A good sentence, I find myself saying frequently, is one that the reader can follow from beginning to end, no matter how long it is, without having to double back in

confusion because the writer misused or omitted a key piece of punctuation, chose a vague or misleading pronoun, or in some other way engaged in inadvertent misdirection.

Bermuda's History from 1952 to 1999

"The story of White House chiefs of staff—often second only to the president in power—is an especially fresh and engaging way

to chart the ups and downs of recent American presidents. And through Chris Whipple's discerning lens, we learn scores of new things about how government really works at the highest level."

Shadow Archetype has to do with two elements of writing: characters and settings. In this article we discuss character archetypes. For the settings viewpoint, see Shadowland.. Character-wise, it's the part of the personality that embodies everything a character, called the 'Self', doesn't like about themselves, the things they (often subconsciously) deny about themselves and project on to others.
