A Textbook of Geography For ICSE Schools for Class 7 (Includes the Essence of NEP 2020) We are pleased to present the series A Textbook of Geography for Classes 6 to 8. This series has been written in strict conformity with the latest curriculum. The new curriculum deals with the development of children's understanding and appreciation of the world through a continuous interaction and exploration of the natural and human environment. It also aims at encouraging children to appreciate the interdependence of individuals, groups and communities and promotes a healthy respect for different types of cultures and ways of life of people around the world. This series endeavors to introduce the practical aspect of the subject, along with the text, through appropriate Diagrams, Pictures, Maps, Mind Maps (graphic organizers) and latest updates in the field of Geography. The series has been specially designed for the young learners to make the learning experience both enjoyable and informative. The salient features of the books in this series are - 1. Simple, lucid and student friendly language with scientific, logical and practical approach. 2. Precise and to-the-point contents are given to avoid unnecessary details. 3. Maps and diagrams have been kept simple and clear. 4. In most cases there are separate maps for different types of information instead of providing them in one map. 5. Map skills in regional geography play an important role in understanding the subject as well as laying foundation for the future Examinations. For all the continents covered in curriculum, Self Explanatory Colorful Maps with consolidated information have been given. For the convenience of the students and teachers, Practice Maps have been provided. 6. Colorful Mind Maps at the end of each lesson, give the gist of the lesson at a glance and are ideal for a quick revision. 7. Worksheets under Classwork have been introduced to comprehend the lesson. These are to be solved under the direct supervision of the teacher. 8. Comprehensive Exercise at the end of chapter contains all types of questions to consolidate learning. 9. Teacher's Resource Book containing answers of the exercise given at the back of each lesson is available. The present set of books for classes 6, 7 and 8 is a continuation of my existing series of ICSE Geography for classes 9 and 10. This is a genuine effort to maintain the continuity in the ICSE

syllabus from Classes 6 to 10 and prepare the students for the oncoming Board Examinations, right from class 6 onward. I hope to succeed in inculcating the interest and confidence amongst the students by providing the required guidance to achieve their ultimate goals. Any suggestions for improvement of the books are most welcome. -Author Goyal Brothers Prakashan

[Solutions to Learning Elementary Biology for Class 7 Goyal Brothers Prakashan](#)

The revised edition of the series Foundation Mathematics for Classes 6, 7 and 8 is based on the latest curriculum prepared and recommended by the Council for the Indian School Certificate Examinations, New Delhi. The present mathematics curriculum aims to develop a number of Mathematical Skills (like Numerical Calculation, Algebraic Manipulation, Spatial Visualisation, Data Analysis, Measurement, Estimation and Approximation) and Mathematical Processes (like Reasoning, Communication and Connections, Problem solving and Heuristics, Estimation, Technology etc.) among students at these levels. This series has been developed and designed keeping in mind the following objectives of the latest curriculum : Students should : • Enjoy learning of mathematics. • Learn important mathematics that is much more than few formulas and mechanical procedures of solving problems. • Pose and solve meaningful problems. • See mathematics as something to talk about, to communicate, to discuss among themselves, to work together on. • Understand the basic structure of mathematics : Arithmetic, algebra, geometry and trigonometry, the basic content areas of school mathematics, all offer a methodology of abstraction, structuration and generalization. ICSE History & Civics for Class IX (Includes Chapter-wise Multiple Choice Questions) This book entitled " I.C.S.E. HISTORY AND CIVICS " is strictly based on the latest revised syllabus prescribed by the Council for the Indian School Certificate Examination for the students of Class IX. This book forms Paper I of the subjects Civics and History. It has been divided into two sections. Section A deals with the Civics portion of the syllabus and Section B deals with the History portion of the syllabus. This book aims to provide an understanding of the working of the Indian government necessary for the student to grow into a responsible, enlightened citizen in a Secular democracy. to enrich the understanding of those aspects of Indian historical development which are crucial to the understanding of contemporary India. to awaken a desirable understanding in pupils of the various streams which have contributed to the development and growth of the Indian nation and its civilization and culture. to develop a world historical perspective of the contributions made by various cultures to the total heritage of mankind. The main features of this book are : A simple style with a clear narrative and critical appreciation of all facts and events. Numerous facts with dates and years, maps, pictures and illustrations given to make the content vivid and interesting. Latest pictures and information provided on each topic. Lesson At a Glance, summarizes the entire lesson to help the students grasp the main points of the lesson. Multiple Choice Questions, Short Answer Questions and Structured Essay Type Questions, at the end of each and every chapter, will test how far the students have understood the lesson. A Sample Project has also been added in this new edition. Solved Questions have been added chapter-wise under the heading Question Bank for the benefit of students. I hope that the present volume shall find favor with both the teachers and the students like my other books published by Goyal Brothers Prakashan. Suggestions for improvement are welcome from teachers, students and other readers of this book. Author Goyal Brothers Prakashan
