Awaken one...awaken them all. Insomniac Piper Laurel focuses on the simple things, the feel-good things. She likes her coffee black, her wine cheap, and her men gone by morning. But when her last living relative dies, she must confront the feel-bad things. She's the last Laurel, she's almost thirty, and she's completely alone. When she returns to her sleepy seaside hometown, her ex is still as yummy as ever, and a familiar-seeming stranger is also there to tug at her heartstrings. But a love triangle isn't the only thing waiting for her. The immortal Anik has spent centuries plotting to claim the last Laurel--and a lot of innocent souls in the bargain. To survive Anik and the Realm Wars, Piper must forget her version of reality and awaken to her destiny as a Seekin, Guardian of Souls. With two men vying for her heart and hellhounds on her heels, Piper must decide who she trusts and who she loves while embracing her destiny with her eyes wide open.

Amelia, daughter of the last independent King of Danhome, King Gbehanzin, is the apple of her father's eye, loved beyond measure by her mother, and overprotected by her siblings. She searches for her place within the palace amidst conspirators and traitors to the Kingdom. Just when Amelia begins to feel at home in her role as a Princess, a well-kept secret shatters the perfect life she knows. Someone else within the palace also knows and does everything to bring the secret to light. A struggle between good and evil ensues causing Amelia to leave all that she knows and loves. She must flee Danhome with her brother, to south-western Nigeria. In a faraway land, she finds the love of a new family and God. The well-kept secret thought to have been dead and buried, resurrects with the flash of a thread of gold beads. Amelia must fight for her life and what is left of her soul. Set during the French-Danhome war of the late 1890s in Benin Republic and early 1900s in Abeokuta and Lagos, South-Western Nigeria, *Thread of Gold Beads* is a delicate love story, and coming of age of a young girl. It clearly depicts the strength of the human spirit in the face of adversities.

What's so tough about building a solar collector? Most people think it's time they tried to do their part at lowering their monthly utility bills or curbing climate change, but they suspect that their dream of building a hot water solar collector is more than they can handle. In some cases, this may be true. However, if you have already performed your own plumbing repairs, this project may not be as difficult as and more affordable than you imagine. This down-to-earth guide can show you just how possible such a project can be. With simple step-by-step instructions, fifty-six clear illustrations, and a complete parts list from a major hardware store, you may fulfill your dream of going solar sooner

than you think. This is an excellent book with clear and well thought out plans. With a little investment and time and the parts listed, you will have a worthy product that will save money and provide satisfaction. A. J. Shea I am very impressed with the plans for this solar hot water system. I think it was easy to understand and complete with material lists and where to get them. I am looking forward to building one soon. Dean Cardin For anyone wanting to build their own solar collector, this is a great tool. Like others have said, follow the directions with respect to the materials specified. BigBear Book Two of the Kitty Hawk Flying Detective Agency Series University of Chicago Press
Kitty Hawk and the Hunt for Hemingway's Ghost is the exciting second installment in a new series of adventure mystery stories that are one part travel, one part history and five parts adventure. This second book in the series continues the adventures of Kitty Hawk, an intrepid teenage pilot who has decided to follow in the footsteps of her hero Amelia Earhart and make an epic flight around the entire world. After flying across North America Kitty's journey takes her down south to Florida where she plans to get a bit of rest and relaxation before continuing on with the rest of her long and grueling flight. As Kitty explores the strange and magical water world of the Florida Keys her knack for getting herself into precarious situations sweeps her headlong into the adventure of a lifetime involving mysterious lights, ancient shipwrecks, razor-toothed barracudas and even a sighting of the great Ernest Hemingway himself. This exhilarating story will have armchair explorers and amateur detectives alike anxiously following every twist and turn as they are swept across the landscape and history of the Florida Keys all the way from Key West to the strange and remarkable world of Fort Jefferson and the Dry Tortugas.

