My name is Stefan. I wrote this book and paid thousands of dollars from my pocket to publish it. This book is about God's existence and the relationship between him and ordinary people, like you and me. In this book, I am giving you proof that first, God is alive. Second, God interacts with people daily. He is sending messages for you to help you have a better life now. He will even use words to warn you about the dangers lying ahead of you. Yes, he talked to me too. I also experienced unusual encounters with God. Third, God sent to earth his only son to teach us how to maintain our life correctly. Fourth, God loves you and any person in this world. All of these (and more) are in the book. Take a chance and read it. It could change your life for a better one.

Times Bestselling author Survival Guide for the Soul is a profound spiritual exploration of God's love—a love that many of us understand intellectually without fully grasping or relying on in our day-to-day experiences—a love that fills our sails with joy and frees us to truly flourish. Many of us are driven by an ambition to accomplish something big outside ourselves. On all sides, we're pressured to achieve—professionally, socially, financially. Even when we're aware of this pressure, it can be hard to escape the vicious circles of accomplishment, frustration, and spiritual burn-out. Drawing on a wide range of sources from Scripture to church history to psychology and modern neuroscience—as well as deeply personal stories from his own life—Ken Shigematsu, recipient of the Queen Elizabeth Diamond Jubilee Medal and pastor of Tenth Church in Vancouver, BC, vividly demonstrates how the gospel redeems our desires and reorders our lives. Pastor Shigematsu offers fresh perspective on how certain spiritual practices help orient our lives so that our souls can flourish in the midst of a demanding, competitive society. And he concludes with a liberating and counter-cultural definition of true greatness. If you long to experience a deeper relationship with Christ within the daily pressures to succeed, Survival Guide for the Soul is packed with biblical wisdom and a godly approach to transcend the human tendency to define ourselves by our productivity and success. "Loaded with practical insights and encouraging thoughts, every reader will benefit from Ken's work." —Max Lucado, New York Times Bestselling author

The Practice of the Presence of God Kmg Publishing

Here is one of the most beautiful and touching stories of Christian devotion ever written. Brother Lawrence was a Carmelite Brother known for his profound peace and deep relationship with God; many came to seek spiritual guidance from him. The wisdom that he passed on to them in conversations and in letters would later become the basis for the book. This edition has two

translations of this book to help the reader find a more complete understanding of this wonderful and enduring story.

To claim to believe in God without accepting that God exists independently of human minds would mean reducing God to merely a human construct, thus not real enough for being the object of religious worship. This book sets out to challenge this common view on existence and religious belief. Arguing from concrete examples of language use in children's make-believe play and other ordinary situations, Erica Appelros suggests that what makes us consider something to be real involves our capacities to relate to our surroundings - not only on grounds of their physical characteristics but also on grounds of human construction. This book makes a substantial contribution to the contemporary debate within philosophy of religion on religious realism and non-realism, and suggests innovative and constructive solutions to the perennial philosophical and religious issue of what is meant by talking about God and God's existence.

- Explores how to consciously evolve, heal our generational trauma,

---

and awaken to the amazing potential we each hold for transformation

- Shares unique maps and models for psychospiritual integration, spiritual awakening, and evolving consciousness
- Examines the evolutionary continuum of the soul and catalytic astrological events that will influence humanity in the years and decades ahead

Humanity is undergoing a planetary wake-up call: in order to survive the global spiritual, ecological, and cultural crises we now face, the long, dark night of the collective soul, we need to consciously evolve, heal our generational trauma, and awaken to the amazing potential we each hold for profound transformation. In this sweeping exploration of love, consciousness, and awakening, Nicolya Christi offers a deep investigation of the Great Shift of Ages that is now occurring. She shares detailed personal accounts of the extraordinary metaphysical, psychic, and out-of-body experiences she has had throughout her life along with the direct spiritual insights she gained as a result. She explores what consciousness is and examines the evolutionary continuum of the soul—including the voyage of the incarnate soul, the metaphysical-spiritual reality of the excarnate soul, and the beyond-soul reality. She also shares maps and models for psychospiritual integration, awakening, and evolving consciousness that she has pioneered. Examining the personal and collective human shadow, the author looks at the central role epigenetics play in our current fear-based reality and explores the impact of stories of wounding from a personal, ancestral, and karmic perspective. Focusing on healing generational and collective trauma, she shows how by changing our “ story, ” we can change the world and transcend the shadow of human experience. She explores spiritual wisdom from ancient cultures spanning millennia, especially the Classic Maya, and highlights evolutionary astrological events that will influence humanity in the years and decades ahead as we more fully awaken. Sharing her vision for the New Earth, Nicolya reveals how

deeply feeling and envisioning our post-transformation future as if it has already happened will help bring it into being. She also shares a look into the new epoch of wellness, regeneration, psychology, biology, and technology that will unfold as humanity transitions from the dysfunctional old paradigm into a conscious and awakened new world.

