pronoun is a shady character who's always trying to trick Nelson the noun into giving up his spot. Grammaropolis personifies the parts of speech based on the roles they play in the sentence, increasing both engagement and retention. Our story-based approach combines traditional instruction with original narrative content, appealing to different learning styles

and encouraging students to make a deeper connection with the eight parts of speech: nouns, verbs, adjectives, adverbs, pronouns, conjunctions, prepositions, and interjections.