Welcome to the premiere edition of "The Fishing Smart Anywhere Handbook for Salt Water & Fresh Water." As an award-winning author, I embrace (along with my companion of over forty years, Donna) a number of water-related activities. Sixty years of experience went into writing this concise yet comprehensive guide. If I had to sum up this handbook in a single word, it is all about having Fun. Be it spin casting, bait casting or the supposed arcane art of fly casting, together we will target new tackle, examine time-tested techniques, and apply innovative approaches to these three basic methods-methods that will give the angler the added edge. Whether saltwater or freshwater fishing, clamming, crabbing, kayaking, cooking seafood or smoking fish, selecting the proper equipment is of paramount importance. The information presented will prove priceless, providing you with practical advice, serious savings, unprecedented quality and value. That's a promise, not hyperbole. Get it right the first time, and avoid unnecessary aggravation and expense. Taking fresh fish and shellfish from our seas and shores is rewarding, for there is a world of delectable fare that awaits you. Perfected over the course of many years, I present gourmet recipes that will delight you, your family and friends. Written in an informative, entertaining and often humorous fashion, this handbook is for the beginner, intermediate as well as the advanced outdoors enthusiast, serving as either a condensed treatment of a subject or a concise reference. I offer you a unique approach in that this information is superbly blended and balanced to accommodate all levels of experience-from introducing and instructing newcomers to many enjoyable and rewarding water-related activities, to presenting veteran outdoorsmen/women with creative techniques. Residing on the water, Donna and I live, sleep, breathe and share our outdoor experiences with you. Having spent sixty years plying the waters along the eastern seaboard, we have made the East End of Long Island our home and playground for the past twenty-three years. We have been praised by Angelo Peluso-outdoors author, columnist and avid fisherman-as the "Best writing and fishing tag-team on Long Island." I invite you to join Donna

and me on our continual journey. Living the good life is yours for the taking.

Dr. Brooke Spencer always felt different from other girls. Now a successful scientist, she is finally discovering where she belongs: working alongside the brilliant, trailblazing researcher Dr. Charles Samuelson. Dr. Samuelson has recently made a discovery that has eluded philosophers and dreamers for centuries: How to transmute iron into gold. Determined to use the knowledge for good, Dr. Samuelson recruits Brooke to assist him with his new plan, his "Golden Manifesto." But humans are not alone and his discovery has not gone unnoticed. Extraterrestrial visitors seek to control Dr. Samuelson's Breakthrough, and before long, Brooke is all that stands between Earth and total Destruction. Will she be able to hold her ground? Or will the timeless temptation of gold prove too much for even the strongest of spirits? Brooke will soon face a choice that will make her question her background, her career, and the fate of the planet.

The Gold Water Event Grasslands Publishing

" Probably the most eloquent call to arms we ' re likely to hear about the politics of water " (The Globe and Mail, Toronto). In this " chilling, in-depth examination of a rapidly emerging global crisis, " Maude Barlow and Tony Clarke, two of the most active opponents to the privatization of water show how, contrary to received wisdom, water mainly flows uphill to the wealthy (In These Times). Our most basic resource may one day be limited: Our consumption doubles every twenty years—twice the rate of population increase. At the same time, increasingly transnational corporations are plotting to control the world ' s dwindling water supply. In England and France, where water has already been privatized, rates have soared, and water shortages have been severe. The major bottled-water producers—Perrier, Evian, Naya, and now Coca-Cola and PepsiCo—are part of one of the fastest-growing and least-regulated industries, buying up freshwater rights and drying up crucial supplies. A truly shocking expos é , Blue Gold shows in frightening detail why, as the vice president of the World Bank has pronounced, " The wars of the next century will be about water. " " Maude Barlow and Tony Clarke combine visionary intellect with muckraking research and a concrete plan for action. " —Naomi Klein, author of The Battle for Paradise " A sobering, in-depth look at the growing scarcity of fresh water and the increasing privatization and corporate control of this nonrenewable resource. " —Library Journal " An angry and persuasive account. " —Bloomberg Businessweek " The dire scenarios laid out in this comprehensive book are truly frightening. " —The San Diego Union-Tribune

Truth Is Not Always True Texas A&M University Press

A time traveling cave. A vicious band of miners...and pure gold. When West Virginia teenagers Emma and Brody promised their neighbor, a famous geologist, to help rebuild his decimated rock and mineral collection for a museum display, they didn't know they would be in for the magical ride of a lifetime. After a successful trip to 1775 England where they collected the rare Blue John Fluorite, the teens are quick to jump at the chance to travel to the California Gold Rush in 1851. When they arrive at the Gold Rush and meet an old acquaintance, they think the mission will be easy until they realize their friend may not be able to help them at all. When their actions in the past erase their future, can Emma and Brody right the wrong? With a hostile group of miners hot on their trail, Brody and Emma must collect the gold, save their friends, and salvage the future before it is too late. Rusher's Gold is the second book in the middle grade adventure/sci-fi series Crystal Cave Adventures. If you like adventure and time travel mixed with your geology, then you'll love Tracy Diane's exciting series.

