*Meet the Philosophers of Ancient Greece* BRILL  
"Filled with humor and a bit of attitude . . . will engage even the most reluctant young readers." – School Library Journal  
Meet Dormeo: gladiator, dormouse, berry-nibbler,

ancient Rome. He's about to lead a tour – from the temperamental gods and goddesses of Mount Olympus to the birth of the Roman Republic and the death of Julius Caesar. On the way are glimpses of life as a Roman citizen, from families to festivals, gladiators to guards, as well as a look at some of Rome's best-known emperors (good and not

so good). Packed with fascinating information, this graphic storybook is a young reader's ideal introduction to the rise and fall of the Roman Empire.

*Athena: The Goddess with the Gray Eyes - Mythology and Folklore | Children's Greek & Roman Books* Britannica Educational Publishing  
Excerpt from Greek and Roman Mythology Heroic Legend Study of Greek religion needs no apology, and should need no bush. This all must feel who have looked

---

upon the creations of the art it inspired. But to purify and strengthen admiration by the higher light of knowledge is no work of ease. No truth is more vital than the seeming paradox which declares that Greek myths are not nature-myths. The ape is not further removed from the man than is the nature-myth from the religious fancy of the Greeks as we meet them in history. The Greek myth is the child of the devout and lovely imagination of the noble race that dwelt around the Aegaeon. Coarse fantasies of brutish forefathers in their Northern homes softened beneath the southern sun into a pure and godly beauty, and thus gave birth to the divine forms of Hellenic

religion. Comparative Mythology can teach us much. It can shew how gods are born in the mind of the savage and moulded into his image. But it cannot reveal to us the heart of the Greek as his devout thoughts turned towards his gods. Greece sees God with her own eyes; and if we would share the loveliness of her vision we must put away from our thoughts the uncouth forms which had been worn by her northern forefathers' deities, the slough cast off by her gods as they grew into shapes of godliness and beauty. True it is that in regions where nature and history hindered Greek religion from developing its potential riches, that slough was still often trailed by the figures

of popular faith; but these exceptions point all the more effectively the lesson of evolution in Greek religion. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. what they stand for, will help you to better understand ancient Greek culture. You will also get a firm grasp on the values, traditions and beliefs that the Greeks hold dear. What ' s your favorite story about Athena?

The Iliad Basher

Daily religious devotion in the Greek and Roman worlds centered on the family and the home.

Besides official worship in rural sacred areas and at temples in towns, the ancients kept

household shrines with statuettes of different deities that could have a deep personal and spiritual meaning.

Roman houses were often filled with images of gods. Gods and goddesses were represented in mythological paintings on walls and in decorative mosaics on floors, in bronze and marble sculptures, on ornate silver dining vessels,

---

and on lowly clay oil lamps that lit dark rooms. Even many modest homes had one or more religious objects that were privately venerated. Ranging from the humble to the magnificent, these small objects could be fashioned in any medium from terracotta to precious metal or stone. Showcasing the collections in the Getty Villa, this book's emphasis on the spiritual

beliefs and practices of individuals promises to make the works of Greek and Roman art more accessible to readers. Compelling representations of private religious devotion, these small objects express personal ways of worshiping that are still familiar to us today. A chapter on contemporary domestic worship further enhances the relevance of

these miniature sculptures for modern viewers. [European History For Dummies](#) Independently Published Classical Tales of Mythology Arcturus Publishing Greek Gods & Goddesses The Floating Press Christian theology shaped and is shaping many places in the world, but it was the Greeks who originally gave a philosophic language to Christianity. John Mark Reynolds's book *When Athens Met Jerusalem* provides students a well-informed introduction to

---

the intellectual underpinnings (Greek, Roman and Christian) of Western civilization and highlights how certain current intellectual trends are now eroding those very foundations. This work makes a powerful contribution to the ongoing faith versus reason debate, showing that these two dimensions of human knowing are not diametrically opposed, but work together under the direction of revelation.

## MYTHS AND LEGENDS OF ANCIENT GREECE AND ROME

Routledge  
Before entering upon the many strange beliefs of the ancient Greeks, and the extraordinary number of gods they worshipped, we must first consider what kind of beings these divinities were. In appearance, the gods were supposed to resemble mortals, whom, however, they far surpassed in beauty, grandeur, and strength; they were also

more commanding in stature, height being considered by the Greeks an attribute of beauty in man or woman. They resembled human beings in their feelings and habits, intermarrying and having children, and requiring daily nourishment to recruit their strength, and refreshing sleep to restore their energies. Their blood, a bright ethereal fluid called Ichor,

---

never engendered disease, and, when shed, had the power of producing new life. The Greeks believed that the mental qualifications of their gods were of a much higher order than those of men, but nevertheless, as we shall see, they were not considered to be exempt from human passions, and we frequently behold them actuated by revenge, deceit, and jealousy. They, however, always punish the evil-doer, and visit with dire calamities any impious mortal who dares to neglect their worship or despise their rites. We often hear of them visiting mankind and partaking of their hospitality, and not unfrequently both gods and goddesses become attached to mortals, with whom they unite themselves, the offspring of these unions being called heroes or demi-gods, who were usually renowned for their great strength and courage. But although there were so many points of resemblance between gods and men, there remained the one great characteristic distinction, viz., that the gods enjoyed immortality. Still, they were not invulnerable, and we often

