The short fiction novel "Gracefully Grayson" by Amy Polonsky is an emotion packed story that melted my heart. I would like to start off this book review with a quote that I believe connects to the moral and point of this novel " When you feel as if your whole world is falling apart, this is actually the beginning of it being put back together, the way it was supposed to be in the first

place. "

Book Overview. "Tenderly and courageously told, Gracefully Grayson is a small miracle of a book. Its story is so compelling I found myself holding my breath as I read it and so intimate I felt as if what was happening to Grayson was happening to me. Thank you, Ami Polonsky, for creating this memorable character who will open hearts and minds and very possibly be the miracle that changes lives."

PRAISE FOR GRACEFULLY GRAYSON "Polonsky captures the loneliness of a child resigned to disappear rather than be rejected, and then the courageous risk that child eventually takes to be seen for who she is. The first-person narration successfully positions readers to experience Grayson's confusion, fear, pain, and triumphs as they happen, lending an immediate and intimate feel to the narrative."--
