Hank Haney's candid, surprisingly insightful account of his tumultuous six-year journey with Tiger Woods, during which the supremely gifted golfer collected six major championships and rewrote golf history. Hank was one of very few people allowed behind the curtain and observed Tiger in nearly every circumstance. There's never been a book about Tiger that is as intimate and revealing--or as wise about what it takes to coach a star athlete. From 2004 to the spring of 2010, Hank Haney was Tiger Woods's coach, and Tiger was Haney's only client. In that period, Tiger won more than a third of the tournaments he entered and six of his fourteen major titles. Haney felt hugely honored to help Tiger with his swing, and he approached the job with intense absorption and attention to detail. Haney was with Tiger 110 days a year, spoke to him over 200 days a year, and stayed at Tiger's house up to 30 days a year--sometimes affording him more contact with Tiger than either the athlete's agent or caddy. Haney saw his student in nearly every circumstance: in the locker room; on the course; with his wife, Elin; and relaxing with friends. Haney was there through it all, observing how Tiger's public identity sometimes meshed awkwardly with the roles of husband and friend, and how the former child prodigy came to have a conflicted relationship with the game that made him famous.

In the highly anticipated sequel to her New York Times bestseller Etched in Sand, Regina Calcaterra pairs with her youngest sister Rosie to tell Rosie's harrowing, yet ultimately triumphant, story of childhood abuse and survival. They were five kids with five different fathers and an alcoholic mother who left them to fend for themselves for weeks at a time. Yet through it all they had each other. Rosie, the youngest, is fawned over and shielded by her older sister, Regina. Their mother, Cookie, blows in and out of their lives "like a hurricane, blind and uncaring to everything in her path." But when Regina discloses the truth about her abusive mother to her social worker, she is separated from her younger siblings Norman and Rosie. And as Rosie discovers after Cookie kidnaps her from foster care, the one thing worse than being abandoned by her mother is living in Cookie's presence. Beaten physically, abused emotionally, and forced to labor at the farm where Cookie settles in Idaho, Rosie refuses to give in. Like her sister Regina, Rosie has an unfathomable strength in the face of unimaginable hardship—enough to propel her out of Idaho and out of a nightmare. Filled with maturity and grace, Rosie's memoir continues the compelling story begun in Etched in Sand—a shocking yet profoundly moving testament to sisterhood and indomitable courage.

Image of Love: Experiencing God's Purpose for Your Life Through the Image in which You Were Created St. Martin's Paperbacks

The radiant, posthumous second novel by the visionary author of Invisible Man, featuring an introduction and a new postscript by Ralph Ellison's literary executor, John F. Callahan, and a preface by National Book Award-winning author Charles Johnson "Ralph Ellison's generosity, humor and nimble language are, of course, on display in Juneteenth, but it is his vigorous intellect that rules the novel. . . . A majestic narrative concept."—Toni Morrison In Washington, D.C., in the 1950s, Adam Sunraider, a race-baiting senator from New England, is mortally wounded by an assassin's bullet while making a speech on the Senate floor. To the shock of all who think they know him, Sunraider calls out from his deathbed for Alonzo Hickman, an old black minister, to be brought to his side. The reverend is summoned; the two are left alone. "Tell me what happened while there's still time," demands the dying Sunraider. Out of their conversation, and the inner rhythms of memories whose weight has been borne in silence for many long years, a story emerges. Senator Sunraider, once known as Bliss, was raised by Reverend Hickman in a black community steeped in religion and music (not unlike Ralph Ellison's own childhood home) and was brought up to be a preaching prodigy in a joyful black Baptist ministry that traveled throughout the South and the Southwest. Together one last time, the two men retrace the course of their shared life in an "anguished attempt," Ellison once put it, "to arrive at the true shape and substance of a sundered past and its meaning." In the end, the two men confront their most painful memories, memories that hold the key to understanding the mysteries of kinship and race that bind them, and to the senator's confronting how deeply estranged he had become from his true identity. In Juneteenth, Ralph Ellison evokes the rhythms of jazz and gospel and ordinary speech to tell a powerful tale of a prodigal son in the twentieth century. At the time of his death in 1994, Ellison was still expanding his novel in other directions, envisioning a grand, perhaps multivolume, story cycle. Always, in his mind, the character Hickman and the story of Sunraider's life from birth to death were the dramatic heart of the narrative. And so, with the aid of Ellison's widow, Fanny, his literary executor, John Callahan, has edited this magnificent novel at the center of Ralph Ellison's forty-year work in progress—its author's abiding testament to the country he so loved and to its many unfinished tasks.

John Wayne Gacy. Jeffrey Dahmer. The names of notorious serial killers are usually well-known; they echo in the news and in public consciousness. But most people have never heard of Israel Keyes, one of the most ambitious and terrifying serial killers in modern history. The

FBI considered his behavior unprecedented. Described by a prosecutor as "a force of pure evil," Keyes was a predator who struck all over the United States. He buried "kill kits"--cash, weapons, and body-disposal tools--in remote locations across the country. Over the course of fourteen years, Keyes would fly to a city, rent a car, and drive thousands of miles in order to use his kits. He would break into a stranger's house, abduct his victims in broad daylight, and kill and dispose of them in mere hours. And then he would return home to Alaska, resuming life as a quiet, reliable construction worker devoted to his only daughter. When journalist Maureen Callahan first heard about Israel Keyes in 2012, she was captivated by how a killer of this magnitude could go undetected by law enforcement for over a decade. And so began a project that consumed her for the next several years--uncovering the true story behind how the FBI ultimately caught Israel Keyes, and trying to understand what it means for a killer like Keyes to exist. A killer who left a path of monstrous, randomly committed crimes in his wake--many of which remain unsolved to this day. *American Predator* is the ambitious culmination of years of interviews with key figures in law enforcement and in Keyes's life, and research uncovered from classified FBI files. Callahan takes us on a journey into the chilling, nightmarish mind of a relentless killer, and to the limitations of traditional law enforcement.

Wynema: A Child of the Forest (1891) is a novel by Muscogee American writer Sophia Alice Callahan. Published when the author was only 23 years old, *Wynema: A Child of the Forest* is the first novel written by an American Indian woman. Although it gained little, if any, attention upon publication, the novel was rediscovered and reprinted in 1997. *Wynema: A Child of the Forest* is an essential record of the Massacre at Wounded Knee and the subsequent Lakota Ghost Dance movement, a work of fiction which looks at the suffering of American Indians through the eyes of an assimilated Muscogee woman, a character not unlike Callahan herself. *Wynema* is a young Muscogee girl. Raised in Indian Territory, she is educated in English and becomes a teacher at a local mission school. There, she befriends a white coworker, whose brother she eventually marries. In time, the couple gives birth to a child and begins to raise their family. However, following the Massacre at Wounded Knee, and horrified by stories of orphaned Lakota children left to fend for themselves, *Wynema* and her husband decide to expand their family by adopting a young Lakota girl. Through this family narrative, Callahan examines the assimilation of American Indians into Western culture while providing a critical comparison of Christianity and the Ghost Dance religion. In its description of the events at Wounded Knee, the novel portrays heroic Lakota women risking their lives to save children from the onslaught of American soldiers, a circumstance unreported in the press's presentation of the Massacre. *Wynema: A Child of the Forest* is an important and vastly unknown novel from the first woman novelist of American Indian heritage. With a beautifully designed cover and professionally typeset manuscript, this edition of Sophia Alice Callahan's *Wynema: A Child of the Forest* is a classic of American Indian literature reimagined for modern readers.
