What kinds of drastic measures will Pfle and her allies take to rescue the brainwashed Shadow Gale and Snow White?

The Latter-Day Saints' Millennial Star Vintage

A gripping new novel from today's "most important African novelist". (The New York Times Review of Books), the internationally acclaimed author of North of Dawn A dozen years after his last visit, Jeebleh returns to his beloved Mogadiscio to see old friends. He is accompanied by his son-in-law, Malik, a journalist intent on covering the region's ongoing turmoil. What greets them at first is not the chaos Jeebleh remembers, however, but an eerie calm enforced by ubiquitous white-robed figures bearing whips. Meanwhile, Malik's brother, Ahl, has arrived in Puntland, the region notorious as a pirates' base. Ahl is searching for his stepson, Taxliil, who has vanished from Minneapolis, apparently recruited by an imam allied to Somalia's rising religious insurgency. The brothers' efforts draw them closer to Taxliil and deeper into the fabric of the country, even as Somalis brace themselves for an Ethiopian invasion. Jeebleh leaves Mogadiscio only a few hours before the borders are breached and raids descend from land and sea. As the uneasy quiet shatters and the city turns into a battle zone, the brothers experience firsthand the derailments of war. Completing the trilogy that began with Links and Knots, Crossbones is a fascinating look at individuals caught in the maw of zealotry, profiteering, and political conflict, by one of our most highly acclaimed international writers.

Gloomy Ruins Everything The History Press

Medusa has lost her head, and her serpents are hunting through the ancient Greek ruins for a new host. So themed is The Ruins haunted house where Luna is a make-up artist. As the Minotaur, the Siren, the Cyclops and a host of mythological beasts take their places for opening night, Luna is thrust into a dark world where her monsters are all too real. Can she survive The Ruins? Written in two acts, this piece is intended to play in the house amid the audience as well as onstage. The Ruins is of adult-theme, with a running-time of approximately 90 minutes, and a flexible cast of 8-20+.

*A Terrible Event for Every Day of the Year* Lulu Press, Inc

Trapped in the Mexican jungle, a group of friends stumble upon a creeping horror unlike anything they could ever imagine.Two young couples are on a lazy Mexican vacation–sun-drenched days, drunken nights, making friends with fellow tourists. When the brother of one of those friends disappears, they decide to venture into the jungle to look for him. What started out as a fun day-trip slowly spirals into a nightmare when they find an ancient ruins site . . . and the terrifying presence that lurks there.

"A new edition with a final chapter written forty years after the explosion."

Vincent's Semi-annual United States Register Vintage

Candid and intimate accounts of the factory-worker tragedy that shaped American labor rights On March 25, 1911, a fire broke out on the eighth floor of the Asch Building in Greenwich Village, New York. The top three floors housed the Triangle Waist Company, a factory where approximately 500 workers, mostly young immigrant women and girls, labored to produce fashionable cotton blouses, known as “waists.” The fire killed 146 workers in a mere 15 minutes but pierced the perpetual conscience of citizens everywhere. The Asch Building had been considered a modern fireproof structure, but inadequate fire safety regulations left the workers inside unprotected. The tragedy of the fire, and the resulting movements for change, were pivotal in shaping workers' rights and unions. A powerful collection of diverse voices, Talking to the Girls: Intimate and Political Essays on the Triangle Fire brings together stories from writers, artists, activists, scholars, and family members of the Triangle workers. Nineteen contributors from across the globe speak of a singular event with remarkable impact. One hundred and eleven years after the tragic incident, Talking to the Girls articulates a story of contemporary global relevance and stands as an act of collective testimony: a written memorial to the Triangle victims.

One wrong decision, and the future will crumble... Skye Levanthe traded everything she owned in order to secure a place for herself and her son, Veridian, in a scavenging camp. But all contracts have an expiration date. Desperate to obtain the

resources they need to survive, Skye agreed to navigate the dangerous ruins of fallen cities to search for tradeable materials. When a strange storm forced Skye and her scavenging partner into forbidden territory controlled by The Omni Towers, a ruin collapsed, nearly taking their lives and destroying countless others. Only one other person survived the ruin collapse: a mysterious young girl named Kayla. Faced with the decision to save her son or abandon her new foster daughter to a terrible fate, Skye agreed to the only possible course of action—to go into exile and take on the Omni traders in their own den. No one ever said survival would be easy. And every choice has consequences. The Omni Towers is an exciting post-apocalyptic fantasy series with romantic elements and shocking twists. Join Skye as she unearths the secrets of the past and discovers a hidden world no one thought was possible.

