Rin's story continues in this acclaimed sequel to The Poppy War—an epic fantasy combining the history of twentieth-century China with a gripping world of gods and monsters. The war is over. The war has just begun. Three times throughout its history, Nikan has fought for its survival in the bloody Poppy Wars. Though the third battle has just ended, shaman and warrior Rin cannot forget the atrocity she committed to save her people. Now she is on the run from her guilt, the opium addiction that holds her like a vice, and the murderous commands of the fiery Phoenix—the vengeful god who has blessed Rin with her fearsome power. Though she does not want to live, she refuses to die until she avenges the traitorous Empress who betrayed Rin's homeland to its enemies. Her only hope is to join forces with the powerful Dragon Warlord, who plots to conquer Nikan, unseat the Empress, and create a new republic. But neither the Empress nor the Dragon Warlord are what they seem. The more Rin witnesses, the more she fears her love for Nikan will force her to use the Phoenix's deadly power once more. Because there is nothing Rin won't sacrifice to save her country . . .

and exact her vengeance.

How did an obscure academic idea pave the way to the Holocaust within just fifty years? Control is a book about eugenics, what geneticist Adam Rutherford calls "a defining idea of the twentieth century." Inspired by Darwin's ideas about evolution, eugenics arose in Victorian England as a theory for improving the British population, and quickly spread to America, where it was embraced by presidents, funded by Gilded Age monopolists, and enshrined into racist American laws that became the ideological cornerstone of the Third Reich. Despite this horrific legacy, eugenics looms large today as the advances in genetics in the last thirty years—from the sequencing of the human genome to modern gene editing techniques—have brought the idea of population purification back into the mainstream. Eugenics has "a short history, but a long past," Rutherford writes. The first half of Control is the history of an idea, from its roots in key philosophical texts of the classical world all the way into their genocidal enactment in the twentieth

century. The second part of the book explores how eugenics operates today, as part of our language and culture, as part of current political and racial discussions, and as an eternal temptation to powerful people who wish to improve society through reproductive control. With disarming wit and scientific precision, Rutherford explains why eugenics still figures prominently in the twenty-first century, despite its genocidal past. And he confronts insidious recurring questions—did eugenics work in Nazi Germany? And could it work today?—revealing the intellectual bankruptcy of the idea, and the scientific impossibility of its realization.

New York Times bestselling author of *THE GOOD GIRL* Mary Kubica is back with another exhilarating thriller as a widow's pursuit of the truth leads her to the darkest corners of the psyche. Clara Solberg's world shatters when her husband and their four-year-old daughter are in a car crash, killing Nick while Maisie is remarkably unharmed. The crash is ruled an accident...until the coming days, when Maisie starts having night terrors that make Clara question what really happened on that fateful afternoon. Tormented by grief and her obsession that Nick's death was far more than just an accident, Clara is plunged into a desperate hunt for the truth. Who would have wanted Nick dead? And, more important, why? Clara will stop at nothing to find out—and the truth is only the beginning of this twisted tale of secrets and deceit. Told in the alternating perspectives of Clara's investigation and Nick's last months leading up to the crash, master of suspense Mary Kubica weaves her most chilling thriller to date—one that explores the dark recesses of a mind plagued by grief and shows that some secrets might be better left buried. Don't miss Mary Kubica's chilling upcoming novel, *She's Not Sorry*, where an ICU nurse accidentally uncovers a patient's frightening past... Our heroes are back . . . kind of. From the bestselling co-authors of the *Illuminae Files* comes the second book in the epic *Aurora Cycle* series about a squad of misfits, losers, and discipline cases who just might be the galaxy's best hope for survival. First, the bad news: An ancient evil--your standard consume-all-life-in-the-galaxy deal--is about to be unleashed. The good news? Squad 312 is here to save the day. As soon as they've just got to take care of a few small distractions first. Like the clan of gremps who are holding a serious grudge against the squad. And a bunch of illegit GIUTA agents with creepy flowers where their eyes used to be. Then there's Kal's long-lost sister, who's not exactly happy to see him. But with the reappearance of the colony ship that Auri was found on, new clues about Auri--and her powers as a Trigger--begin to come to light. And just in time. Because if Auri can't learn to master her powers, the squad going to be soooo dead. Shocking revelations, bank heists, mysterious gifts, inappropriately tight bodysuits, and an epic firefight will determine the fate of the *Aurora Legion's* most unforgettable heroes--and, you know, the rest of the galaxy.

The Expert System's Brother Ember

From the author of *Five Things About Ava* Andrews comes a new middle grade stand-alone novel with STEM and

activism themes, set against the backdrop of beautiful Zion National Park. With the perfect blend of humor and heart, this poignant story about family, grief, and changes beyond our control is perfect for fans of Rebecca Stead, Meg Medina, and Lynne Kelly. When life doesn't make sense, twelve-year-old amateur astronomer Tuesday Beals has always looked to the stars above Zion National Park, where she lives. Her beloved late uncle Ezra taught her astronomy, but now their special stargazing sites are all she has left of him, along with his ashes and a poem that may be a riddle. Then a new housing development next door threatens to ruin the night skies and her favorite astronomy spots. Desperate to focus on something besides the growing unclosed chasm between her and her mother, the park archeologist, Tuesday takes up photography with her best friend, Carter, after they find an abandoned camera. With this new way of seeing the universe, she tries to solve her uncle's riddle to save the land. But one day, a photo reveals clues about an endangered animal—one that could halt construction. Will the discovery be enough to save the park and keep the rest of her world from falling apart?

