You may have encountered notions that the country would be better off with a new model futuristic Constitution. Why should we obey ancient scribbles on fragile parchment? Here is why: Seven reasons to cherish the Constitution, based on events from the history of the Republic. Great figures - George Washington, Thomas Jefferson, John Adams, Alexander Hamilton, John Marshall, Aaron Burr, Andrew Jackson, Sam Houston - and numerous common people set in motion an epic of freedom. Their challenges and deeds are the subject of this book. There is no better way to make sense of today's politics than to remind ourselves of past trials and achievements. Review: "A well-timed refresher course on the forces at play in the conception, ratification, and amendment of this revered (and sometimes reviled) document. ... A lucid defense of the Constitution, full of contextual information to supplement and broaden basic knowledge." -Kirkus Reviews Government in America Boston : Little, Brown

A reader-friendly explanation of the need to restore limited government and other American founding values.

You can also buy immediate access to MyPoliSciLab with Pearson eText online with a credit card at www.mypoliscilab.com. Learn how American politics affect public policy. Adopting a public policy approach to American politics, "Government in America" looks at government's impact on the daily lives of Americans. This text introduces the main features of American politics and asks "how should we govern?" and "what should government do?" In looking at the evolving nature of our democracy and the changing scope of our government, "Government in America" helps students see that politics drives what government can-or cannot do-for the people. A better teaching and learning

experience.This program provides a better teaching and learning experience- for you and your students. Here's how: "Personalize Learning." Reach every student at each stage of learning, engage them in active rather than passive learning, and measure that learning. Refined after a decade of real-world use and compatible with learning management systems like Blackboard, the new MyPoliSciLab is a customizable digital learning experience that supports each individual student's and educator's success. "Emphasize Outcomes." Keep students focused on what they need to learn. A new design facilitates print and digital reading experiences and turns this book's learning objectives into a clear learning path. On MyPoliSciLab, practice tests help students achieve these objectives by creating personalized study plans. "Engage Students." Students-each one is different. Reach "all" of them with the new MyPoliSciLab Video Series, which features this book's authors and top political scientists discussing the big ideas in each chapter and applying them to enduring political issues. "Improve Critical Thinking." Students get a lot of information about politics; your challenge as an instructor is to turn them into critical consumers of that information. Using interactive data to answer political questions introduced in this book's infographics, Explorer is a hands-on way to develop quantitative literacy and to move students beyond punditry and opinion. "Analyze Current Events." Prepare students for a lifetime of following political news. Both in this book and on MyPoliSciLab, coverage of the 2012 elections and more keeps politics relevant and models how to analyze development in the American political system. Get up-to-the-minute

analysis on MyPoliSciLab's blogs or reflect on a theoretical case with a simulation. "Support Instructors." Make more time for your students with instructor resources-Test Bank, Instructor's Manual, and PowerPoint Presentation with Classroom Response System (CRS)-that offer effective learning assessments and classroom engagement.

Government in America People, Politics, and Policy - 2016 Presidential Election Pearson

American Government 3e Pearson College Division
The award-winning journalist reveals the untold story of why America is so culturally and politically divided in this groundbreaking book. Armed with startling demographic data, Bill Bishop demonstrates how Americans have spent decades sorting themselves into alarmingly homogeneous communities—not by region or by state, but by city and neighborhood. With ever-increasing specificity, we choose the communities and media that are compatible with our lifestyles and beliefs. The result is a country that has become so ideologically inbred that people don't know and can't understand those who live just a few miles away. In *The Big Sort*, Bishop explores how this phenomenon came to be, and its dire implications for our country. He begins with stories about how we live today and then draws on history, economics, and our changing political landscape to create one of the most compelling big-picture accounts of America in recent memory.
People, Politics, and Policy : Third Edition Pearson
For courses in American Government Learn how American politics affects public policy Revel(TM)
Government in America: People, Politics, and Policy takes a public-policy approach to show how politics influences the policies that governments produce. Authors George Edwards, Martin Wattenberg, and William Howell provide a framework for students to understand the difficult questions that decision makers of both political parties are facing: how should we govern and what should government do? By emphasizing the scope of government -- the key issue in American politics today -- the authors help students see how politics matters in their own lives. The 2018 Elections and Updates Edition offers new narrative coverage of the major issues from today's headlines including the 2018 midterm elections, recent policy under the Trump administration, and the nomination of Brett Kavanaugh to the Supreme Court. This digital package includes Revel Georgia Politics in a State of Change, 3rd Edition, allowing instructors to easily integrate coverage of Georgia government and politics into the American Government survey course. Combining historical background with the most current scholarship, authors Charles Bullock and Keith Gaddie tell the story of Georgia politics from the state's founding to the institutions, policies, and people changing Georgia today. Revel is Pearson's newest way of delivering our respected content. Fully digital and highly engaging, Revel replaces the textbook and gives students everything they need for the course. Informed by extensive research on how people read, think, and learn, Revel is an interactive learning

environment that enables students to read, practice, and study in one continuous experience -- for less than the cost of a traditional textbook. NOTE: Revel is a fully digital delivery of Pearson content. This ISBN is for the standalone Revel access card. In addition to this access card, you will need a course invite link, provided by your instructor, to register for and use Revel.

Studyguide for Government in America
Thunderfoot Publishing Inc.

