From a winner of the Nobel Prize
in Literature, the twentieth-
century drama that was called
“the finest verse play since the

Elizabethans” (The New York Times). This modern verse play by the author of *The Waste Land*, “The Love Song of J. Alfred Prufrock,” and other modern masterpieces deals with the problem of man’s guilt—and his need for expiation through his acceptance of responsibility for the sin of humanity. It reveals the depth and versatility of a twentieth-century writer who excelled as both a poet and a dramatist. “What poets and playwrights have been fumbling at in their desire to put poetry into drama and drama into poetry has here been realized.” —The New York Times

We belong to them.” The child of South Asian migrants, Kazim Ali was born in London, lived as a child in the cities and small towns of Manitoba, and made a life in the United States. As a man passing through disparate homes, he has never felt he belonged to a place. And yet, one day, the celebrated poet and essayist finds himself thinking of the boreal forests and lush waterways of Jenpeg, a community thrown up around the building of a hydroelectric dam on the Nelson River,

where he once lived for several years as a child. Does the town still exist, he wonders? Is the dam still operational? When Ali goes searching, however, he finds not news of Jenpeg, but of the local Pimicikamak community. Facing environmental destruction and broken promises from the Canadian government, they have evicted Manitoba’s electric utility from the dam on Cross Lake. In a place where water is an integral part of social and cultural life, the community demands accountability for the harm that the utility has caused. Troubled, Ali returns north, looking to understand his place

in this story and eager to listen. Over the course of a week, he participates in community life, speaks with Elders and community members, and learns about the politics of the dam from Chief Cathy Merrick. He drinks tea with activists, eats corned beef hash with the Chief, and learns about the history of the dam, built on land that was never ceded, and Jenpeg, a town that now exists mostly in his memory. In building relationships with his former neighbors, Ali explores questions of land and power?and in remembering a lost connection to this place, finally finds a home he might belong to.

Origin and Ellipsis in the Writing of Hilary Mantel provokes a re-engagement with Derrida's thinking in contemporary literature, with particular emphasis on the philosopher's preoccupation with the process of writing. This is the first book-length study of Mantel's writing, not just in terms of Derrida's thought, but through any critical perspective or lens to date.

England Under the Tudors Giving Up the Ghost

At once hilarious and incredibly moving, Giving Up the Ghost is a

memoir of lost love and second chances, and a ghost story like no other. Eric Nuzum is afraid of the supernatural, and for good reason: As a high school oddball in Canton, Ohio, during the early 1980s, he became convinced that he was being haunted by the ghost of a little girl in a blue dress who lived in his parents' attic. It began as a weird premonition during his dreams, something that his quickly diminishing circle of friends chalked up as a way to get attention. It ended with Eric in a mental ward, having apparently destroyed his life before it truly began. The only thing that kept him from the brink: his friendship with a girl named Laura, a classmate who was equal parts devoted friend and enigmatic crush.

With the kind of strange connection you can only forge when you're young, Laura walked Eric back to "normal"—only to become a ghost herself in a tragic twist of fate. Years later, a fully functioning member of society with a great job and family, Eric still can't stand to have any shut doors in his house for fear of what's on the other side. In order to finally confront his phobia, he enlists some friends on a journey to America's most haunted places. But deep down he knows it's only when he digs up the ghosts of his past, especially Laura, that he'll find the peace he's looking for.

With all this to worry about, how can Isabel even begin to understand what is going on in the Axon household? Wave HarperCollins UK From the author of *Bunny*, which Margaret Atwood hails as "genius," comes a "wild, and exhilarating" (Lauren Groff) novel about a theater professor who is convinced staging Shakespeare's most maligned play will remedy all that ails her—but at what cost? Miranda Fitch's life is a waking nightmare. The accident that ended her burgeoning acting career left her with excruciating chronic back pain, a failed marriage, and a deepening

dependence on painkillers. And now, she's on the verge of losing her job as a college theater director. Determined to put on Shakespeare's *All's Well That Ends Well*, the play that promised and cost her everything, she faces a mutinous cast hellbent on staging *Macbeth* instead. Miranda sees her chance at redemption slip through her fingers. That's when she meets three strange benefactors who have an eerie knowledge of Miranda's past and a tantalizing promise for her future: one where the show goes on, her rebellious students get what's coming to them, and

the invisible doubted pain that kept her from the spotlight is made known. With prose Margaret Atwood has described as "no punches pulled, no hilarities dodged...genius," Mona Awad has concocted her most potent, subversive novel yet. *All's Well* is a "fabulous novel" (Mary Karr) about a woman at her breaking point and a formidable, piercingly funny indictment of our collective refusal to witness and believe female pain. *Ask Me About My Uterus* HarperCollins UK
Why are there so few women in politics? Why is public

space, whether it's the street or social media, still so inhospitable to women? What does Carrie Fisher have to do with Mary Wollstonecraft? And why is a wedding ceremony Satan's playground? These are some of the questions that bestselling author and acclaimed journalist Elizabeth Renzetti examines in her new collection of original essays. Drawing upon her decades of reporting on feminist issues, *Shrewed* is a book about feminism's crossroads. From Hillary Clinton's failed campaign to

the quest for equal pay, from the lessons we can learn from old ladies to the future of feminism in a turbulent world, Renzetti takes a pointed, witty look at how far we 've come — and how far we have to go. If Nellie McClung and Erma Bombeck had an IVF baby, this book would be the result. If they 'd lived at the same time. And in the same country. And if IVF had been invented. Well, you get the point.

‘ Anyone who writes about the Tudor century puts his head into a number of untamed lions ’ mouths. ’ G.R. Elton, Preface Geoffrey Elton (1921 – 1994) was one of the great historians of the Tudor period. England Under the Tudors is his major work and an outstanding history of a crucial and turbulent period in British

and European history. Revised several times since its first publication in 1955, England Under the Tudors charts a historical period that witnessed monumental changes in religion, monarchy, and government – and one that continued to shape British history long after.

Spanning the commencement of Henry VII's reign to the death of Elizabeth I, Elton ’ s magisterial account is populated by many colourful and influential characters, from Cardinal Wolsey, Thomas Cranmer, and Thomas Cromwell to Henry VIII and Mary Queen of Scots. Elton also examines aspects of

the Tudor period that had been previously overlooked, such as empire and commonwealth, agriculture and industry, seapower, and the role of the arts and literature. This Routledge Classics edition includes a new foreword by Diarmaid MacCulloch.

After a sobering, do-it-yourself divorce, Colette is at a loss for what to do next. Convinced that she is due an out-of-hand, life-affirming revelation, she strays into the realm of psychics and clairvoyants,

hungry for a whisper to set her off in the right direction. At a psychic fair in Windsor she meets the charismatic Alison. Alison, the daughter of a prostitute, beleaguered during her childhood by the pressures of her connection to the spiritual world, lives in a different kind of solitude. She cannot escape the dead who speak to her, least of all the constant presence of Morris, her low-life spiritual guide. An expansive presence onstage, Alison at once feels her bond with Colette, inviting her to join her on the road as her personal assistant and companion. Troubles spiral out of control when the pair moves to a suburban wasteland in what was once the English countryside and take up

with a spirit guide and his drowned therapist. It is not long before Alison's connection to the place beyond black threatens to uproot their lives forever. This is Hilary Mantel at her finest- insightful, darkly comic, unorthodox, and thrilling to read.
