This forces the charger to

recondition and automatically recharge the battery. This is a useful feature to have when IMPRES batteries have been in storage for several months or longer. Two or three manual recondition cycles may be required to rejuvenate the batteries, due to long term storage conditions.

GP328 PROFESSIONAL PORTABLE
2-WAY RADIO The GP328 is the two-
way radio solution for professionals who

need to stay in contact. This practical
radio can easily increase productivity by
keeping users communicating, yet
streamlines their radio use – allowing
them to concentrate on the job at hand.
With the GP328, communication could not
be easier.

Index of Motorola Manuals #1

I've recently been given a set of Motorola GP328 16-channel UHF Radios. They were part of a film production company, who upgraded to something better, and I also received a few spare batteries and a programming cable. They're still programmed with the channels that the production company uses, which don't appear to be the standard UHF channels.