**Summer Ruins** Alameda Casa Editorial

"Readers should have tissues at hand before beginning Bishop's affecting story. This incredible and empathetic story is a testament to the powers of forgiveness, fellowship, and redemption." --Publishers Weekly Starred Review The heart-stirring story of how the father of a young woman killed in the Oklahoma City bombing and the father of her killer, Timothy McVeigh, forged an unlikely friendship and found forgiveness. In what was to become the deadliest attack on American soil since Pearl Harbor, the Oklahoma City bombing was one in a long line of violent attacks that have left communities across the nation searching for healing and hope. With the soaring message of the power of love to conquer evil, Grace from the Rubble tells the intertwining stories of four captivating individuals: Julie Welch, a young professional full of promise, and Tim McVeigh, the troubled mind behind the horrific event; Bud Welch, a father whose only daughter (Julie) was murdered, and Bill McVeigh, the father of her killer. With searing details by first-hand witnesses, including the Governor of Oklahoma, masterful storyteller Jeanne Bishop describes the suspenseful scenes leading up to that fateful day and the dramatic events afterward as one father buried his daughter and the other saw his only son arrested and tried for mass murder. Vivid and haunting, this true story is rich with memories and beautiful descriptions of the nation's heartland, a place of grit and love for neighbors and family. Bishop tells how murder affected her own family and led her to meet Bud and, ultimately, how she learned to see humanity amidst inhuman violence. With compassion for all who have been touched by tragedy, this poignant narrative will touch your heart with the astonishing forgiveness that led to an extraordinary friendship.

A novel which was the winner of the 1997 New York U. Press Prize for Fiction. Follows the story of a shoe-shine boy in an apocalyptic city, his rise in the world of the city's politics, and his eventual fall. Annotation copyrighted by Book News, Inc., Portland, OR

*The Ruins of Ambrai* The Ruins

In 1981 the sudden collapse of two skywalks in Kansas City’s Hyatt hotel killed 114 people and injured another 200. There never was a public trial, nor a full airing of everything that went wrong. Richard A. Serrano shared a Pulitzer Prize for his coverage of the disaster at the time; now he returns to the tragedy to learn all that went wrong, how it could have been avoided, and what lasting effects persist today—for engineering and the legal system, but most importantly those who suffered. Drawing on legal depositions, evidentiary material, and recollections from 240 survivors, first responders, and construction officials, Buried Truths and the Hyatt Skywalks is the story of this monumental catastrophe and what it teaches us today. The Friday evening Tea Dance was all the rage that summer of 1981. Each week the lobby filled with throngs of revelers, some celebrating atop the skywalks themselves. On July 17, without warning, the steel support systems buckled and the concrete and glass skywalks crashed onto the crowded lobby. The devastation reverberated far beyond the ruins. Firefighters, police officers, and paramedics suffered from deep depression, cycled through divorce, hit the bottle, and in some instances committed suicide. The hotel had been built using a new fast-track method with key construction decisions often made on the fly, including changing the skywalk design from six heavy hanger rods to twelve thinner poles. Within a year the skywalks were splintering inside. Even then the collapse could have been averted, but special inspection panels to check the hanging walkways were never opened. Though wholly avoidable, the Hyatt disaster did bring significant changes—some good and some problematic. Tougher industry guidelines were enforced for US construction projects. Police officers, firefighters, and health care workers are now treated for PTSD and other psychological trauma after working a tragic event. But the rush to settle all the Hyatt lawsuits helped usher in a controversial new era of nondisclosure agreements. Buried Truths and the Hyatt Skywalks explores America’s worst structural engineering disaster. Though the world has moved on, survivors and witnesses still vividly recall that night. This is their story.

