corner--or just under your feet! Stanley Yelnats is under a curse. A curse that began with his no-good-dirty-rotten-pig-stealing-great-great-grandfather and has since followed generations of Yelnatses. Now Stanley has been unjustly sent to a boys' detention center, Camp Green Lake, where the boys build character by spending all day, every day digging holes exactly five feet wide and five feet deep. There is no lake at Camp Green Lake. But there are an awful lot of holes. It doesn't take long for Stanley to realize there's more than character improvement going on at Camp Green

Lake. The boys are digging holes because the warden is looking for something. But what could be buried under a dried-up lake? Stanley tries to dig up the truth in this inventive and darkly humorous tale of crime and punishment—and redemption. "A smart jigsaw puzzle of a novel." —New York Times
*Includes a double bonus: an excerpt from *Small Steps*, the follow-up to *Holes*, as well as an excerpt from the New York Times bestseller *Fuzzy Mud*.
Tuck Everlasting
Harper Collins
It's a murder mystery on the moon in this

humorous and suspenseful space adventure from the author of *Belly Up* and *Spy School* that The New York Times Book Review called "a delightful and brilliantly constructed middle grade thriller." Like his fellow lunarnauts—otherwise known as Moonies—living on Moon Base Alpha, twelve-year-old Dashiell Gibson is famous the world over for being one of the first humans to live on the moon. And he's bored out of his mind. Kids aren't allowed on the lunar surface, meaning they're trapped inside the tiny moon base with next to nothing to occupy their

time—and the only other kid Dash’s age spends all his time hooked into virtual reality games. Then Moon Base Alpha’s top scientist turns up dead. Dash senses there’s foul play afoot, but no one believes him. Everyone agrees Dr. Holtz went onto the lunar surface without his helmet properly affixed, simple as that. But Dr. Holtz was on the verge of an important new discovery, Dash finds out, and it’s a secret that could change everything for the Moonies—a secret someone just might kill to keep... Parenting Matters Candlewick Press

It is 1943 and for 10 year old Annemarie life is still fun. But there are worries too - the Nazis have occupied Copenhagen and there are food shortages, curfews and the threat of being stopped by soldiers and Annemarie's best friend is a Jew. Maniac Magee Lerner Publishing Group An updated version of the timeless children's classic featuring a business-savvy mouse, a kind alley cat, and a talented country cricket, featuring a new foreword and revisions by YA author Stacey Lee. Tucker is a streetwise city mouse. He thought

he'd seen it all. But he's never met a cricket before, which really isn't surprising, because, along with his friend Harry Cat, Tucker lives in the very heart of New York City—the Times Square subway station. Chester Cricket never intended to leave his Connecticut meadow. He'd be there still if he hadn't followed the entrancing aroma of liverwurst right into someone's picnic basket. Now, like any tourist in the city, he wants to look around. And he could not have found two better

guides—and friends—than Tucker and Harry. The trio have many adventures—from taking in the sights and sounds of Broadway to escaping a smoky fire. Chester makes a third friend, too. It is a boy, Mario, who rescues Chester from a dusty corner of the subway station and brings him to live in the safety of his parents' newsstand. He hopes at first to keep Chester as a pet, but Mario soon understands that the cricket is more than that. Because Chester has a hidden talent and no one—not even

Chester himself—realizes that the little country cricket may just be able to teach even the toughest New Yorkers a thing or two. The Cricket in Times Square is George Selden at his best, and the new illustrations and interior images by Garth Williams make this edition a special treat. Vocabulary from Word Roots Grade 6 Kit eBookTeacher Created Materials The Five Love Languages Simon and Schuster Names in Focus delves deep into the vast field of Finnish onomastics, covering place names, personal names, animal names, commercial names and names in literature. It provides the history and current trends in this area of research,

and also supplements international terminology with the Finnish point of view on the subject. Brimming with examples and clear explanations, the book can be enjoyed by the most studious of researchers as well as the casual reader who has a genuine interest in the study of names. Torah Today Teacher Created Materials In The 5 Love Languages, you will discover the

secret that has transformed millions of relationships worldwide. Whether your relationship is flourishing or failing, Dr. Gary Chapman's proven approach to showing and receiving love will help you experience deeper and richer levels of intimacy with your partner starting today.

