The Teacher's Grammar Book, Second Edition introduces the various grammars that inform writing instruction in our schools, and examines methods, strategies, and techniques that constitute best classroom practices for teaching grammar and writing. Designed for students who are preparing to become English or language arts teachers, as well as for credentialed teachers who want an easy-to-use guide to questions of methods, grammar, and teaching, this overview of basic English grammar includes the following major topics: a brief history of

grammar, teaching grammar, grammar and writing, traditional grammar, transformational-generative grammar, cognitive grammar, dialects, black English, and Chicano English. New in the reorganized and fully updated Second Edition: *new chapter giving a brief history of grammar and grammar instruction; *new chapter on best practices--strategies and techniques that actually work; *expanded chapter on cognitive grammar--a topic not found in other texts of this nature; *expanded chapter on dialects; *summary and evaluation of the minimalist program (Noam Chomsky's most recent revision of transformational-generative grammar)--a topic unique among texts of this kind; and *reduced discussion of transformational grammar.

your most stubborn grammatical mishaps•Catchy memory aids for writing correctly the first time, and more
Great Grammar Practice: Grade 1 McGraw-Hill Education
Designed for North American students, this special version of the Oxford Latin Course combines the best features of both modern and traditional methods of Latin teaching, providing an exciting, stimulating introduction and approach to Latin based on the reading of original texts. In this four-volume North American edition, the order of declensions corresponds to customary U.S. usage, and the spelling has been Americanized. In addition, it offers full-color illustrations and photographs throughout Parts I and II and an expanded Teacher's Book with translations for each

part. Parts I-III (now available in hardcover editions) are built around a narrative detailing the life of Horace, now based more closely on historical sources, which helps students to get to know real Romans--with their daily activities, concerns, and habits--and to develop an understanding of Roman civilization during the time of Cicero and Augustus. Part IV (paperback) is a reader consisting of extracts from Caesar, Cicero, Catullus, Virgil, Livy, and Ovid. The second edition of the Oxford Latin Course has been carefully designed to maximize student interest, understanding, and competence. It features a clearer presentation of grammar, revised narrative passages, new background sections, more emphasis on

daily life and on the role of women, a greater number and variety of exercises, and review chapters and tests. Each chapter opens with a set of cartoons with Latin captions that illustrate new grammar points. A Latin reading follows, with new vocabulary highlighted in the margins and follow-up exercises that focus on reading comprehension and grammatical analysis. A background essay in English concludes each chapter. Covering a variety of topics--from history to food, from slavery to travel, these engaging essays present a well-rounded picture of Augustan Rome. The Oxford Latin Course, Second Edition offers today's students and teachers an exceptionally engaging and attractive introduction to the language, literature, and culture of

Rome--one that builds skills effectively and is exciting to use.
