Chilton's Repair & Tune-up Guide, Pontiac Mid-size, 1974-83 Stoddart

"U.S. and Canadian models"--Spine
How to Make Your Car Last Forever Haynes Manuals
The truck's role in American society changed dramatically from the 1960s through the 1980s, with the rise of off-

roaders, the van craze of the 1970s and minivan revolution of the 1980s, the popularization of the SUV as family car and the diversification of the pickup truck into multiple forms and sizes. This comprehensive reference book follows the form of the author's popular volumes on American cars. For each year, it provides an industry overview and, for each manufacturer, an update on new models and other news, followed by a wealth of data: available powertrains, popular options, paint colors and more. Finally,

each truck is detailed fully with specifications and measurements, prices, production figures, standard equipment and more.
