*Donald Trump Has Broken the Constitution - The Atlantic*

The United States is a federal republic in which the president, Congress and federal courts share powers reserved to the national government, according to its Constitution. The federal government shares sovereignty with the state governments.. The executive branch is headed by the president and is formally independent of both the legislature and the judiciary.

To study and believe in a constitution—to give political allegiance to it as a nation's highest law—requires a commitment to procedure. If the right rules are followed, if the procedures are ...
