Assessment of student

learning outcomes
(ASLO) is one of the
key activities in
teaching and learning.
It serves as the
source of information
in determining the
quality of education
at the classroom and
national levels.
Results from any
assessment have an
influence on decision
making, on policy
development related to

improving individual student achievement, and to ensure the equity and quality of an education system. ASLO provides teachers and school heads with information for making decisions regarding a students' progress. The information allows teachers and school heads to understand a students' performance better. This report reviews ASLO in three South Asian countries---Bangladesh, Nepal, and Sri Lanka--with a focus on public examinations, national assessment, school-based assessment, and classroom assessment practiced in these countries.

In *The New Tribe*, pioneering author Buchi Emecheta tells the tale of a young Nigerian boy adopted by a white family. Life changes overnight for the Arlingtons when an abandoned baby girl, Julia, arrives unexpectedly on their doorstep. The couple take her in and settle into family life. But then, just two years later, their lives change once again when they are told a Nigerian mother is in desperate need of a loving home for her baby boy, Chester. Instantly marked as different from the other children in his school – and

even from his own family – Chester's pain and confusion at growing up an outcast ignites in him a desire to find out about his biological family. In this poignant, heartwarming story of Chester's journey through childhood, Buchi Emecheta weaves together a tale of love and acceptance while illuminating the vital importance of self-discovery. 'We are able to speak because [Buchi Emecheta] first spoke.' Chimamanda Ngozi Adichie 'Her name deserves to be embedded in our literary history.' Bernardine Evaristo 'A pioneer among female African writers.' Guardian

This moving poetry collection

from the Booker Prize–winning author finds strength and hope while reflecting on the complex issues that have burdened Africa. First published in 1992, Ben Okri’s remarkable debut collection features poems that are now considered classics and taught in schools and universities worldwide. Here he plays with the mystique of the African continent, countering simplistic narratives of suffering that have been imposed on it with vibrant, nuanced portraits of the traditions and resilience of African peoples. An invaluable window onto Okri’s experiences as a Nigerian immigrant to the United Kingdom and as a writer discovering his calling, these poems also speak to universal truths about love, injustice, and the search for meaning.

Backed by solid research, *Writing Instruction That Works* answers the following question: What is writing instruction today and what can it be tomorrow? This up-to-

date, comprehensive book identifies areas of concern for the ways that writing is being taught in today’s secondary schools. The authors offer far-reaching direction for improving writing instruction that assist both student literacy and subject learning. They provide many examples of successful writing practices in each of the four core academic subjects (English, mathematics, science, and social studies/history), along with guidance for meeting the Common Core standards. The text also includes sections on Technology and the Teaching of Writing and English Language Learners.

Now in its second edition, *How to Read Texts* introduces students to key critical approaches to literary texts and offers a practical introduction for students developing their own critical and close-reading skills. Written in a lively, jargon-free style, it explains critical concepts, approaches and ideas including: - Debates around critical theory - The role of history and context - The links between creativity and criticism - The relationship between author, reader and text. The new edition now includes guidance on analysing a range of multi-media texts, including film and online media as well as the purely literary. In addition to new practical examples, readings, exercises and 'checkpoints' that help students to build confidence in their own critical readings of both primary and secondary texts, the book now also offers guidance on writing fully-formed critical essays and tips for independent research.

Comprehensively updated and revised throughout, *How to Read Texts* is an indispensable guide for students making the transition to university study.