Copyright June 2013 J Yates. Re-edited version by the marvellous Mr Chris Keppie. June 2014 This version March 2015 Set in the 1980's most of the drama for this time traveling adventure is set in the Pitt Rivers Museum Oxford UK. Lilly's family has an extraordinary secret, one they have kept for four generations. Lilly's proud to be different and special. At Halloween she's happy to stay at home and cast spells with her mum and her Grandmother rather than go out trick or treating like the other kids. At 12 years old, she thinks she knows it all. But then Lilly becomes unsettled by odd events, like seeing the sinister man in the white shoes staring at her while she walks the dogs, and then local children start to go missing. When her mum doesn't come back from one of her regular night-time jaunts, Lilly's grandmother thinks it's time to tell her the whole story. Lilly has second thoughts about whether her family's secret is a blessing, or a curse...

Gold in the Sky St. Martin's Griffin

"Torn between the little boy within and the womanizer he had become, one day Ian Gold hears the voice of God say, "You have been useless to me!" In response to God's rebuke, Gold makes a life changing decision to walk away from the National Football League (NFL). In "Plant Water Grow", Gold takes readers on the journey of a lifetime as he offers readers a bird's-eye view of his transformation from a love starved little boy, to a sex starved Pro Bowl

Linebacker in the NFL, to the purpose driven man he is today. Gold's transparency is sure to captivate the hearts and minds of readers as he recounts the heartache, rejection and loneliness he experienced as the middle child of four boys raised by a single mother, candid and explicit accounts of sex, lies, deception, hurt and pain from his four years at The University of Michigan and eight year NFL career, along with his ultimate self-discovery---being useless to God. Despite Satan's desire to use him, and his many indiscretions, this detailed account of Ian Gold's first thirty-three years of life, is sure to illustrate the unrelenting, undying, unyielding, unconditional and everlasting love of God"--Amazon.com.

Midas The New Press

In California, a team of talented young men begin pursuing the most elusive dream in sports, the Olympic Games. The pressure steadily increases as two best friends (a mentor and his protégé) reach the top of the world rankings and unexpectedly find themselves direct competitors. Their teammates include an emerging star methodically plotting to retrace his father's path to Olympic glory, as well as a super-extraordinary athlete desperate to walk away from it all. Led by one of the most passionate coaches in sports, a brilliant and explosive strategist on a personal quest for redemption, this team of dark horses and Olympic favorites works through escalating rivalries, joyous triumphs, and heartbreaking setbacks. Author P. H. Mullen chronicles their journey to the 2000 Olympic Games and presents one of the most powerful and moving sports books ever written. Boldly sweeping in literary power and pace, this startling book will permanently change how you view the Olympic athlete. It is a fascinating world of suspense and emotion where human desire for excellence rules over all, and where there are no second chances for glory. But above all, Gold in the Water is a triumph of the human spirit.

The True Story of Ordinary Men and Their Extraordinary Dream of Olympic Glory Routledge

Red Water, Black Gold: The Canadian River in Texas 1920 – 1999 tells the story of the Canadian River in the Texas Panhandle. It is a tale of grand designs, high hopes, deep holes, politics, fishing, follies, foibles, and environmental change. Although efforts had been made to tap the Canadian River's waters before 1920, the discovery of oil in the Panhandle gave new urgency to the search for permanent water supplies. Additionally, the spread of groundwater irrigation amid the discovery of the limits of Ogallala Aquifer spurred regional interests to tap the Canadian. But overestimates of the river's flow and unfamiliarity with the critical role groundwater played in maintaining that flow led to complications and frustrations, culminating in a lawsuit over the location of the banks of a seemingly waterless river. This book is a valuable addition to the water history of Texas and the American West and to the growing body of worldwide regional water histories. Combining traditional historical sources with hydrology, climatology, and geology, Red Water, Black Gold complicates the traditional story of top-down water management as well as telling the thus-far untold story of the Canadian River in Texas.