Why are Americans so angry with each other? The United States is caught in a partisan hyperconflict that divides politicians, communities—and even families. Politicians from the president to state and local office-holders play to strongly-held beliefs and sometimes even pour fuel on the resulting inferno. This polarization has become so intense that many people no longer trust anyone from a differing perspective. Drawing on his personal story of growing up as a fundamentalist Christian on a dairy farm in rural Ohio, then as an academic in the heart of the liberal East Coast establishment, Darrell West analyzes the economic, cultural, and political aspects of polarization. He takes advantage of his experiences inside both conservative and liberal camps to explain the views of each side and offer insights into why each is angry with the other. West argues that societal tensions have metastasized into a dangerous tribalism that seriously threatens U.S. democracy. Unless people can bridge these divisions and forge a new path forward, it will be impossible to work together, maintain a functioning democracy, and solve the country's pressing policy problems.

With free chapter tests at the end of the book this Brief Study Edition is sure to improve student grades while the text's highly lauded politics matters theme engages them in the study of our government. The Study Edition continues to provide free chapter tests at the end of the book and offers two new exciting features in this edition. A new "Issues of the Times" feature presents students with articles from The New York Times about controversies facing our nation today. Students are asked to think critically about the issues, and encouraged to see how politics and the news media affect them. New "Get Connected" end-of-chapter exercises ask students to get connected to their political system through the Internet by investigating hot political issues and evaluating their own positions on these topics. These new features are extensions of the text's long-standing politics matters theme. Through a variety of text features and a strong emphasis on public policy, *Government in America* shows students the impact that government has on their daily lives, encouraging them to see how vitally important it is to study, understand, and participate in our

political system.

People, Politics, and Policy by Edwards, ISBN 9780321195043 Longman

A practical, hands on guide to getting involved in the political process from the precinct to the general election. The Guide covers organization, fundraising, public relations, on and offline candidate and issue promotion, social and mobile media and overall campaign strategy. The Guide is perfect for the novice and the professional political activist or potential candidate or campaign worker. If you are interested in being successfully involved in politics, advocating an issue or running for office you must read this book!

Government in America 2014 Ingram

A sobering account of a disenfranchised American working class and important policy solutions to the nation ' s economic inequalities One of the country ' s leading scholars on economics and social policy, Isabel Sawhill addresses the enormous divisions in American society—economic, cultural, and political—and what might be done to bridge them. Widening inequality and the loss of jobs to trade and technology has left a significant portion of the American workforce disenfranchised and skeptical of governments and corporations alike. And yet both have a role to play in improving the country for all. Sawhill argues for a policy agenda based on mainstream values, such as family, education, and work. While many have lost faith in government programs designed to help them, there are still trusted institutions on both the local and federal level that can deliver better job opportunities and higher wages to those who have been left behind. At the same time, the private sector needs to reexamine how it trains and rewards employees. This book provides a clear-headed and middle-way path to a better-functioning society in which personal responsibility is honored and inclusive capitalism and more broadly shared growth are once more the norm.

Good Enough for Government Work
Longman Publishing Group

This book is an invitation to join the Common Good Nation. It is time to create a parallel nation based on a more mature worldview. Also, where anyone on Earth can easily join or leave it at any time because it is defined by agreement rather than geography. It is also time to create a more mature form of democracy. The geographically defined nations provide us the possibility of creating in the private sector a nation defined by agreement that can eventually become more important to people while they continue to be fully responsible as citizens of both. It is not 1776. It is 2017. Our human societies have matured. It is time to honor this maturation by providing the opportunity for people to join a nation that is based on our current level of human maturity. The Common Good Nation (CGN) you will herein be invited to join will be loved by the geographically nations. They will accurately view it as a free research and development program. Whatever it creates that works well can be copied or, if deemed best left in the private sector, supported with tax incentives. The CGN is based on people choosing their leaders from within groups of less than one hundred people where everyone knows everyone well. This puts an end to millions of people going to polls to choose between two people to be the President of their country where almost none know both well. It also ends campaign fundraising, marketing tricks, fake news, and all the other troubles with choosing leaders that way. It is also very difficult to reach a majority decision on an issue where the worldviews of the citizenry are all over the map. This is the result of primarily defining a nation by the land it occupies. More quick and wise decisions can be made when all the people in the nation share a particular worldview. The CGN described in this book is based on a particular worldview. Only those who share it will join. It will also use a more mature democratic process briefly described above. There is no taxation: except for a small annual fee to confirm a person as a citizen for the following year, all expenses are paid for with fees or donations. If you share its worldview and want to explore its use of a more mature form of democracy, we invite you to read this book and consider joining with us to create the CGN. You can do so by going to our website: www.commongoodnation.org.

What the Insiders Won't Tell You, the Citizen, about Politics and Government...

Createspace Independent Publishing Platform

This timely reissue of Richard Hofstadter's classic work on the fringe groups that influence American electoral politics offers an invaluable perspective on contemporary domestic affairs. In The Paranoid Style in American Politics, acclaimed historian Richard Hofstadter examines the competing forces in American political discourse and how fringe groups can influence — and derail — the larger agendas of a political party. He investigates the politics of the irrational, shedding light on how the behavior of individuals can seem out of proportion with actual political issues, and how such behavior impacts larger groups. With such other classic essays as “ Free Silver and the Mind of 'Coin' Harvey ” and “ What Happened to the Antitrust Movement?, ” The Paranoid Style in American Politics remains both a seminal text

of political history and a vital analysis of the ways in which political groups function in the United States.