Assessment Test Introduction.
Suomalaisen Kirjallisuuden Seura
Critically acclaimed when it was first published, Tuck Everlasting has become a much-loved, well-studied modern-day classic. This anniversary edition features an in-depth interview conducted by Betsy Hearne in which Natalie Babbitt takes a look at Tuck Everlasting twenty-five years later. What if you

could live forever? Is eternal life a blessing or a curse? That is what young Winnie Foster must decide when she discovers a spring on her family's property whose waters grant immortality. Members of the Tuck family, having drunk from the spring, tell Winnie of their experiences watching life go by and never growing older. But then Winnie must decide whether or not to keep the Tucks' secret—and whether or not to join them on

their never-ending journey. Praise for Tuck Everlasting by Natalie Babbitt: "A fearsome and beautifully written book that can't be put down or forgotten." —The New York Times "Exciting and excellently written." —The New York Times Book Review "With its serious light touch the story is, like the Tucks, timeless." —Chicago Sun-Times "Probably the best work of our best children's novelist." —Harper's "Natalie

One summer's day, ten-year-old India Opal Buloni goes down to the local supermarket</p>	<p>for some groceries - and comes home with a dog. But Winn-Dixie is no ordinary dog. It's because of Winn-Dixie that Opal begins to make friends. And it's because of Winn-Dixie that she finally dares to ask her father about her mother, who left when Opal was three. In fact, as Opal admits, just about everything that happens that summer is because of Winn-Dixie. Featuring a new cover illustration by E. B. Lewis and an excerpt of Kate</p>
---	---	---

DiCamillo's newest novel, Raymie Nightingale. **Space Case** Houghton Mifflin Harcourt A powerful novel about friendship, basketball, and one teen's mission to create a better life for his family. Written in the tradition of Jason Reynolds, Matt de la Pe a, and Walter Dean Myers, After the Shot Drops now has three starred reviews * "Belongs on the shelf alongside contemporary

heavy-hitters like Angie Thomas's The Hate U Give, Brendan Kiely and Jason Reynolds's All-American Boys, and Nic Stone's Dear Martin."-- School Library Journal, starred review Bunny and Nasir have been best friends forever, but when Bunny accepts an athletic scholarship across town, Nasir feels betrayed. While Bunny tries to fit in with his new, privileged peers, Nasir spends more time with his cousin, Wallace, who is being evicted.

Nasir can't help but wonder why the neighborhood is falling over itself to help Bunny when Wallace is in trouble. When Wallace makes a bet against Bunny, Nasir is faced with an impossible decision--maybe a dangerous one. Told from alternating perspectives, After the Shot Drops is a heart-pounding story about the responsibilities of great talent and the importance of compassion. **Out of the Dust** Penguin Strange changes are

taking place in Village. Once a utopian community that prided itself on its welcome to new strangers, Village will soon be closed to all outsiders. As one of the few people able to travel through the dangerous Forest, Matty must deliver the message of Village's closing and try to

convince Seer's daughter to return with him before it's too late. But Forest has become hostile to Matty as well, and he must risk everything to fight his way through it, armed only with an emerging power he cannot yet explain or understand. This ebook includes a sample chapter of SON.

Tracker Penguin
Bare feet shouldn't fly. Long legs shouldn't spin. Braids shouldn't flap in the wind. 'Sit on the porch and be a lady,' Papa scolded Alice. In Alice's Georgia hometown, there was no track where an African-American girl could practice, so she made her own crossbar with sticks and rags. With the support of her coach, friends, and community, Alice started to win medals. Her dream to compete at the

Olympics came true in 1948. This is an inspiring free-verse story of the first African-American woman to win an Olympic gold medal. Photos of Alice Coachman are also included.

The Giver - Teacher Guide

Simon and Schuster

The central element of Jewish worship is the yearly cycle of reading the first five books of the Bible, the Five Books of Moses, called the Torah in Hebrew. Torah Today, a compilation of fifty-four

essays that grew out of Pinchas Peli's Torah column in the Jerusalem Post, comments upon the weekly readings from the Torah. Written in a wonderfully clear style, each essay brings the reader closer to the rich spiritual world of Torah as it confronts the challenges of modern society. This reissue of Torah Today, with a new preface by Rabbi Harold M. Schulweis, makes this classic work available to a new generation of Bible students.

Parents help
children
build and

refine their knowledge and skills, charting a trajectory for their health and well-being during childhood and beyond. The experience of parenting also impacts parents themselves. For instance, parenting can enrich and give focus to parents' lives; generate stress or calm; and

create any number of emotions, including feelings of happiness, sadness, fulfillment, and anger. Parenting of young children today takes place in the context of significant ongoing developments. These include: a rapidly growing body of science on early childhood, increases in funding for programs and

services for families, changing demographics of the U.S. population, and greater diversity of family structure. Additionally, parenting is increasingly being shaped by technology and increased access to information about parenting. Parenting Matters identifies parenting knowledge,
