*Solutions Manual for Global Business Today 11th Edition Hill*

Unfortunately, the majority of our implementation team felt more comfortable with GSS than they did with the other vendors, and we ended up going with Global Shop. This is GSS's chief accomplishment - polishing up a markedly inferior product and demo'ing it well.

Global Shop Solutions is one of the only ERP software systems on the market that offers a software development kit (SDK) to its customer base. The SDK allows a customer to build and modify reports or applications on top of the core system and has been one of the critical reasons for our success in helping manufacturers automate their business.
