At least two amazing events happen during childbirth.

There's the obvious main event, which is the emergence of a new human into the world. But then there's the non-human event that is taking place simultaneously, a crucial event that is not visible to the naked eye, an event that could determine the lifelong health of the baby. This is the seeding of the baby's microbiome, the community of good bacteria that we carry with us throughout our lives. The seeding of the microbiome, along with other processes including breastfeeding, kickstarts the baby's immune system and helps to protect the infant from disease for its entire lifetime. However, with interventions like use of synthetic oxytocin, antibiotics, C-section and formula feeding, this microbial transfer from the mother to baby is interfered with or bypassed completely. Emerging research shows that bacteria are absolutely vital for human health, and imbalances in the human microbiome significantly contribute to chronic non-transmissible diseases. Drawing on the extensive research they carried out for their documentary film *Microbirth*, authors Toni Harman and Alex Wakeford reveal a fascinating new view of birth, and how microscopic happenings can have lifelong consequences, both for ourselves, our children and our species as a whole." *Sleep Baby, Safe and Snug* Andrews Mcmeel+ORM America's best-selling and best-loved guide to baby gear is back with an updated and revised edition! Winner of a 2020 Catholic Press Association book award (first place, backlist beauty). Do you ever feel caught in an endless cycle of working harder and longer to get more while enjoying life less? The Stewart family did—and they decided to make a radical change.

Popular Catholic blogger and podcaster Haley Stewart explains how a year-long internship on a sustainable farm changed her family's life for the better, allowing them to live gospel values more intentionally. When Haley Stewart married her bee-keeping sweetheart, Daniel, they dreamed of a life centered on home and family. But as the children arrived and Daniel was forced to work longer hours at a job he liked less and less, they dared to break free from the unending cycle of getting more yet feeling unfulfilled. They sold their Florida home and retreated to Texas to live on a farm with a compost toilet and 650 square feet of space for a family of five. Surprisingly, they found that they had never been happier. In *The Grace of Enough*, Stewart shares essential elements of intentional Christian living that

her family discovered during that extraordinary year on the farm and that they continue to practice today. You, too, will be inspired to: live simply offer hospitality revive food culture and the family table reconnect with the land nurture community prioritize beauty develop a sense of wonder be intentional about technology seek authentic intimacy center life around home, family, and relationships Drawing from Pope Francis's encyclical on the environment, *Laudato Si'*, Stewart identifies elements of Catholic social teaching that will enhance your life and create a ripple effect of grace to help you overcome the effects of today's "throwaway" culture and experience a deeper satisfaction and stronger faith.

The wildly popular web comic SOPPY--with more than half a million notes on Tumblr--is the illustrated love story of author Philippa Rice and her real-life boyfriend. True love isn't always about the big romantic gestures. Sometimes it's about sympathizing with someone whose tea has gone cold or reading together and sharing a quilt. When two people move in together, it soon becomes apparent that the little things mean an awful lot. The throwaway moments in life become meaningful when you spend them in the company of someone you love. SOPPY is Philippa Rice's collection of comics and illustrations based on real-life moments with her

boyfriend. From grocery shopping to silly arguments and snuggling in front of the television, *SOPPY* captures the universal experience of sharing a life together, and celebrates the beauty of finding romance all around us.
