It is a fascinating world of suspense and emotion where human desire for excellence rules over all, and where there are no second chances for glory. But above all, Gold in the Water is a triumph of the human spirit.

Gold in the Water

Methods of bringing out the gold. The first step of recovery was to bring the mixture of gold and dirt from the ground to the surface or from a hillside down to a bench. There were two methods: digging a shaft or using water under pressure to either wash down a hillside or suck up earth from the ground.

Underground mining

Diamonds and gold in the Sea!!.....

When he looked into the water, he saw what appeared to be gold shimmering in the pond, and cried out,

“ Gold! ” At the same time, not being able to hold himself back, he jumped into the water and searched high and low for this treasure. But no matter how hard he tried, he could find no trace of the gold.
