Alexis Hall is brave enough to portray dislikeable characters. Nice to have a British-based MM romance and dialogue is hilarious especially if you appreciate dark humour and sardonic wit. The narrator is the

incomparable Nicholas Boulton who I first heard on Laura Kinsale's historical epic romances.

Aftermath (Spires, #1.5) by Alexis Hall

Glitterland is about a super grumpy 1 writer who has BPD / anxiety problems, many trust issues, and an

inability to NOT cause trouble for himself or others. Somehow he stumbles across the sweetest (and somewhat ditzzy) Essex model to ever walk the face of the earth, and they fall in love. Gradually, and with ASH denying everything along the way.
