality plays we remember from our childhood. This light-hearted fantasy anthology will keep you turning the page, eager to get your Grimm on and see what the best Torquere authors can do with a little tradition, a lot of imagination, and healthy dose of heat.--From back cover.