In the midst of beauty and mess, chaos and monotony, celebrations and mourning, Jerusalem Greer tells her story of finding redemption in what is rather than what could be, by practicing the presence of God through rediscovering ancient contemplative teachings and practices (solitude, study, work, prayer, and service) and pairing them with domestic arts (baking, gardening, sewing). Jerusalem writes with a raw honesty that reassures readers they are not alone in feeling not good enough, not wise enough, not Christian enough to figure out God's plans. *At Home in this Life* is the story of how everything I thought would make me happy came undone, and then how I found a way to make myself at home in this beautiful, messy, amazingly tender, completely unbalanced life, by imperfectly practicing one spiritual discipline at a time—smack in the middle of raising kids, mending the sweaters and burning the bread.” — Jerusalem Jackson Greer

In addition to being a writer, Jerusalem is also a crafter, former pastor and blogger. She lives with her husband and two sons in Greenbrier Arkansas. As a family they are attempting to live a slower version of the modern life. Sometimes it works, sometimes it doesn't. Jerusalem is active on Facebook and Pinterest and regularly posts on her blog "Slow Living in a Fast World" where she records what she calls her "beautymess" attempts at living a

We say "God is in control!" But we live as if we bear sole responsibility for circumstances clearly beyond our ability. God doesn't need our help, He wants our hearts. What we don't realize is that it's total surrender to God that sets us free from the burden of helping ourselves. When we give God our whole heart, He changes our whole life.

The author offers his life on the path to destruction before finding God as an example of how He can come into a person's life when they are at their lowest and show them a new way that changes everything.

When I Don't Desire God Crossway

"Some churches now advertise courses on how to pray. How ridiculous! That is like giving a course on how to fall in love." —A. W. Tozer Tozer understood prayer as few do: as a way of life. Now readers can share that same grand vision. Prayer combines the best of Tozer on prayer into one volume. Tozer was captured by the great wonder of God, and he regarded prayer as the primary means of coming into His presence. But if our everyday life is filled with the barrenness of busyness and there is no serious urgency to pray, we forfeit the wonder of being conformed to the image of Christ and knowing our God more intimately—the true Christian life. Prayer is doable. God is accessible. And Tozer provides the wisdom and encouragement to help us encounter Him daily. With commentary and reflection questions provided by compiler W.L. Seaver, Prayer takes our understanding of prayer to new depths and helps us have a life that prays.

Everything Is Yours Zondervan

What you believe about God sets the foundation of the person you will become. In *God Has a Name*, pastor and New York Times bestselling

author John Mark Comer invites you to rethink many of the prevalent myths and misconceptions about God and weigh them against what God actually tells us about himself. After all, what you believe about God will ultimately shape the type of person you become. We all live at the mercy of our ideas, and nowhere is this more true than our ideas about God. The problem is many of our ideas about God are wrong. Not all wrong, but wrong enough to form our souls in detrimental and disheartening ways. *God Has a Name* is a simple yet profound guide to understanding God in a new light—focusing on what God says about himself in the Bible. This one shift has the potential to radically alter how you relate to God, not as a doctrine, but as a relational being who responds to you in an elastic, back-and-forth way. John Mark Comer takes you line by line through Exodus 34:6-8—Yahweh's self-revelation on Mount Sinai, one of the most quoted passages in the Bible. Along the way, Comer addresses some of the most profound questions he came across as he studied these noted lines in Exodus, including: Why do we feel this gap between us and God? Could it be that a lot of what we think about God is wrong? Not all wrong, but wrong enough to mess up how we relate to him? What if our "God" is really a projection of our own identity, ideas, and desires? What if the real God is different, but far better than we could ever imagine? No matter where you are in your spiritual journey, *God Has a Name* invites you to step into a fresh and biblically rooted vision of who God is that has the potential to alter your life with God and shape who you become.

