There are separate chapters for subject-specific advice as the same technique cannot work for subjects like English and Chemistry. There are tips on how to stay motivated and also relax and enjoy at the same time. Smart working rather than a lot of working helps. Read this book and arm yourself with studying techniques which will help you not only in your GCSEs but all future exams.

A Companion to School Experience Pearson South Africa

A Miracle Life is a MUST read book for every woman, parent, teacher, counselor and the general public. It is a book that will touch everyone that reads it. The book tells of the dilemma of a woman who had to suffer the agonizing problems of a child who could not understand why he was different from other children who could easily read and write. It tells of the problem a grandmother had of bringing up a child, born prematurely and who turned out to be dyslexic. The book tells of a society which knew nothing of dyslexia and thought the child was abnormally dull and could not be helped. The woman struggled and managed to get her child through to High School. The child himself suffered ridicule from his peers and extreme embarrassment from society which did not understand him and which rejected him at times. In the end Tiza becomes lonely and withdrawn. He starts fearing to go to school because his classmates laughed at him when he failed to read and write properly. The trauma of it all is agonizing. Theresa Nyirenda has resolved that no other woman should suffer the way she and her grandchild suffered because of lack of knowledge on Dyslexia. Through this book, she has taken a stand to sensitize the public and lobby everybody concerned that Dyslexia is real and dyslexics should be helped because these people have special gifts and if well trained, they could become responsible citizens in the country and the world.

used at Key Stages 3 to 5. It includes tips for improving academic performance, ways of raising standards of teaching and learning, and plans for promoting a rich culture for learning and high expectations. This dip-in-and-out guide shares a wide range of practical and manageable solutions to improve interventions in the classroom. As a teacher you are pushed every year to improve the results of your learners but no one ever really tells you how to do it! Regrettably, there are no quick fixes or silver bullets to unlocking the potential of students and this can be challenging at the best of times. However, assistant headteacher Laura O'Leary presents 100 ideas, techniques and activities for effective interventions that can be used throughout the school year to raise attainment and improve the progress of every student. This invaluable resource focuses on specific areas for intervention including common barriers to achievement, such as behaviour, attendance and organisational skills, supporting key cohorts (pupil premium and students with SEND and EAL), and literacy and numeracy skills. There are even ideas for ensuring that students are revision and exam ready. 100 Ideas for Secondary Teachers: Interventions is ideal for all secondary teachers, leaders, SENCOs and teaching assistants who wish to plan effective interventions that will enable young people to succeed.

Through revealing and forthright interviews with 14 secretaries of state from Kenneth Baker to Michael Gove and Gavin Williamson, together with many other leading figures in education Tim Brighouse and Mick Waters provide fascinating insights into the various evolutions and revolutions that have taken place in English state education since 1976. In so doing they highlight key areas for improvement and assess where we should go from here to enable teachers and schools to improve the learning and broaden the horizons of each and every one of their pupils whatever their talents, challenges, advantages or problems. Tim and Mick have both spent a lifetime in state-provided education first as pupils, then as teachers, and finally in various leadership and policy-making positions, both in and out of schools. About Our Schools is born out of their shared love for education and their appreciation of how schooling can be a transformative element in the lives of children and young people. All royalties from sales of this book will be donated to Barnardo's and the Compassionate Education Foundation.
