Action Camera Underwater Video Basics shows how to capture fantastic video and turn it into engaging sequences. The book focuses on small action cameras – the format which includes devices made by GoPro, SeaLife and Paralenz – all of which have more depth to them than one might first imagine. Award-winning underwater cameraman Jeff Goodman shows how versatile they can be and how to get the best out of them. Every one of the 200+ images in the book was shot with an action camera. The book looks at important camera features and cuts through the dizzying array of equipment choices. Homing in on what is useful for underwater videoing, Jeff then provides the vital background knowledge key to achieving great results, time after time, whatever device you use: How to avoid the typical mistakes made by many budding underwater filmmakers. Capture better shots and turn them into engaging sequences. An introduction to the editing process – simple techniques to make the best videos. Jeff also explains how to use action cameras to take better underwater stills, both in the water and later from the video which has been shot. The book concludes with two exercises that put the theory into practice. Although technology moves on at a pace, some things will always remain true. Nowadays shooting exclusively with tiny action cameras, Jeff

shares a lifetime of essential underwater video know-how in one handy book.

The GoPro Hero 10 black is the newest addition to the industry-leading action camera line. There is no better action camera than the GoPro Hero 10 black, which is submersible, shockproof, and packed with features. It can record up to 10 hours of 4K video at 30 frames per second. Moreover, the camera includes a new and enhanced picture stabilization mechanism that may cut down on shaking by as much as 2.5 times. Take your friends and

family on vacations or to sporting events and capture every moment in stunning 4K resolution with the GoPro Hero 10 black. In the past, only GoPro mounts and accessories could be used with GoPro cameras. The advent of the Hero 10 black, however, has made them suitable for use with a variety of mounts and accessories. The Hero 10 Black is a brand-new camera made for both serious filmmakers and casual users who wish to record their exploits in stunning 4K resolution. You don't even need a case since the camera can survive being submerged in water for up to 10 minutes at a depth of 33 feet. The Hero 10 Black is the most recent iteration of GoPro's well regarded action cameras. For connectivity with smartphones and other devices through its mobile app, GoPro included a 4k at 60fps, 12-megapixel main camera, a 5-megapixel wide angle secondary camera, and built-in Wi-Fi and Bluetooth. The camera can be operated by speech, can record in 360 degrees, and has electronic picture stabilization. In terms of GoPro cameras, the newest and most feature-packed model is the Hero 10. The camera can record 4K video, has a screen on the front, and is waterproof without a protective cover. A screen is integrated onto the front of the GoPro Hero 10 black.
