Math Connects: Concepts, Skills, and Problem Solving was written by the authorship team with the end results in mind. They looked at the content needed to be successful in Geometry and Algebra and backmapped the development of mathematical content, concepts, and procedures to PreK to ensure a solid foundation and seamless transition from grade level to grade level. The series is organized around the new NCTM Focal Points and is designed to meet most state standards. *Math Connects* focuses on three key areas of vocabulary to build mathematical literacy, intervention options aligned to RtI, and a comprehensive assessment system of diagnostic, formative, and summative assessments.

The Glencoe Vocabulary Builder program uses a systematic approach to building students vocabulary by presenting words in context or information about word parts to help students unlock word meanings independently, and by requiring students to apply their knowledge of new words in reading and writing exercises. Each book in the seven book series is designed for a specific reading level and features readings from the humanities, social studies, and sciences, vocabulary from Greek and Latin roots, assessment after each writing assignment, and a section on taking standardized tests! Vocabulary Builder is a research-based program and is ideal for SAT/ACT preparation.
