Architectures (ARCH), Second Edition, is a
Cisco®-authorized, self-paced learning tool for
CCDP® foundation learning. This book
provides you with knowledge of the latest
developments in network design and
technologies, including network infrastructure,
intelligent network services, and converged
network solutions. By reading this book, you
will gain a thorough understanding of issues
and considerations for fundamental
infrastructure services, including security,
network management, QoS, high availability,
bandwidth use optimization through IP
multicasting, and design architectures for

network solutions such as voice over WLAN
and e-commerce. Whether you are preparing
for CCDP certification or simply want to gain a
better understanding of modular campus and
edge network design and strategic solutions for
enterprise networks such as storage area
networking, virtual private networking,
advanced addressing and routing, and data
centers, you will benefit from the foundation
information presented in this book. Designing

For courses in California government A practical, contemporary overview of California politics California Government and Politics Today explains California's ever-changing political situation in the context of social and economic trends. As in previous editions, author Mona Field focuses on the

state's ethnic and cultural diversity as well as the global economy's impact on California (and vice versa). In addition, she helps students to view political involvement as an essential component of achieving the California Dream. The Fifteenth Edition includes updated data and coverage of contemporary issues, including contrasts between California and the nation after the 2016 presidential election. NOTE: This ISBN is for a Pearson Books a la Carte edition: a convenient, three-hole-punched, loose-leaf text. In addition to the flexibility offered by this format, Books a la Carte editions offer students great value, as they cost significantly less than a bound textbook.
