The idea of "The Green Book" is to give the Motorist and Tourist a Guide not only of the Hotels and Tourist Homes in all of the large cities, but other classifications that will be found useful wherever he may be. Also facts and information that the Negro Motorist can use and depend upon. There are thousands of places that the public doesn't know about and aren't listed. Perhaps you know of some? If so send in their names and addresses and the kind of business, so that we might pass it along to the rest of your fellow Motorists. You will find it handy on your travels, whether at home or in some other state, and is up to date. Each year we are compiling new lists as some of these places move, or

go out of business and new business places are started giving added employment to members of our race.

Keating's Curriculum Development and Evaluation in Nursing Education, Fifth Edition Routledge
Praise for Earlier Edition: "This is a detailed yet practical guide to planning, developing, and evaluating nursing curricula and educational programs. It provides a comprehensive and critical perspective on the totality of variables impacting curricular decisions...This book provides readers with a comprehensive overview of curriculum development, redesign, and evaluation processes...92 - 4 Stars" —Doody'sBook Reviews
The fifth edition of Keating's Curriculum Development and Evaluation in Nursing Education provides comprehensive, detailed coverage of developing a quality curriculum that addresses competencies and accreditation standards and, most importantly, prepares students to become first-rate professionals. It includes a timely discussion of the Covid pandemic and its sizable impact on nursing education, expanded coverage of online learning, a new chapter on developing curriculum for clinical environments, current examples of specific strategies in practice, updated AACN essentials, and an upgraded format that enhances readability. With step-by-step guidance and detailed case studies, the fifth edition provides essential content for nursing students and novice educators on how to develop a quality curriculum, while also helping advanced nursing educators and faculty to meet the challenges of a rapidly changing nursing education environment. Each chapter reinforces learning by providing an introduction, summary, and multiple clear objectives along with examples addressing specific teaching strategies—particularly clinical training and staff development. At the end of each chapter are separate sets of questions and learning activities for nursing faculty and graduate students. An extensive Faculty Resource package includes a course syllabus, suggested teaching strategies and resources, PowerPoints for each section, and supplemental and reflective student learning activities. New to the Fifth Edition New chapter on developing curriculum for staff development/nursing professional development specialists in clinical environments New chapter on taxonomies and development on critical thinking Updated information on distance education, online learning, informatics, and technology Updated information on course development strategies for application of learning theories, educational taxonomies, and team building Provides example of preparation for and participation in a virtual CCNE site visit implemented during the pandemic Updated AACN Essentials/Domains and application to curriculum development and evaluation Upgraded format including two-color design and improved readability
Key Features: Offers the most in-depth coverage of nursing curriculum development Supports new faculty as they transition to academia Discusses the theories, concepts, and tools needed for curriculum development and program evaluation Describes the scope of academic curriculum models at every practice and academic level Weaves the concept of interdisciplinary collaboration in education throughout Includes an Instructor's Manual and PowerPoints Serves as a CNE certification review
