In this easy-to-read and research-based text, Reggie Routman provides clarity, support, specific demonstrations, and confidence to teachers so they can teach reading well and get high test scores too - regardless of the reading program they use. Detailed lessons, immediately doable ideas, teaching tips, and lots of practical suggestions make this an essential text for excellent and enjoyable teaching and learning.

**Glencoe World History: Modern Times, Student Edition** McGraw-Hill Education  
UNLIKE TRADITIONAL TEXTBOOKS that can overwhelm the reader with countless facts to absorb, the Student's Friend Concise World History highlights the most important developments of world history in a clear and concise manner that is capable of being comprehended by the human mind. Teachers have successfully used The Student's Friend in homeschool, middle school, high school, and

college in the United States and abroad. Part 1 covers the period from prehistory to the year 1500; Part 2, the period from 1500 to the present. In contrast to other concise histories that may focus on impersonal historical processes, the Student's Friend includes men and women who helped to shape history and who illustrate timeless aspects of human nature. WHY A CONCISE HISTORICAL NARRATIVE? The Student's Friend is designed to be consistent with findings from cognitive science that emphasize learning the most important principles and concepts of a school discipline, rather than learning large quantities of superficial facts that are likely to be forgotten shortly after the exam is over. The respected Bradley Commission on History in Schools has said, "The amount of time required to achieve student engagement and genuine comprehension of significant issues will necessitate leaving out much that is 'covered' by the usual text." CONCISENESS CAN BRING CLARITY. Cognitive psychologist Frank N. Dempster has written, "Many texts are so packed with facts, names, and details that the real point of the lesson is often obscured." One of the greatest benefits of a concise historical narrative is the clarity it can bring to a student's understanding of history by focusing on essential knowledge rather than on extensive, sometimes confusing, and often-trivial detail. ELIMINATES GAPS AND DISCONTINUITIES. Teachers can't adequately cover all the information contained in standard thousand-page textbooks, so they commonly skip around in the textbook, which can leave big holes

in the historical narrative. The Student's Friend is designed to include no more information than students can realistically cover during a standard high school course. Because the picking and choosing has been carefully done and logically sequenced, continuity is maintained and gaps eliminated. BALANCES BREADTH AND DEPTH. The concise historical narrative leaves time in the curriculum for additional learning activities such as research papers, multimedia presentations, source-analysis activities, and simulations, a practice sometimes called "postholing." The narrative performs a unifying function like a fence that gives shape to the landscape and provides the connecting fabric between events, while postholes are occasions to dig more deeply into the human dimensions of history-to explore how events of the past affected people's lives then and now. The subject matter of world history is so vast that it can be a difficult subject to grasp and to teach. Teachers and students alike can benefit from the understandable picture of history provided by the Student's Friend Concise World History.

### Discovering Our Past: A History of the United States Student Edition (print only)

McDougal Littell/Houghton Mifflin  
This newly updated manual presents two full-length model AP World History exams with answer keys, plus detailed advice on answering the comparative essay question,

and helpful strategies for answering the test's multiple-choice and document-based questions. An extensive subject review covers the following general areas:

Foundations of World Civilization (8000 B.C.–1000 A.D.) World Cultures Maturing (1000–1450) World Cultures Interacting (1450–1750) World Cultures in the Modern Era (1750–1914) The 20th Century and Contemporary World Cultures (1914–2009)

An optional CD-ROM presents and two additional full-length computerized model exams with automatic scoring.

*Glencoe World History: Modern Times, Reading Essentials and Study Guide, Workbook* McGraw-Hill Education

Based on expert review and research, this book provides an innovative standard and guide to social studies textbooks used in kindergarten through 12th grade classrooms for content, style, and design. The standards provide a foundation for individuals to select satisfactory textbooks and to help educators and school boards in the adoption of instructional materials.

Chapter 1 addresses the problems of textbook content and style. Chapter 2 discusses the vast business of social studies

publishing and the increased complexity of textbook packaging with the movement away from state-level adoption of textbooks. Chapter 3 focuses on the content of social studies textbooks with a comparison of past and present textbooks, a discussion of revisionism and reality, and a look at religion in textbooks. Chapter 4 examines the style and story of textbooks and finds that although the content of past textbooks may be flawed, the prose is superior to recent textbooks. Ideas on narrative, readability, vocabulary, instructional design, history, and style provide ways for textbooks to improve.

Chapter 5 addresses the issue of format and proposes clarity and simplicity in technical design of books. Chapter 6 provides an outline to review textbooks for content and style and instructional activities and teacher guidance materials for usefulness. Chapter 7 includes an annotated list of the major U.S. and world history textbooks. (CK)

Glencoe/McGraw-Hill

This document is a response to teachers' requests for practical assistance in implementing California's history-social science framework. The document offers stimulating ideas to enrich the teaching of history and social science, enliven instruction for every student, focus on essential topics, and help make learning more memorable. Experiences and contributions of ethnic groups and women in history are integrated in this course model. The framework is divided into 11 units: (1) Connecting with Past Learnings: Uncovering the Remote Past; (2) Connecting with Past Learnings: the Fall of Rome; (3) Growth of Islam; (4) African States in the Middle Ages and Early Modern Times; (5) Civilizations of the Americas; (6) China; (7) Japan; (8) Medieval Societies: Europe and Japan; (9) Europe During the Renaissance, the Reformation, and the Scientific Revolution; (10) Early Modern Europe: The Age of Exploration to the Enlightenment; and (11) Linking Past to Present. Six of the 11 units delineated in the framework's 7th grade

course description are developed in these course models. All units follow the same format. Each begins with a rationale and overview. Ways are suggested for teachers to coordinate the model with the state-adopted textbook for 7th grade. A presentation of activities to introduce and continue the sample topic are suggested to encourage students to apply what they have studied through projects. Each unit ends with an extensive annotated list of sample resources. (DK)