**Two Fathers' Road to Reconciliation after the Oklahoma City Bombing** Random House (UK)

After supporting Préval as the indispensable President of Haiti, the United States and France grew increasingly antagonistic to him and were bent on preventing the election of his handpicked successor, Jude Célestin. In fact, Seitenfus reveals that this antagonism reached the point where the Core Group led by Mulet attempted to remove Préval from office and send him into exile. Had it not been for the intervention of Seitenfus himself, Préval might well have had in Mulet's words "to leave the presidency and abandon Haiti." While the Core group failed to carry this gross and illegal coup, it nonetheless succeeded in creating a process that changed the results of the first round of the presidential elections and opened the way to Martelly's election in the second round. Seitenfus' explosive revelations are of great significance and deserve to be known by a wide audience. In addition, Seitenfus expands the thoughts he initially developed in an interview published in December 2010 that was highly critical of the international intervention in Haiti and that ultimately led to his firing by the OAS. Haiti: International Dilemmas and Failures shows convincingly that the intervention has been a failure. It has not contributed to any significant economic development, it has failed to stabilize the democratic transition, and it has a deeply flawed record on establishing the institutions required for a secure environment. He also makes the case that the agreements signed between the Haitian government and the UN allowing MINUSTAH to take control of the country were illegal; they lacked the endorsement of Haiti's president, and were thus unconstitutional. Seitenfus is not only critical of the foreign community; he has harsh words for the behavior of Haiti's venal political class and predatory elite. While he has good things to say about Préval, he is right in condemning his anarchic disdain for institutions and his slow and hesitant reaction to the earthquake. Préval was no dictator and probably did more for national reconciliation than any other Haitian leader, but he lacked a sense of purpose to guide the country in the aftermath of the devastating earthquake. In conclusion, Seitenfus has written a provocative and most persuasive and detailed account of the travail of the foreign occupation of Haiti. It will attract a wide audience; "Haitianists," academics and

professionals studying international relations, humanitarian interventions, the Caribbean, Latin America, and the UN will be interested in Haiti: International Dilemmas and Failures. Seitenfus has thus written an important and critical book that will become a must read for anyone interested in Haiti, development, and humanitarian interventions. He shows persuasively that the type of foreign assistance that Haiti has been receiving does more harm than good. I am convinced that Haiti: International Dilemmas and Failures will be a major reference in Haitianist circles for a long time to come; it is an eloquent challenge to the prevailing system of foreign assistance and imperial interference. It is the work of a brave man and real humanist. July 21 2020 Robert Fatton Jr. Julia Cooper Professor of Politics Department of Politics University of Virginia

*A Play in Two Acts* Polyethnic

In a world gone to hell, it's hard to tell the good guys from the bad... The world didn't end in fire and explosions, instead it collapsed slowly, like falling dominoes, an intensifying panic of disease, food shortages, wild weather and collapsing economies, until what remained of humanity battles for survival in a harsh new reality. Charity uses lethal survival skills learned too early in her work as a 'Hound, sniffing out pivotal secrets for one of the most powerful people on the west coast. Her work is deceptive, deadly, and best performed solo, which means when she has a run-in with a member of the notorious Fate's Vultures, she has no intention of joining forces in some mockery of teamwork. The man might be sexy as hell, but she travels alone. She will accomplish her mission and she will settle a score – hopefully with the edge of her blade. But fate has other plans. As one of Fate's Vultures, a nomadic band of arbitrators known for their ruthless verdicts, Ruin witnesses the carnage of corruption and greed battering the remnants of humanity, and he bears the scars to prove it. Now he has a damn 'Hound showing up in suspicious circumstances, leaving every cell of his body sceptical – and painfully aroused. The woman is trouble, and Ruin has every intention of steering clear. But when they realise they have a common enemy, Charity and Ruin will have to set aside their distrust if they want to achieve their mutual goal – justice and revenge. Sometimes, when the world's gone to hell, it's better to stick with the devil you know...

