The cover photo exemplifies the working men of the pre-World War I frontier outpost of Calgary, prior to its transformation into an industrial metropolis. Bright (history, U. of Calgary and Mount Royal College, Calgary) challenges the view of Calgary as a prewar center of labor conservatism, and demonstrates how the labor movement of the 1920s set the stage for Social Credit in failing to meet the challenges of the Great Depression. His analysis is organized into two sections by theme and period: class formation, 1883-1913; and the labor movement, 1913-29. Canadian card order no. C98-910609-8. Paper edition (unseen), \$29.95. This revised edition of Bilingualism in Schools and Society is an accessible introduction to the sociolinguistic and educational aspects of and the political issues surrounding bilingualism, including code-switching in popular music, advertising, and online social spaces. It also addresses the personal aspect of the topic in a well-informed discussion of what it means to study and live with multiple languages in a globalized world and practical advice on raising bilingual children. Extensive new material has been added that deals with more holistic understandings of bilingual performance, including translanguaging, flexible bilingualism, and code-meshing; blending standard and vernacular languages/dialects in hybrid texts; and recent developments in policies surrounding the education of English Learners and EL assessment, including Common Core State Standards (CCSS), PARCC and SBAC testing, WIDA and ELPA21 language assessments, and Every Student Succeeds Act (ESSA). Updated and new discussions on community-based heritage language programs and 'super-diversity' further enhance this new edition, along with updated statistics on bilingual populations and the world's top languages. Each chapter includes lists of further readings, helpful digital resources and study questions, as well as student activities and boxed vignettes. Firmly grounded in the analysis of empirical work with bilingual children and adults in various multilingual settings throughout the world, Bilingualism in Schools and Society is the ideal text for courses on bilingualism in language education programs.
