Seen by many as a

contemporary classic, Janwillem van de Wetering's small and admirable memoir records the experiences of a young Dutch student—later a widely celebrated mystery writer—who spent a year and a half as a novice monk in a Japanese Zen Buddhist monastery. As Chogyam Trungpa Rinpoche, author of Cutting Through Spiritual Materialism, has written, The Empty Mirror "should be very encouraging for other Western seekers." It is the first book in a trilogy that continues with A Glimpse of Nothingness and Afterzen.

Build detailed and impressive models of world landmarks with this beautiful origami book. The incredible splendors of some of the worlds' most recognized architectural feats are brought to life

---

within the pages of *Origami Architecture*. With this paper craft book, some card stock paper, and a hobby knife, anyone can build spectacular re-creation's of the most famous buildings in the world. Based on the extraordinary models of world-renowned papercrafter, and origami artist Yee, whose own remarkable origami recreations of these very same models sell for thousands of dollars, these paper replicas are nearly as impressive as the original buildings. Yee provides detailed instructions on how to cut and assemble these architectural landmarks from around the world. Yee even engineered half of these designs so they could be assembled without having to use glue. The origami projects have a range of difficulty levels, from the relatively easy (Arc

d'Triomphe) to the impressively sophisticated and intricate (The Tower Bridge). Once the structure is attached to the base not only will does it look amazing, but it can be folded up and taken anywhere. This origami book includes: Over 900 photographs Full-color instructional assembly diagrams Brief histories of each building Downloadable CD content

Insight Editions  
A beautiful collection of collage art and techniques exploring the theme of home In This House showcases a collaborative art project that explores innovative altered art and collage techniques by top mixed media artists. Using the theme of "home," each artist designed five

---

altered art rooms to complete an individual 9"x12" 'house' that closes like a book or can stand accordion style. Each house is a part of a larger whole; a neighborhood of twelve unique and fascinating art-full houses, varying in execution, theme, and style, yet united as part of the larger neighborhood. Each "house" is a unique interpretation on the theme, reflecting the artist's style and incorporating the mixed media techniques for which each artist is most well known. The thirteen artists have created an inspiring collage technique workbook for readers. The back of the book includes a blank "house" template and a clip-art gallery of home-

themed imagery that readers can alter and use in their own collage work.

### The Art and Craft of Paper

Mitchell Beazley

Cathedral is a quilt pattern made using English paper piecing (EPP). It was inspired by the look of stunning, stained-glass rose windows. This beautiful quilt features 5,851 half-inch hexagon pieces and was made entirely by hand. Now you, too, can create your own Cathedral quilt. Use similar colors to make your own stained-glass-inspired quilted work of art or choose your own colors and make it entirely your own. This pattern will walk you through the process step-by-step. It also includes a supply list of what you'll need to get started.

Goodman Games Subverting celebrated classics of poetry and mythology and examining horrors from contemporary film and cultural fact, National Book Award winner Justin Phillip Reed engages darkness as an aesthetic to conjure the revenant animus that lurks beneath the exploited civilities of marginalized people. In these poems, Reed finds agency in the other-than-human identities assigned to those assaulted by savageries of the state. In doing so, he summons a retaliatory, counterviolent Black spirit to revolt and to inhabit the revolting.

The lives of the Saints are one of the most powerful ways God draws people to himself, showing us the love and the joy we can find in him. But so often, these Saints seem distant—impossibly holy or dull or unlike us in race and age and state in life. In *Saints Around the World*, you'll meet over one-hundred Saints from more than sixty countries, including Saints with different disabilities, strengths, and struggles.

The beautiful illustrations and captivating storytelling will introduce you and your children to new heavenly friends while also helping you fall more in love with Jesus. Each story in this book is written not only to capture the imagination but also to speak about God's tremendous love and our call to be saints. There are stories in *Saints Around the World* for when you feel like life isn't fair, when people are being unkind to you, when you've made a terrible mistake, when you're struggling at school, when prayer is hard. And there are stories of shouting down Nazis, of fleeing a murderous villain, of making scientific discoveries, of smoking a cigar while enemy soldiers

---

amputate your leg. There are scared Saints, brilliant Saints, weak Saints, adventurous Saints, abused Saints, overjoyed Saints, disabled Saints—and the point of every one of them is the love of God. Whether you're checking the map to find Saints who look like you or perusing the extensive indices to find Saints with your skills or struggles, you'll find countless stories in this book that remind you how very possible holiness is.

Paper Dandy's Horrorgami features 20 kirigami (cut-and-fold) designs based around haunted houses and scenes from horror films by the creator of the successful Horrorgami blog and exhibition. Each project features step-by-step instructions and a template

that you remove from the book. You then follow the lines on the template, cutting and folding to make your own kirigami model. All you need is a scalpel, a cutting mat and a ruler. Clear cutting tips help you with the tricky stages and give you an order in which to complete your work, while photos of the finished model show you the final design. Suitable for folding experts and beginners alike, Paper Dandy's Horrorgami makes the perfect Halloween activity.
