**English in Mind Level 2 Workbook** Cambridge University Press  
It is our belief that a student should build a strong foundation in the English language. With 600 varied questions, Conquer Synthesis & Transformation 4 aims to equip students with the basic skill to understand and synthesize information. The exercises are organized thematically such that the use of a connecting word is enforced over a few exercises. An example is provided at the start of each exercise as a guide for students. Revision exercises are included for extra practice. Answers are provided for easy self-assessment. The pages of the book are perforated so that each exercise can be easily detached and used as a worksheet for classroom and/or home learning. In addition, teachers and students can choose the exercises to work on by referring to the user-friendly contents page. As such, the exercises in this book can be used as a resource for enrichment work to complement the textbook. This book will certainly be useful to all students keen on learning to write and communicate more effectively in the language.
