Advances in Simulation and Digital Human Modeling Springer Nature

This book gathers a collection of extended papers based on presentations given during the SimHydro 2017 conference, held in Sophia Antipolis, Nice, France on June 14 – 16, 2017. It focuses on how to choose the right model in applied hydraulics and considers various aspects, including the modeling and

simulation of fast hydraulic transients, 3D modeling, uncertainties and multiphase flows. The book explores both limitations and performance of current models and presents the latest developments in new numerical schemes, high-performance computing, multiphysics and multiscale methods, and better interaction with field or scale model data. It gathers the latest theoretical and innovative developments in the modeling field and presents some of the most advance applications on various water related topics like uncertainties, flood simulation and complex hydraulic applications. Given its breadth of coverage, it addresses the needs and interests of practitioners, stakeholders, researchers and engineers alike.

Completely updated to reflect the latest in paddling equipment and kayak technology, William Nealy ' s illustrated kayaking manual is as practical as it is dead-on hilarious. Whether detailing hardcore hippy hairboaters or insane youngsters clattering tiny play boats down steep, rocky creeks, Nealy is back and more useful and entertaining than ever. Over 400 illustrations help Nealy break down even the most complex kayaking skills, making difficult whitewater techniques understandable. You may break a rib laughing, but with Nealy holding your hand you ' ll be less likely to break a bone while boofing an insane rapid (or maybe an entire waterfall).

This ground-breaking book explores the points of convergence between corporate capitalism and terrorist practice. Assessing the increase in the number of terrorist attacks directed against commercial entities in urban areas, such as the Westgate mall in Nairobi or the Charlie Hebdo offices in Paris, Suzi Mirgani offers a fascinating and

disturbing perspective on the spaces where supposedly oppositional ends of the spectrum meet on common ground. How is it that these urban commercial spaces provide ground zero for a meeting between the most powerful forces of contemporary culture, the most mainstream and the most extreme?
