Overall *Got You Back* was an entertaining, witty and memorable novel which I didn't want to end. The writing's

brilliant, the characters are not over-the-top or unrealistic and the plot is guaranteed to keep you up late at night. Another fantastic read by Jane Fallon for fans of women's fiction. I can't wait to see what she comes up with next!

Got You Back is an easy read which didn't overly excite me but was quite entertaining. The synopsis sounded great – I think it's always quite fun to read about some revenge served up cold to a cheating partner – and the novel satisfied that to some extent, but it wasn't as exciting as I thought it would be.

 JANE FALLON is a leading figure in the TV industry. Her first novel, *Getting Rid of Matthew* , was a Richard & Judy pick in the UK and an international bestseller. She lives in London with her longtime partner, Ricky Gervais (of *The*

Office).

And in this world of ours, it's fair to say that stranger things have happened than unwind in the plot of *Got You Back*. It is clear to me at least that Ms Fallon writes with good knowledge of some of the characters she must rub shoulders with in the starstudded world a partner of Ricky Gervais and the TV hierarchy would be expected.
