**Techniques of Graeco-Egyptian Magic** Sterling Children's Books  
A parody of the children's classic and a hilarious gift for anyone that finds modern life funny and absurd. In a bright buzzing room, in the glow of the moon-and iPhones and Androids and Blackberries too-it is time to say goodnight... Modern life is abuzz. There are huge LCD WiFi HD TVs and Facebook requests and thumbs tapping texts and new viral clips of cats doing flips. Wouldn't it be nice to say goodnight to all that? Like the rest of us who cannot resist just a few more scrolls and clicks, you may find yourself ready for bed while still clinging to your electronics long after dark. This book, which is made of

paper, is a reminder for the child in all of us to power down at the end of the day. This hilarious parody not only pokes loving fun at the bygone quiet of the original classic, but also at our modern plugged-in lives. It will make you laugh, and it will also help you put yourself and your machines to sleep. Don't worry, though. Your gadgets will be waiting for you, fully charged, in the morning.

**Alex and the Monsters: Restaurant Rescue!** Grand Central Life & Style  
"Having been born a freeman, and for more than thirty years enjoyed the blessings of liberty in a free State—and having at the end of that time been kidnapped and sold into Slavery, where I remained, until happily rescued in the month of January, 1853, after a bondage of twelve years—it has been suggested that an account of my life and fortunes would not be uninteresting to the public." -an excerpt

**Exploiting My Baby** Harper Collins  
Teresa Strasser made her baby a spleen and some eyebrows. He got her a book deal. Everyone loves babies-and pregnant women-so TV and radio personality Teresa Strasser decided to use this obsession to her advantage. She came up with a way to provide for her newfound family and help other mummies-to-be with this down- and-dirty memoir about first-time pregnancy. An award-winning writer, Teresa is achingly honest about the motherhood she begins experiencing at age thirty-eight. With a biting sense of humor and heart, she portrays the tribulations that come with each trimester, from nausea, weight gain, and bladder infections to dealing with those other kinds of pregnant women. (You know the ones. The ones who glow-and gloat about it.) **Exploiting My Baby** is a must-read for anyone pregnant, trying to get pregnant, or who is just more crazy than baby-crazy. Hopping on a trail pioneered by such lions as Laura Ingalls Wilder, Erma Bombeck, and Tori Spelling, Teresa has no problem using her pregnancy, childbirth

and difficult relationship with her own mother for material. It's her blunt and plain-spoken approach to exploiting her family for literary success that sets her apart.

**Whistleblowing for Change Golden Books**  
The courageous acts of whistleblowing that inspired the world over the past few years have changed our perception of surveillance and control in today's information society. But what are the wider effects of whistleblowing as an act of dissent on politics, society, and the arts? How does it contribute to new courses of action, digital tools, and contents? This urgent intervention based on the work of Berlin's Disruption Network Lab examines this growing phenomenon, offering interdisciplinary pathways to empower the public by investigating whistleblowing as a developing political practice that has the ability to provoke change from within.

**Decks Complete Capstone**  
Capitalism could not exist without the coins, banknotes, documents, information graphics, interfaces, branding, and advertisements made by graphic designers. Even anti-consumerist strategies such as social design and speculative design are appropriated to serve economic growth. It seems design is locked in a cycle of exploitation and extraction, furthering inequality and environmental collapse. **CAPS LOCK** uses clear language and visual examples to show how graphic design and capitalism are inextricably linked. The book features designed objects and also examines how the study, work, and professional practice of designers support the market economy. Six radical design cooperatives are featured that resist capitalist thinking in their own way, hoping to inspire a more socially aware graphic design.
