The Pain and the Great One Penguin

The compelling, poignant true stories of victims of a notorious adoption scandal—some of whom learned the truth from Lisa Wingate’s bestselling novel *Before We Were Yours* and were reunited with birth family members as a result of its wide reach From the 1920s to 1950, Georgia Tann ran a black-market baby business at the Tennessee Children’s Home Society in Memphis. She offered up more than 5,000 orphans tailored to the wish lists of eager parents—hiding the fact that many weren’t orphans at all, but stolen sons and daughters of poor families, desperate single mothers, and women told in maternity wards that their babies had died. The publication of Lisa Wingate’s novel *Before We Were Yours* brought new awareness of Tann’s lucrative career in child trafficking. Adoptees who knew little about their pasts gained insight into the startling facts behind their family histories. Encouraged by their contact with Wingate and award-winning journalist Judy Christie, who documented the stories of fifteen adoptees in this book, many determined Tann survivors set out to trace their roots and find their birth families. *Before and After* includes moving and sometimes shocking accounts of the ways in which adoptees were separated from their first families. Often raised as only children, many have joyfully reunited with siblings in the final decades of their lives. Christie and Wingate tell of first meetings that are all the sweeter and more intense for time missed and of families from very different social backgrounds reaching out to embrace better-late-than-never brothers, sisters, and cousins. In a poignant culmination of art meeting life, many of the long-silent victims of the tragically corrupt system return to Memphis with the authors to reclaim their stories at a Tennessee Children’s Home Society reunion . . . with extraordinary results. Advance praise for *Before and After* “In *Before and After*, authors Judy Christie and Lisa Wingate tackle the true stories behind Wingate’s blockbuster *Before We Were Yours*, of the orphans who survived the Tennessee Children’s Home Society. With a journalist’s keen eye and a novelist’s elegant prose, Christie and Wingate weave together the stories that inspired *Before We Were Yours* with the lives that were changed as a result of reading the novel. Readers will be educated, enlightened, and enraptured by this important and flawlessly executed book.”—Pam Jenoff, author of *The Orphan’s Tale* and *The Lost Girls of Paris*

The idea of a Green New Deal was launched into popular consciousness by US Congressperson Alexandria Ocasio-Cortez in 2018. Evocative of the far-reaching ambitions of its namesake, it has become a watchword in the current era of global climate crisis. But its new ubiquity brings ambiguity: what - and for whom - is the Green New Deal? In this concise and urgent book, Max Ajl provides an overview of the various mainstream Green New Deals. Critically engaging with their proponents, ideological

underpinnings and limitations, he goes on to sketch out a radical alternative: a 'People's Green New Deal' committed to degrowth, anti-imperialism and agro-ecology. Ajl diagnoses the roots of the current socio-ecological crisis as emerging from a world-system dominated by the logics of capitalism and imperialism. Resolving this crisis, he argues, requires nothing less than an infrastructural and agricultural transformation in the Global North, and the industrial convergence between North and South. As the climate crisis deepens and the literature on the subject grows, *A People's Green New Deal* contributes a distinctive perspective to the debate.

Downtown Green Knopf Books for Young Readers

Born to Jewish radical parents in Chicago in 1939, Judy Cohen grew up to be Judy Chicago—one of the most daring and controversial artists of her generation. Her works, once disparaged and misunderstood by the critics, have become icons of the feminist movement, earning her a place among the most influential artists of her time. In *Becoming Judy Chicago*, Gail Levin gives us a biography of uncommon intimacy and depth, revealing the artist as a person and a woman of extraordinary energy and purpose. Drawing upon Chicago’s personal letters and diaries, her published and unpublished writings, and more than 250 interviews with her friends, family, admirers, and critics, Levin presents a richly detailed and moving chronicle of the artist’s unique journey from obscurity to fame, including the story of how she found her audience outside of the art establishment. Chicago revolutionized the way we view art made by and for women and fundamentally changed our understanding of women’s contributions to art and to society. Influential and bold, *The Dinner Party* has become a cultural monument. *Becoming Judy Chicago* tells the story of a great artist, a leader of the women’s movement, a tireless crusader for equal rights, and a complicated, vital woman who dared to express her own sexuality in her art and demand recognition from a male-dominated culture.

More than 14 percent of the PhD’s awarded in the United States during the first four decades of the twentieth century went to women, a proportion not achieved again until the 1980s. This book is the result of a study in which the authors identified all of the American women who earned PhD’s in mathematics before 1940, and collected extensive biographical and bibliographical information about each of them. --from publisher description

What does it mean for the future of the planet when one of the world’s most durable authoritarian governance systems pursues “ ecological civilization ” ? Despite its staggering pollution and colossal appetite for resources, China exemplifies a model of state-led environmentalism which concentrates decisive political, economic, and epistemic power under centralized leadership. On the face of it, China seems to embody hope for a radical new approach to environmental governance. In this thought-provoking book, Yifei Li and Judith Shapiro probe the concrete mechanisms of China’s coercive environmentalism to show how “ going green ” helps the state to further other agendas such as citizen surveillance and geopolitical influence. Through top-down initiatives, regulations, and campaigns to mitigate pollution and environmental degradation, the Chinese authorities also promote control over the behavior of individuals and enterprises, pacification of borderlands, and expansion of Chinese power and influence along the Belt and Road and even into the global commons. Given the limited time that remains to mitigate climate change and protect millions of species from extinction, we need to consider whether a green authoritarianism can show us the way. This book explores both its promises and risks.

Darya does not remember how she came to be a slave or who she was before she was bought by an army captain for his motherless daughter in the ancient Persian city of Susa. Protected and nurtured by the housekeeper and her daughter, Darya has as good a life as a slave can have, even acquiring the rare skill of reading and writing, which she learns alongside her young mistress. When the captain dies and the household is broken up, this skill proves to be her lifeline. She becomes the seventh handmaiden to the mysterious Esther, who is being housed at the Royal Palace while in contention to be King Xerxes’s new Queen. However, life in Ancient Persia is precarious for women and outsiders, wherever they are in the hierarchy. When the king appoints a new prime minister called Haman, Darya and Esther are drawn into his murderous conflict with the Judean community and Mordechai, their leader, who lives just outside the palace gates. In a world of discord and uprising, Darya seeks to fix the world around her and protect her friends, while also trying to unravel the mysteries surrounding who she is and how she became a slave. As she grows from childhood to womanhood she grapples with her own identity, her aspirations and desires and begins to understand the true meaning of both slavery and freedom.
