A god-touched vigilante. Powerful rivalries. A desperate plan. After a hollow victory at God's Tower, Garrick seeks vengeance from mages who have wronged him. But a call from Darien brings him back to Dorfort, and the machinations of his god-like superior take him to Rastella, a cold and distant plane that is ruled by a man who has stolen control of the plane's magic. All the while, the remaining mages of the Koradictine order, thought to be devastated after the battle at God's Tower, hatch a breathtaking plan to reclaim their glory. Pawn of the Planewalker follows Garrick as he discovers the vastness of Existence. Can Garrick save magic in Rastella? Will doing so create greater disturbance elsewhere? Can he return to his own plane in time to save those he loves? And, finally, what part must Garrick play in the schemes of the planewalker who controls the very power that drives him? The answers to these questions will define the course of history.

Ultimate power. Treachery. A battlefield of pure magic. Garrick has destroyed a god-like planewalker, and now finds himself shunned by his superior and marked for death by the Lords of Existence. He also discovers his powers have grown to monstrous proportions, and realizes that if he loses control now he may well destroy all life in Dorfort, and perhaps even across the entire plane of Aduin. As Garrick retreats to a sanctuary deep inside the ruins of the underground city of Ardeveer, the Lectodinian order seizes the opportunity to unleash their plans to storm the plane. Meanwhile, the ruling powers of Existence decide that the easiest way to punish Garrick is to exterminate Aduin. In Lords of Existence Garrick confronts his own humanity, his banished superior, and human leaders who refuse to see the truth as he takes his fight against the planewalkers all the way into the world of All of Existence itself. To win he may have to make the ultimate sacrifice, and every life in Aduin hangs in the balance.

A desolate plane. A devastated order of mages. A planewalker hungry for revenge. Garrick has agreed to lead the independent Torean mages, if for no other reason than to protect them from deceit and trickery of the god-like planewalkers. But when he returns to Dorfort, he finds the high superior of the Koradictine order has kidnapped Will, the boy Garrick had taken under wing. Devastated, he vows to retrieve the boy, a choice that results in being disowned by the twisted planewalker who is his mage superior. Meanwhile, the Lectodinian order launches a winter offensive designed to gain control of magic across Aduin, and the remnants of the Koradictine leadership joust for position as they enact a desperate ploy to survive. Changing of the Guard, Garrick is on his own as he hunts the Koradictine high superior through a trail that leads through demonic underplanes and mystical time warps. Can he survive the planes without his superior's aid? Can he save the boy? And perhaps more important, what will remain of the orders if he survives? The results will change the face of Aduin forever.
