The courageous acts of whistleblowing that inspired the world over the past few years have changed our perception of surveillance and control in today's information society. But what are the wider effects of whistleblowing as an act of dissent on politics, society, and the arts? How does it contribute to new courses of action, digital tools, and contents? This urgent intervention based on the work of Berlin's Disruption Network Lab examines this growing phenomenon, offering interdisciplinary pathways to empower the public by investigating whistleblowing as a developing political practice that has the ability to provoke change from within.

This comprehensive book contains contributions from specialists who provide a complete status update along with outstanding issues encompassing different topics related to deep-sea mining. Interest in exploration and exploitation of deep-sea minerals is seeing a revival due to diminishing grades and increasing costs of processing of terrestrial minerals as well as availability of several strategic metals in seabed mineral resources; it therefore becomes imperative to take stock of various issues related to deep-sea mining. The authors are experienced scientists and engineers from around the globe developing advanced technologies for mining and metallurgical extraction as well as performing deep sea exploration for several decades. They invite readers to learn about the resource potential of different deep-sea minerals, design considerations and development of mining systems, and the potential environmental impacts of mining in international waters.

"Dolvett offers a dieting trifecta: easy, effective, and friendly to cheaters. He helps trick your metabolism into cooperating with his rapid weight loss formula for success." --Mehmet Oz, M.D.

Want to finally lose the weight and keep it off? Want to be able to eat the foods you love?

Reaching your goals can only happen when you don't feel deprived and you continue to stay motivated. Now, celebrity trainer and star of the hit reality series The Biggest Loser, Dolvett Quince, tells you how to do all of that and more in his revolutionary program, THE 3-1-2-1 DIET. This 21-day program works by manipulating your body's natural tendency to slow its metabolic rate in response to calorie restriction. It takes a new approach to getting lean--one scientifically based on changing up food and calories to tap into your body's potential to burn fat. This unconventional plan results in greater muscle and less fat than any other diet you've ever tried. Dolvett's effective eating plan is as easy as 3-1-2-1: three days of clean eating, one day of cheating, two more days of clean eating, and one final reward meal at the end of the week. No foods are off limits and you will never feel deprived because the plan is flexible enough to fit into any lifestyle. You'll lose weight fast--10 pounds or more in just 21 days--and you won't plateau. Dolvett's simple meal plans and delicious, easy-to-prepare recipes, together with his fast and effective workouts that combine cardio and body-shaping moves, will have you back in your skinny jeans in less than three weeks!
