Teresa Strasser made her baby a spleen and some eyebrows. He got her a book deal.

Everyone loves babies-and pregnant women--so TV and radio personality Teresa Strasser decided to use this obsession to her advantage. She came up with a way to provide for her newfound family and help other mommies-to-be with this down- and-dirty memoir about first-time pregnancy. An award-winning writer, Teresa is achingly honest about the motherhood she begins experiencing at age thirty-eight. With a biting sense of humor and heart, she portrays the tribulations that come with each trimester, from nausea, weight gain, and bladder infections to dealing with those other kinds of pregnant women. (You know the ones. The ones who glow-and gloat about it.)

Exploiting My Baby is a must-read for anyone pregnant, trying to get pregnant, or who is just more crazy than baby-crazy.

Hopping on a trail pioneered by such lions as Laura Ingalls Wilder, Erma Bombeck, and Tori Spelling, Teresa has no problem using her pregnancy, childbirth and difficult relationship with her own mother for material. It's her blunt and plain-spoken approach to exploiting her family for literary success that sets her apart. Watch a Video [Ladybird Favourite Nursery Rhymes](#) Little, Brown Books for Young Readers

Capitalism could not exist without the coins, banknotes, documents, information graphics, interfaces, branding, and advertisements made by graphic designers. Even anti-consumerist strategies such as social design and speculative design are appropriated to serve economic growth. It seems design is locked in a cycle of exploitation and extraction, furthering inequality and environmental collapse. CAPS LOCK uses clear language and visual examples to show how graphic design and capitalism are inextricably linked. The book features designed objects and also examines how the study, work, and professional practice of designers support the market economy. Six radical design cooperatives are

featured that resist capitalist thinking in their own way, hoping to inspire a more socially aware graphic design.