---

hear of them being wounded, and suffering in consequence such exquisite torture that they have earnestly prayed to be deprived of their privilege of immortality. The gods knew no limitation of time or space, being able to transport themselves to incredible distances with the speed of thought. They possessed the power of rendering themselves invisible at will, and could assume the forms of men or animals as it suited their convenience. They could also transform human beings into trees, stones, animals, &c., either as a punishment for their misdeeds, or as a means of protecting the individual, thus transformed, from impending danger. Their robes were like those worn by mortals, but were perfect in form and much finer in texture. Their weapons also resembled those used by mankind; we hear of spears, shields, helmets, bows and arrows, &c., being employed by the gods. Each deity possessed a beautiful chariot, which, drawn by horses or other animals of celestial breed, conveyed them rapidly over land and sea according to their pleasure. Most of these divinities lived on the summit of Mount Olympus, each

Meet Zeus. He's your average Sky Father deity with unfathomable cosmic powers, insatiable sexual appetites, and access to

technological gadgetry often considered magic by the humans who created him. With the flourishing growth of the Roman Empire, Zeus can feel the wane of belief for his pantheon, and sets about making some changes to increase worship. Will he be able to make the Olympians into the sort of deities Romans would want to worship? And how on Gaia will his family take it? Beyond the Veil is a series of ten short stories revolving around Greek mythology. You'll meet short-sighted Zeus, unflappable Hera, stern Athena,

bawdy Ares, mercurial Hermes, sinister Dionysus, wistful Charon and many more as each story takes you further into the "real" reason the Romans adopted the Greek gods for their own.

The Incredible Voyage of Ulysses Blackie & Son

The first book to tell the Greek story through the interconnecting lives of the men and women who shaped its politics and literature, its science and philosophy, its art and sport

The political leaders, writers,

---

artists, and philosophers of ancient Greece turned a small group of city states into a pan-Mediterranean civilization, whose legacy can be found everywhere today. But who were these people, what do we know of their lives, and how did they interact with one another? In this original new approach to telling the Greek story, David Stuttard weaves together the lives of the movers and shakers of the Greek world into a continuous narrative, from the early tyrant rulers Peisistratus and Polycrates, through the stirrings of democracy under Cleisthenes to the rise of Macedon under Philip II and Alexander the Great and the eventual decline of the Greek world as Rome rose. Moving from Sicily to Afghanistan, and from Macedonia to Alexandria; delving into the worlds of mathematics and geography, rhetoric and historiography, painting and sculpture; exploring the accounts of historians and mystics, poets and dramatists, political commentators and philosophers, this book creates a vivid picture of life in all arenas of the ancient Greek world. As well as the most famous politicians and writers, in these pages the reader will meet less well-known figures such as Milo, the Olympic wrestler who led his home town in a time of crisis; Aspasia, the

---

brilliant female intellectual, who taught rhetoric to Socrates; and Epaminondas, the Theban who taught tactics to Philip of Macedon and so destroyed his own city.

Based on the bestselling book of N. A. Kun, this is an easy-to-read, comprehensive collection of Greek myths. The book consists of eight chapters, covering the majority of the Greek mythology universe: (1) Stories of the Gods - the stories of

creation, the war with the Titans and the myths related to the main Olympian gods. (2) Stories of the Heroes - Perseus and the Gorgon Medusa, Theseus and the Minotaur, Prometheus, Bellerophon, Orpheus, Daedalus and Icarus, Europa, Cadmus, Niobe and many more. (3) Heracles - the Twelve Labors and other myths related to the greatest of the heroes. (4) Oedipus and the Theban Cycle - including Antigone, Seven against Thebes and the Epigoni. (5) The Argonauts and the Quest for the

Golden Fleece - a detailed retelling of the famous journey, including the story of Jason and Medea. (6) Stories of Troy - mainly based on "The Iliad" by Homer, but also other myths related to the Trojan War, such as the Golden Apple, the Judgement of Paris, the Trojan Horse, the Fall of Troy, and additional stories about Achilles, Patroclus, Ajax the Great, Helen, Cassandra and more. (7) The House of Agamemnon - the stories of Agamemnon, Clytemnestra, Orestes and Iphigenia. (8) The Odyssey - the

---

journey of Odysseus to his native Ithaca, retold from "The Odyssey" by Homer. The book is based on a translation of the bestseller "What The Ancient Greeks And Romans Told About Their Gods And Heroes" by Nikolay A. Kun, a famous historian and writer, written in 1914. Ever since, the book has been extremely popular in Eastern Europe, and since it came out, has received hundreds of publications in Russian, and was translated into multiple languages. This edition: \* Is an easy-to-read, adapted retelling

of the original book, based on its translation into simple, modern English. \* Is organized in a story-like manner, combining myths from different sources into a unified tale. \* Is adjusted in a manner appropriate for younger readers, while staying as loyal as possible to the original ancient texts. \* Includes detailed retelling of the "The Iliad" and "The Odyssey" by Homer, Ovid's "Metamorphoses", "The Argonautica" by Apollonius of Rhodes, the greatest Greek tragedies by Sophocles, Euripides and Aeschylus and

many more. \* Closely follows the ancient sources, completing and supplementing Kun's stories with new details and context. \* Contains stories that have been adapted into the versions of the myths more commonly popular in the West. \* Includes multiple stories not included in Kun's original book. \* The order of the chapters is different from the original book to simplify chronological understanding. \* Includes multiple, in-depth annotations referencing art, history, linguistics,

---

geography and more. Beyond the Veil InterVarsity Press Ancient Greece was the cradle of philosophy in the Western tradition.
