London Goes to Sea Random House Books for Young Readers  
We sailed a very old wooden ketch six thousand miles from Vancouver Island to New Zealand, a feat we felt was singularly impressive since we had, virtually, to learn how to sail and navigate along the way with no charts and inadequate sextant knowledge. A journey of faith, into the unknown that really became an adventure, exciting and sometimes terrifying. Become inspired, as we were, to escape the rat race, to drop everything and do something outrageous and rewarding and perhaps, like me, you will see the hand of God upon whose palm you journey. This is the story of the "Rainbow," a converted Royal Navy ship's pinnace built in Newcastle on Tyne in 1891 that became the magic carpet for a couple of young people who were willing to forgo a life of safety and security to find themselves through a voyage to 'the Real World'.

Deadly storms have ravaged Mina's homeland for generations. Floods sweep away entire villages, while bloody wars are waged over the few remaining resources. Her people believe the Sea God, once their protector, now curses them with death and despair. In an attempt to appease him, each year a beautiful maiden is thrown into the sea to serve as the Sea God's bride, in the hopes that one day the "true bride" will be chosen and end the suffering. Many believe that Shim Cheong, the most beautiful girl in the village—and the beloved of Mina's older brother Joon—may be the legendary true bride. But on the night Cheong is to be sacrificed, Joon follows Cheong out to sea, even knowing that to interfere is a death sentence. To save her brother, Mina throws herself into the water in Cheong's stead. Swept away to the Spirit Realm, a magical city of lesser gods and mythical beasts, Mina seeks out the Sea God, only to find him caught in an enchanted sleep. With the help of a mysterious young man named Shin—as well as a motley crew of demons, gods and spirits—Mina sets out to wake the Sea God and bring an end to the killer storms once and for all. WINNER OF THE MAINE LITERARY AWARD FOR NON FICTION NATIONAL BESTSELLER A NEW YORK TIMES NOTABLE BOOK AN NPR BEST BOOK OF THE YEAR ONE OF JANET MASLIN'S MUST-READ BOOKS OF THE SUMMER A NEW YORK TIMES EDITOR'S CHOICE ONE OF OUTSIDE MAGAZINE'S BEST BOOKS OF THE SUMMER ONE OF AMAZON'S BEST NONFICTION BOOKS OF THE YEAR SO FAR "A powerful and affecting story, beautifully handled by Slade, a journalist who clearly knows ships and the sea." —Douglas Preston, New York Times Book Review "A Perfect Storm for a new generation." —Ben Mezrich, bestselling author of *The Accidental Billionaires: The Founding of Facebook* On October 1, 2015, Hurricane Joaquin barreled into the Bermuda Triangle and swallowed the container ship *El Faro* whole, resulting in the worst American shipping disaster in thirty-five years. No one could fathom how a vessel equipped with satellite communications, a sophisticated navigation system, and cutting-edge weather forecasting

could suddenly vanish—until now. Relying on hundreds of exclusive interviews with family members and maritime experts, as well as the words of the crew members themselves—whose conversations were captured by the ship's data recorder—journalist Rachel Slade unravels the mystery of the sinking of *El Faro*. As she recounts the final twenty-four hours onboard, Slade vividly depicts the officers' anguish and fear as they struggled to carry out Captain Michael Davidson's increasingly bizarre commands, which, they knew, would steer them straight into the eye of the storm. Taking a hard look at America's aging merchant marine fleet, Slade also reveals the truth about modern shipping—a cut-throat industry plagued by razor-thin profits and ever more violent hurricanes fueled by global warming. A richly reported account of a singular tragedy, *Into the Raging Sea* takes us into the heart of an age-old American industry, casting new light on the hardworking men and women who paid the ultimate price in the name of profit.

In this memoir spanning nine decades, Lieutenant Colonel C.F. Jerram (1882 – 1969) of the Royal Marines recounts his life and military service through both world wars. Jerram describes in candid detail his late 19th-century childhood in Devon and Cornwall, the late Victorian and Edwardian Royal Navy, the Royal Navy's Far East Station, a traditional Corps of Marines, the Gallipoli Campaign, the World War I Western Front and the interwar and World War II years. His experience and insight convey two fundamental lessons: "Know thy profession and look after those for whom you are responsible." An essay by the editor, based on other sources, provides a broader perspective on Jerram, whose approach to professional military service is still pertinent today.

lore of whaling, with deep resonance in American literature and history. In 1820, the whaleship Essex was rammed and sunk by an angry sperm whale, leaving the desperate crew to drift for more than ninety days in three tiny boats. Nathaniel Philbrick uses little-known documents and vivid details about the Nantucket whaling tradition to reveal the chilling facts of this infamous maritime disaster. In the Heart of the Sea, recently adapted into a major feature film starring Chris Hemsworth, is a book for the ages.
