5TH GRADE. Go Math! What
is the "Go Math!" curriculum?
Curriculum - This details what
domain, cluster, standard, and

essential questions are taught within the math program. In addition, it informs the parent what other interdisciplinary standards (technology, science, social studies, and literacy) are incorporated in each domain. Scope and Sequence - This details what general topics are taught ...

New York State Next Generation Mathematics Learning ...

Grade 3, know from memory all products of two one-digit numbers. NY-3.OA.7a Fluently solve single-digit multiplication and related

divisions, using strategies such as the relationship between multiplication and division or properties of operations. e.g., Knowing that $8 \times 5 = 40$, one knows $40 \div 5 = 8$. NY-3.OA.7b.

Know from memory all products of two one-digit numbers. Note: Fluency involves a ...

Planning for the math practices in Go Math! Grades K - 5 Mathematics The Standards for

Mathematical Practice help students learn how to think and act like mathematicians. Finding moments to explicitly teach students how and when to use them supports not only the learning of today's content, but the ability to tackle new content in the future.
