"Hilarious. . . . It's Cliff Notes for Scripture—screenplay by Plotz, story by God. . . . In the end, though, the book is made by the spirit of the writer." — The New York Times Book Review

"Like the Bible itself, Good Book contains multitudes—it is by turns thought-provoking, funny, enlightening and moving." — A. J. Jacobs, author of The Year of Living Biblically "Plotz is a genius writer." — Franklin Foer, author of How Soccer Explains the World A whip-smart, laugh-out-loud tour through the most important book in the world, a book most people have never read: the Bible.

No one can read far in the Old Testament without encountering numerous acts of violence that are sanctioned in the text and attributed to both God and humans. Over the years, these texts have been used to justify all sorts of violence: from colonizing people and justifying warfare, to sanctioning violence against women and children. Eric Seibert confronts the problem of "virtuous" violence and urges people to engage in an ethically responsible reading of these troublesome texts. He offers a variety of reading strategies designed to critique textually sanctioned violence, while still finding ways to use even the most difficult texts constructively, thus providing a desperately needed approach to the violence of Scripture that can help us live more peaceably in a world plagued by religious violence.

Furiously Happy Weldon Owen

"Jenny made me laugh so hard I feared for my safety! I think that's how she was able to get past my

defenses and make me feel more okay about myself." -Allie Brosh, author of Hyperbole and a Half For fans of David Sedaris, Tina Fey, and Mindy Kaling—the new book from Jenny Lawson, author of the #1 New York Times bestseller LET'S PRETEND THIS NEVER HAPPENED... In LET'S PRETEND THIS NEVER HAPPENED, Jenny Lawson baffled readers with stories about growing up the daughter of a taxidermist. In her new book, FURIOUSLY HAPPY, Jenny explores her lifelong battle with mental illness. A hysterical, ridiculous book about crippling depression and anxiety? That sounds like a terrible idea. And terrible ideas are what Jenny does best. According to Jenny: "Some people might think that being 'furiously happy' is just an excuse to be stupid and irresponsible and invite a herd of kangaroos over to your house without telling your husband first because you suspect he would say no since he's never particularly liked kangaroos. And that would be ridiculous because no one would invite a herd of kangaroos into their house. Two is the limit. I speak from personal experience. My husband says that none is the new limit. I say he should have been clearer about that before I rented all those kangaroos." "Most of my favorite people are dangerously fucked-up but you'd never guess because we've learned to bare it so honestly that it becomes the new normal. Like John Hughes wrote in The Breakfast Club, 'We're all pretty bizarre. Some of us are just better at hiding it.' Except go back and cross out the word 'hiding.'" Jenny's first book, LET'S PRETEND THIS NEVER HAPPENED, was ostensibly about family, but deep down it was about celebrating your own weirdness. FURIOUSLY HAPPY is a book about mental illness, but under the surface it's about embracing joy in fantastic and outrageous ways—and who doesn't need a bit more of that?

From Christian Piatt: "When I was a teenager, my youth minister threw a bible at my head for asking questions." Too often, for various reasons, people don't have the opportunity to ask the hard questions they have about faith, religion, salvation and the bible. And when questions are left unanswered in communities of faith, people either seek answers elsewhere or lose interest all together. The purpose of the series is to collect the most compelling and challenging questions from various theological areas and pose them to a panel of "experts" who are challenged with responding in two hundred words or less in plain English. This volume addresses challenging or

controversial questions about scripture collected from people on Facebook, MySpace, Twitter and other social networking media. Respondents include theology professors, clergy, lay leaders, liberals, conservatives and voices representing a spectrum of views. The idea behind the books is not so much to provide definitive answers as it is to stimulate thought, reflection and discussion. By offering multiple perspectives, readers have the opportunity to arrive at their own questions. Better, they come to understand that questioning faith is not taboo, but rather that it can be at the foundation of a strong and growing faith. The directive given to each respondent guided them to be concise and to speak in plain language, but also not to rely exclusively on "the Bible says it" justifications, or to wax abstract or overly intellectual. Instead, they write from personal experience as much as possible, and provide real-life contexts that will allow the average seeker or churchgoer to apply such ideas to their daily lives.