*Containing Accounts of Fires Throughout the United States, as Well as Other Countries* New Village Press

For the past four and half years, the veteran foreign correspondent for the "Washington Post" has traveled through South Asia following religious conflicts, political crises, and natural disasters. Zondervan

When two aliens meet on a foreign planet, one is willfully lost. The other is friendly but sad. As both impart their wisdom on the other, each walks away with a different perspective on life and loneliness. Within a collection of short tales, Mary Johnson leads others down an imaginative path that explores the ecstasy and the agony of life examined from an intimate panorama. When a man signs up for a speed dating shindig, he does not expect to find depth and love at first sight. But as he is about to discover, life is full of serendipitous moments. When Orner Thomas receives an in-flight note from his travel companion, Caron, he decides not to open it, taking back control over his destiny. Opal is a makeup artist who holds her lovers at a distance. Now as she ends another soul-tying love affair with yet another transient straggler far from home, Opal reaffirms to herself that she is not responsible for her lovers' happiness. Strange Ruins: Volume I is a collection of short stories filled with diverse characters on unique journeys through life.

*Before the Ruins* Vintage

Chloe will not be playing with you, ever. You are banned from playtime.Gloomy the ragdoll thought things were finally starting to go his way when a kindhearted little girl rescued him off the street. Unfortunately, though, her other toys are as bigoted as they are beautiful. Repulsed by Gloomy’s dreadful, stitched-up appearance and neurotic behavior, they deem him unworthy of their owner’s love and banish the poor ragdoll to a junk closet. ¿However, Gloomy refuses to accept their decision. With help from some fellow exiles known as The Misfits, he tries to win everyone’s affection by performing a good deed. His plans are well-intentioned but they accidentally result in the death of a beloved toy! As the ragdoll scrambles to avoid suspicion, the world’s cutest murder-mystery kicks into high gear, leading to a mad spiral of vengeance, blackmail, rebellion, and strange romance. If the others find out what actually happened, it could cost the ragdoll more than his playtime; it could cost him his life! ¿Pushing the concept of living toys to unusual extremes, Gloomy Ruins Everything is a dark (mis)adventure with a twisted sense of humor.

*The Cat in the Ruins* HarperCollins Australia

'Engrossing, beguiling, and with an undertow of menace, Before the Ruins is a masterly debut from a richly talented author.' Sarah Waters 'Jaw-droppingly brilliant writing' Marian Keyes Andy believes that she has left her past far behind her. But when she gets a call from Peter's mother to say he's gone missing, she finds herself pulled into a search for answers. Bored and restless after their final school exams, Andy, Peter, Em and Marcus broke into a ruined manor house nearby and quickly became friends with the boy living there. Blond, charming and on the run, David's presence was as dangerous as it was exciting. The story of a diamond necklace, stolen from the house fifty years earlier and perhaps still lost somewhere in the grounds inspired the group to buy a replica and play at hiding it, hoping to turn up the real thing along the way. But the game grew to encompass decades of resentment, lies and a terrible betrayal. Now, Andy's search for Peter will unearth unimaginable secrets - and take her back to the people who still keep them.

*Queens* Yen Press LLC

Amid the turmoil of the summer of 1968, teenaged lovers Emily and William, drawn together by physical passion and idealistic fervor, run away to build a new life together in the wilderness, leaving behind parents whose own lives suddenly take an entirely different course and an America about to lose its innocence forever. By the author of In the Deep Midwinter. Reprint. 40,000 first printing.

The Omni Towers Series, Prequel Potomac Books, Inc.

For the Ruin family in 1970s California, as described by the precocious young Inez, life is complex. Her father, Paul, is self-obsessed, intrusive, and brilliant. He's also twice divorced, leaving Inez to bounce between two worlds and embracing neither-that of Paul's bohemian life in San Francisco and the more sedate world of her mother Connie, a Latin bombshell who plays tennis and attends EST seminars in the suburbs. As Inez progresses through high school we are witness to a remarkable family saga that renders a strange and fascinating slice of America in transition-one like the Ruins of California themselves, at once bold and innocent, creative and chaotic, obsessed and liberating.

*Salt on the Snow* Penguin

Using monuments and ruins by way of illustration, this fascinating book examines the symbolic, ideological, geographical and aesthetic importance of Greek classical iconography for the Western world. It shows the ways in which archaeology and

monumentality affect modern life, our notions of nationhood, of place, of self - and the limits and possibilities imposed by the need to ensure ruins are kept 'alive'.
