Adventures of

Huckleberry Finn (often shortened to Huck Finn)

is a novel written by American humorist Mark Twain. It is commonly

used and accounted as one of the first Great

American Novels. It is also one of the first major

American novels written using Local Color

Regionalism, or vernacular, told in the first

person by the eponymous Huckleberry "Huck" Finn,

best friend of Tom Sawyer and hero of three

other Mark Twain books. The book is noted

for its colorful description of people and places

along the Mississippi

River. By satirizing Southern antebellum society that was already a quarter-century in the past by the time of publication, the book is an often scathing look at entrenched attitudes, particularly racism. The drifting journey of Huck and his friend Jim, a runaway slave, down the Mississippi River on their raft may be one of the most enduring images of escape and freedom in all of American literature.

Graphic Opinions Kumon Pub North America Limited Hurrah for Essays! All writing lessons should be this much fun. When cousins Dennis and Mellie decide to get a dog, they consider carefully

what breed would be best for each family. For example, Dennis wants a big dog, but Mellie wants tiny. He has no other pets, but she has other pets that a dog must get along with. They consider different dog personalities, family situations, and personal preferences. Dennis writes an opinion essay for his teacher, Mrs. Shirky. But will his essay convince his parents to get the dog of his dreams? This story takes a popular subject-kids getting a pet-and adds dogs of all sizes and shapes: all writing lessons should be this much fun. In the end, it's cousins and the dogs that keep a reader turning the page. What kind of dog will Dennis choose? Will Mellie want the same kind of dog? PRAISE FROM DOG EXPERTS "Darcy Pattison does a remarkable job on several fronts with her wonderful new book I Want A Dog: My Opinion Essay. She introduces the value of the written text at an early age to children. This cannot be

emphasized enough in our early classrooms. With this comes an important lesson regarding the responsibility of owning and caring for a dog. As President of the Labrador Retriever Club representing the breed with the largest number of dogs I know how imperative responsible dog ownership is and Darcy does a wonderful job instilling this at an early age. This is a remarkable children's book that has a lesson." -Fred Kampo, President of the Labrador Retriever Club This story hits many notes: A family story about cousins, Dennis and Mellie Information on dog breeds Responsible dog ownership Mentor-text for teaching writing Model opinion essay for elementary students Models the writing process, especially the importance of pre-writing or planning before you write Completes the writing process by showing the results of Dennis's essay I WANT A DOG almost makes opinion essays look too easy. A gripping, heart-wrenching, and wholly remarkable tale of coming-of-age in a South poisoned by virulent prejudice, it views a world of great beauty and savage inequities through the eyes of a young girl, as her father—a crusading local lawyer—risks everything to defend a black man unjustly accused of a terrible crime.

One day, Mr. Keene called all the students and teachers together and said, "This is a fine, fine school! From now on, let's have school on Saturdays too."

And then there was more. School all weekend. School on the holidays. School in the SUMMER! What was next . . . SCHOOL AT NIGHT? So it's up to Tillie to show her well-intentioned principal, Mr. Keene, that even though his fine, fine school is a wonderful place, it's not fine, fine to be there all the time.

DIY Financial Advisor: A
Simple Solution to Build

and Protect Your Wealth
DIY Financial Advisor is a synopsis of our research findings developed while serving as a consultant and asset manager for family offices. By way of background, a family office is a company, or group of people, who manage the wealth a family has gained over generations. The term 'family office' has an element of cachet, and even mystique, because it is usually associated with the mega-wealthy. However, practically speaking, virtually any family that manages its investments—irrespective of the size of the investment pool—could be considered a family office. The difference is mainly semantic. DIY Financial Advisor outlines a step-by-

step process through which investors can take control of their hard-earned wealth and manage their own family office. Our research indicates that what matters in investing are minimizing psychology traps and managing fees and taxes. These simple concepts apply to all families, not just the ultra-wealthy. But can—or should—we be managing our own wealth? Our natural inclination is to succumb to the challenge of portfolio management and let an 'expert' deal with the problem. For a variety of reasons we discuss in this book, we should resist the gut reaction to hire experts. We suggest that investors maintain direct control, or at least a thorough

understanding, of how their hard-earned wealth is managed. Our book is meant to be an educational journey that slowly builds confidence in one's own ability to manage a portfolio. We end our book with a potential solution that could be applicable to a wide-variety of investors, from the ultra-high net worth to middle class individuals, all of whom are focused on similar goals of preserving and growing their capital over time. DIY Financial Advisor is a unique resource. This book is the only comprehensive guide to implementing simple quantitative models that can beat the experts. And it comes at the perfect time, as the investment industry is undergoing a

significant shift due in part to the use of automated investment strategies that do not require a financial advisor's involvement. DIY Financial Advisor is an essential text that guides you in making your money work for you—not for someone else!
