In The Fifth Sorceress, Robert Newcomb conjures a time and place wrought with exquisite detail, characters vividly drawn and deeply felt, and a history rich in glory and horror, splendor and secrets. . . . " We gave them a chance once, long ago. . . . We offered to share power equally, and in peace. But they refused and chose war. With them it was all or nothing. Wizard against Sorceress. Male against female. Light against dark. " It is more than three centuries since the ravages of a devastating war nearly tore apart the kingdom of Eutracia. In its wake, those who masterminded the bloodshed—a quartet of powerful, conquest-hungry Sorceresses—were sentenced to exile, with return all but impossible and death all but inevitable. Now a land of peace and plenty, protected and guided by a council of immortal wizards, Eutracia is about to crown a new king. And as the coronation approaches, the spirit of celebration fills every heart. Except one. Prince Tristan is a reluctant monarch-to-be. Though born with the " endowed " blood that will give him the power to master magic, and destined by tradition to succeed his father as ruler, he is a rebel soul. And when he discovers the ancient, hidden caves where strange red waters flow—possessed of their own mysterious magic—it only makes him yearn all the more to escape his future of duty . . . and succumb to the stirrings of enchantment within him. But more than tradition compels Tristan to ascend the throne. The very existence of Eutracia depends upon it. For after these long centuries of peace, dreadful omens have begun to appear, heralding something too unspeakable to ponder. And if indeed the old evil has returned, hungry to wreak vengeance, Tristan ' s role in an ages-old prophecy must be fulfilled—or the cost to his kingdom and his people will be beyond imagination. It will be a battle like none ever known, against

an enemy whose thirst for blood and domination is depthless and unyielding. And for Tristan, it will be the ultimate challenge: facing an adversary whose greatest weapon is the person he loves most—transformed into the instrument of his annihilation . . . and the catalyst that will doom Eutracia forever to darkness.

Red Rising and Philosophy has gathered together a crew of the wisest Helldivers philosophy can offer. Could humanity's love of physical enhancements cause its extinction? Do people doom humanity by trying to all be the same? Can a person love someone, while at the same time wanting that person destroyed? Is equality always the best principle on which to organize society? What is evil, and how does it exist in contemporary life? Does one remain the same person, even after changing every physical aspect of one's body? Is it moral to sell oneself into slavery, whether it 's through sex or manual labor? Is it ethical to sell one's children into slavery, on the promise that their children will live in peace and tranquility? These questions and more are what make Brown 's Red Rising trilogy such an impactful story. Brown pulls no punches, and philosophy works best in such an environment. Red Rising and Philosophy is not for the timid or the faint at heart. It 's not The Passage, since no one will die from reading it, but reading it could be a life-changing experience.

Brent Spiner 's explosive and hilarious novel is a personal look at the slightly askew relationship between a celebrity and his fans. Featuring a cast of characters from Patrick Stewart to Levar Burton to Trek creator Gene Roddenberry, to some completely imagined, this is the fictional autobiography that takes readers into the life of Brent Spiner, and tells an amazing tale about the trappings of celebrity and the fear he has carried with him his entire life.