Long ago the world fell into twilight, when the great empires

of old consumed each other in sorcerous cataclysms. In the south the Star Towers fell, swallowed by the sea, while the black glaciers descended upon the northern holdfasts, entombing the cities of Min-Ceruth in ice and sorcery. Then from the ancient empire of Menekar the paladins of Ama came, putting every surviving sorcerer to the sword and cleansing their taint from the land for the radiant glory of their lord. The pulse of magic slowed, fading like the heartbeat of a dying man. But after a thousand years it has begun to quicken again. In a small fishing village a boy with strange powers comes of age . . . A young queen rises in the west, fanning the long-smoldering embers of magic into a blaze once more . . . Something of great importance is stolen - or freed - from the mysterious Empire of Swords and Flowers . . . And the immortals who survived the ancient cataclysms bestir themselves, casting about for why the world is suddenly changing . . .

Steel Crow Saga Abigail Davies

As a magical revolution remakes a city, an ancient evil is awakened in a brilliant novel from the Hugo-nominated author of Foundryside and the Divine Cities trilogy. “An absolutely wild ride . . . Foundryside blew me away, and this is a perfect sequel.”—Amal El-Mohtar, *The New York Times Book Review* A few years ago, Sancia Grado would’ve happily watched Tevanne burn. Now, she’s hoping to transform her city into something new. Something better. Together with allies Orso, Gregor, and Berenice, she’s about to strike a deadly blow against Tevanne’s cruel robber-baron rulers and wrest power from their hands for the first time in decades. But then comes a terrifying warning: Crasedes Magnus himself, the first of the legendary hierophants, is about to be reborn. And if he returns, Tevanne will be just the first place to feel his wrath. Thousands of years ago, Crasedes was an ordinary man who did the impossible: Using the magic of scrying—the art of imbuing objects with sentience—he convinced reality that he was something more than human. Wielding powers beyond comprehension, he strode the world like a god for centuries, meting out justice and razing empires single-handedly, cleansing the world through fire and destruction—and even defeating death itself. Like it or not, it’s up to Sancia to stop him. But to have a chance in the battle to come, she’ll have to call upon a god of her own—and unlock the door to a scrying technology that could change what it means to be human. And no matter who wins, nothing will ever be the same. The awe-inspiring second installment of the Founders Trilogy, *Shorefall* returns us to the world Robert Jackson Bennett created in his acclaimed *Foundryside* . . . and forges it anew.

Morningstar HarperCollins

From the coauthor of the *New York Times* bestselling *Illuminae Files* comes the first book in a new series that's part *Romeo and Juliet*, part *Terminator*, and all adrenaline. On an island junkyard beneath a sky that glows with radiation, a deadly secret lies buried in the scrap. Seventeen-year-old Eve isn't looking for trouble--she's too busy looking over her shoulder. The robot gladiator she spent months building has been reduced to a smoking wreck, she's on the local gangster's wanted list, and the only thing keeping her grandpa alive is the money she just lost to the bookies. Worst of all, she's discovered she can somehow destroy machines with the power of her mind, and a bunch of puritanical fanatics are building a coffin her size because of it. If she's ever had a worse day, Eve can't remember it. The problem is, Eve has had a worse day--one that lingers in her nightmares and the cybernetic implant where her memories used to be. Her discovery of a handsome android named Ezekiel--called a "Lifelike" because they resemble humans--will bring her world

crashing down and make her question whether her entire life is a lie. With her best friend Lemon Fresh and her robotic sidekick Cricket in tow, Eve will trek across deserts of glass, battle unkillable bots, and infiltrate towering megacities to save the ones she loves...and learn the truth about the bloody secrets of her past.

There was nothing Jarek Mace wouldn't do for the right price—including becoming a hero. The Angostin hordes raged over the Southern Borders. Evil sorcery ruled, and the vampyre kings lived once more. The Highland people were in much need of a great hero. Jarek Mace needed nothing and no one—not even that bard Owen Odell, with whom he now traveled. But when Mace harassed the Angostins for his own purposes, he inadvertently aided the Highland people. And now he was being hailed as a hero, a legend, the great Morningstar returned. But Owen Odell knew the real man behind the people's tales. Mace was an outlaw, a bandit, a heartless thief. He was no savior of the people. He was no legend. Or was he? “It seems that every time I read a new David Gemmell novel it is better than the last—and Morningstar is no exception. . . . The main difference between the book and the myths it draws upon is that Gemmell includes some of the less savory characters who we suspect may have been at the basis of both Robin and Arthur.”—Starburst

The Last Stormdancer Macmillan

In grey, 1930s England, Bea has grown up kicking against the conventions of the time, all the while knowing that she will one day have to marry someone her parents choose - someone rich enough to keep the family estate alive. But she longs for so much more - for adventure, excitement, travel, and maybe even romance. When she gets the chance to spend the summer in Italy with her bohemian uncle and his fianc_e, a whole world is opened up to Bea - a world that includes Ben, a cocky young artist who just happens to be infuriatingly handsome too. Sparks fly between the quick-witted pair until one night, under the stars, a challenge is set: can Bea and Ben put aside their teasing and have the perfect summer romance? With their new friends gleefully setting the rules for their fling, Bea and Ben can agree on one thing at least: they absolutely, positively will not, cannot fall in love... A long, hot summer of kisses and mischief unfolds - but storm clouds are gathering across Europe, and home is calling. Every summer has to end - but for Bea, this might be just the beginning.