Habits of Grace Eerdmans Young Readers

The Christian life is built on three seemingly unremarkable practices: reading the Bible, prayer, and fellowship with other believers. However, according to David Mathis, such "habits of grace" are the God-designed channels through which his glorious grace flows—making them life-giving practices for all Christians. Whether it's

---

hearing God's voice (the Word), having his ear (prayer), or participating in his body (fellowship), such spiritual rhythms of the Christian life have the power to awaken our souls to God's glory and stir our hearts for lifelong service in his name. What's more, these seemingly simple practices grant us access to a host of spiritual blessings that we can only begin to imagine this side of eternity—and the incredible joy that such blessings bring to God's children today.

God Is Not Great Paraclete Press

After your faith has fractured, let what takes its place be the real thing. Somewhere along the way, the Christianity you knew began to crumble. Disillusionment set in. Churches hurt you. Their people failed you. Christian institutions were exposed as fake. And in it all, God was silent. Is He gone? Or is God really there, waiting for you to find Him instead of the counterfeits? If you're walking this spiritual path, Lina Abujamra understands you. After her own faith was nearly lost, Lina had to rebuild something more solid to take its place. She'll help you grapple with questions like: Where is God in my pain? Is this how Christians are supposed to act? Why did my story end up this way? Let *Fractured Faith* help you find your way back to God. You just might discover that the real God has been waiting for you all along.

My Little Book Of Dear God Letters Moody Publishers

A redemptive true love story that will inspire and bring forth hope that would encourage many to never give up and truly believe that all things are possible in Jesus Christ alone, and as faith deepens to another level, the transformation begins but doesn't end with my Jesus, my everything.

Finding God in the Waves AuthorHouse

As Christians, our hearts desire to please God always and everywhere. But how do we do that? In this booklet, Geoffrey Thomas shows us that pleasing God cannot exist apart from living by faith—entrusting all of yourself to all of Christ. He goes on to discuss how we must make pleasing God our goal, which is exemplified in having evangelistic compassion, doing our daily work as unto the Lord, keeping the Lord's Day special, and having a Christian home.

All Shall Be Well Simon and Schuster

Christopher Hitchens, described in the *London Observer* as “one of the most prolific, as well as brilliant, journalists of our time” takes on his biggest subject yet – the increasingly dangerous role of religion in the world. In the tradition of Bertrand Russell's *Why I Am Not a Christian* and Sam Harris' bestseller *The End Of Faith*, Christopher Hitchens makes the ultimate case against religion. With a close and erudite reading of the major religious texts, he documents the ways in which religion is a man-made wish, a cause of dangerous sexual repression, and a distortion of our origins in the cosmos. With eloquent clarity, Hitchens frames the argument for a more secular life based on science and reason, in which hell is replaced by the Hubble Telescope's awesome view of the universe, and Moses and the burning bush give way to the beauty and symmetry of the double helix. [Recovery from Distorted Images of God](#) Tyndale House Publishers, Inc. Engaging in conversation with God is life changing. When we pursue Him and expect Him to answer back, we are never, not ever, the same. Do you desire more of God? Are you intrigued by Him? Do you want to run deeper into His arms and receive His light, fresh air, and new things? This book is for the joy-hungry and hope-thirsty. For women who want to be challenged and inspired, encouraged and energized. In *Breathing Eden*, Jennifer J. Camp shares the extraordinary conversations between forty women and God

and then guides readers into experiencing God's voice for themselves. Each conversation is followed by practical tools that help us hear God's voice in our lives right now.

Gerard Hughes's popularity lies in the fact that he always writes directly for the individual struggling with issues of faith and life and gets right to the heart of spiritual needs and concerns. His best-seller *GOD OF SURPRISES* published nearly 20 years ago has sold nearly a quarter of a million copies. *GOD IN ALL THINGS* is a follow up to that book written for a different world and a different spiritual climate. This is a guidebook for the inner journey. It is about recognising God in the ordinary, in the joy and sadness of things, about knowing that God cannot be separated from whatever we experience. It is written for people on the fringes of Christianity, or those who are disillusioned with church structures and dogmatic theology. Hughes has written this book because he is concerned at the split between religion and life, as if religion was something apart and detached from the rest of God's creation. Apart from being a brilliant spiritual guide this book is a call to a faith in terminal decline to enlarge its concept of God and break out of the straitjacket of pious religion.
