GoPro, with a great focus on storytelling. It ' s easy to read and there are lots of tips and tricks on filming techniques and how to use the camera efficiently. I am so excited to make my first GoPro video on my next trip now. ” Alisha Van B, Photojournalist  
Go Pro Pearson Education  
The aim of this manual is to help you to acquire or consolidate the competences required by ICAO and, to this end, to adopt a personalized method of working. This course in radio communications, designed by the reference expert in Aviation English, Yves Rengade, is the only one to be based on authentic

in-flight recordings used language training material which will help you to acquire or consolidate the competences required by ICAO by adopting a personalized method of working.”  
GoPro Hero & Fusion Guide  
ProjectGoPro  
Action Camera Underwater Video Basics shows how to capture fantastic video and turn it into engaging sequences. The book focuses on small action cameras – the format which includes devices made by GoPro, SeaLife and Paralenz – all of which have more depth to them than one might first imagine. Award-winning underwater cameraman Jeff Goodman shows how versatile they can be and

how to get the best out of them. Every one of the 200+ images in the book was shot with an action camera. The book looks at important camera features and cuts through the dizzying array of equipment choices. Homing in on what is useful for underwater videoing, Jeff then provides the vital background knowledge key to achieving great results, time after time, whatever device you use: How to avoid the typical mistakes made by many budding underwater filmmakers. Capture better shots and turn them into engaging sequences. An introduction to the editing process – simple techniques to make the best videos. Jeff also explains how to use action cameras to take

---

better underwater stills, both in the water and later from the video which has been shot. The book concludes with two exercises that put the theory into practice. Although technology moves on at a pace, some things will always remain true. Nowadays shooting exclusively with tiny action cameras, Jeff shares a lifetime of essential underwater video know-how in one handy book.

The GoPro Hero 10 black is the

newest addition to the industry-leading action camera line. There is no better action camera than the GoPro Hero 10 black, which is submersible, shockproof, and packed with features. It can record up to 10 hours of 4K video at 30 frames per second. Moreover, the camera includes a new and enhanced picture stabilization mechanism that may cut down on shaking by as much as 2.5 times. Take your friends and family on vacations or to sporting events and capture every moment in stunning 4K resolution with the GoPro Hero 10 black. In the past, only GoPro mounts and accessories could be used with GoPro cameras. The advent of the Hero 10 black, however, has made them

suitable for use with a variety of mounts and accessories. The Hero 10 Black is a brand-new camera made for both serious filmmakers and casual users who wish to record their exploits in stunning 4K resolution. You don't even need a case since the camera can survive being submerged in water for up to 10 minutes at a depth of 33 feet. The Hero 10 Black is the most recent iteration of GoPro's well regarded action cameras. For connectivity with smartphones and other devices through its mobile app, GoPro included a 4k at 60fps, 12-megapixel main camera, a 5-megapixel wide angle secondary camera, and built-in Wi-Fi and Bluetooth. The camera can be operated by speech, can record

---

in 360 degrees, and has electronic picture stabilization. In terms of GoPro cameras, the newest and most feature-packed model is the Hero 10. The camera can record 4K video, has a screen on the front, and is waterproof without a protective cover. A screen is integrated onto the front of the GoPro Hero 10 black.

My GoPro Hero Camera No Starch Press

What if I told you there was a way you could acquire land, completely for free? This book is a detailed explanation of how to claim land through the process of adverse possession. It is designed to take you from a mild interest in the subject to being a fully fledged owner of your own piece of land, which you acquired free of charge. It will describe how to claim

---

unregistered, unowned or abandoned land as your own, legally. Every morsel of information you may need for every little step of your journey has been compiled into a manual that will hold your hand through the entire process of finding a suitable piece of land for your needs, placing your claim, getting it in your name legally, obtaining planning permission if necessary, using it, living on it and includes solutions to all the obstacles along the way. The book details examples of my own experience of claiming land in the UK, but the

information is relevant to the adverse possession laws in many other countries, including Ireland, the USA, Canada, Australia and New Zealand. This book will change your life. Good luck to all in your search for freedom through the acquisition of free property and land!

### Designing for Wearables

Kaisanti Press

The GoPro is a little, inexpensive camera that accomplishes a ton of wonderful things and produces professional-quality film because of its Wi-Fi connectivity, exceptional

performance, and remarkable mobility. The Hero 11 can record 5.3K video at up to 60 frames per second, 4K at up to 120 frames per second, and 2.7K at up to 240 frames per second if you want to make high-resolution slow-motion recordings. GoPro's longer-lasting Enduro battery, which was previously an extra component, is now included with the Hero 11 as standard equipment. By attempting to make the entire shooting, editing, and uploading workflow as fluid as possible, GoPro has really entered the creator market, without

---

forgetting its primary origins for  
adventure athletes and general  
trip

photographers/videographers.
