unlocking the mysteries of our physical world. Ingwe Mammoth For untold thousands of years, human beings have thrived on the nutritional and medicinal wealth of the plant life in the natural world. In these fascinating, wide-ranging, wonderfully informative stories, Tom Brown—director of the world-famous Tracking, Nature, and Wilderness Survival School—tells all about the uncommon benefits of the common trees, shrubs, flowers, and other plants we find all around us. This indispensable guide includes information on: • How to use every part of the plant—leaves,

flowers, bark, bulbs, and roots • Where to find useful plants, and the best time of the year and stages of growth to harvest them • How to prepare delicious food dishes, soups, breads and teas from the riches of the great outdoors • An incredible range of experience-proven medicinal uses to treat headaches, burns, digestive disorders, skin problems, and a host of other maladies

TOM BROWN'S FIELD GUIDES: America's most popular nature reference books, Tom Brown's bestselling field guides are specially designed for both beginners and experienced explorers. Fully illustrated and comprehensive, each volume includes practical information,

time-tested nature skills, and exciting new ways to rediscover the earth around us. How to Be a Grandfather Berkley Trade A powerful and unique portrait of generational strife and changing styles of masculinity as seen through the stories of ten World War II veterans and their baby boomer sons. It is fair to say that Tom Mathews' s relations with his father, a veteran of World War II' s fabled 10th Mountain Division, were terrible. He came back from the war to a young son he' d barely met and proceeded to bully and browbeat him—for his own good, he thought. In the course of puzzling out almost fifty years

of intermittent conflict, Mathews came to understand that their problems were not simply personal, they were generational—and widely shared by millions of other baby boomer sons. And so, to write this powerful book, which traces the kinetic effect of the war on the men who fought it, their sons, and their grandsons, Mathews has uncovered nine other dramatic and telling father-son tales of veterans in some ways missing in action and how internal war wounds shaped their lives as fathers. These include a combat infantryman whose life was saved by the fabled Audie Murphy, and a black member of the storied Tuskegee Airmen corps. In a moving final chapter,

he and his father return together to Italy to revisit scenes from the war—and attempt, at long last, to forge their own separate peace. In a very real sense, Our Fathers ' War tells the secret history of World War II and its echoes down the years and generations. In the course of doing so, it offers a portrait of evolving styles of American manhood that many, many fathers and sons have been needing and awaiting. Our Fathers' War Berkley Teaches readers how to open their eyes to the surprising abundance of natural beauty to be found in the urban and suburban landscapes of backyards,

highway medians, and even windowsill flower boxes; how to attract wild animals to unlikely places; how to "read" the subtle trails animals leave in their wakes; how to observe animals without being noticed. **Tom Brown's Field Guide to Wilderness Survival** Berkley Trade The perfect introduction to the very best books for children, from wordless picture

books and simple, illustrated story books through to hard-hitting and edgy teenage fiction. Introduces a wonderfully rich world of literature to parents and their children, offering both new titles and much loved classics. **The Trouble with Uncle Berkley** America's most respected

outdoorsman reveals the secrets of the American Indians' Vision Quest, an odyssey of self-knowledge and fulfillment, a spiritual journey into the wilderness and the soul. Awakening Spirits St. Martin's Press For the first time, Tom Brown, Jr.--America's most acclaimed outdoorsman--shares the unique meditation

exercises used by students of his personal Tracker classes. These techniques for finding inner peace and harmony with nature are based on the wisdom of his greatest teacher, a native American called Grandfather. Now all of us can learn these spiritual lessons of life through the earth

around us--and deep within ourselves. "This book may challenge the very core of your belief systems and shake up your personal philosophy, but that is not my intent. What I set forth in this book is meant to enhance and magnify your beliefs. Simply, the techniques and skills can be

easily integrated into all philosophies, religions, and belief systems. After all, Grandfather considered these techniques the common thread that runs through all things..." Tom Brown, Jr. *Awakening Spirits* includes advanced methods of relaxation, insight, healing, and communicatio

n with nature and spirits. Through the dynamic meditation called Sacred Silence, the reader can experience the joys of self-discovery--and the power of a personal Vision Quest. [Tom Brown's Field Guide to the Forgotten Wilderness](#) Berkley Get stuck in ... Why do some people become demons when they get behind a

wheel? Why does the other lane always move faster? Why do New Yorkers jaywalk (and nobody does in Copenhagen)? And why should you never drive with any beer-drinking, divorced doctors named Fred? Driving is about far more than getting from A to B. As Tom Vanderbilt's brilliant, curiosity-filled book shows, it's actually the

key to deciphering human nature and ... well, pretty much everything. From the etiquette of horn-honking to bumper stickers you should avoid, from gridlock in ancient Rome to why getting rid of road signs actually reduces accidents, Traffic will change the way you see yourself, and other people (and not just through your windshield).
The Quest
University of

Alabama Press
"Profound, funny ... wild and moving ... heartbreaking accounts of a lonely black childhood.... Brown sees racial oppression in national and global context; every political word she writes pounds home a lesson about commerce, money, racism, communism, you name it ... A glowing achievement."
—Los Angeles Times Elaine

Brown assumed black self-discovery. her role as communities Brown's story the first and and white begins with only female supporters growing up in leader of the across the an Black Panther country—but impoverished Party with relentlessly neighborhood these words: targeted by in Philadelphia "I have all the police and attending the guns and and the FBI, a money. I can increasingly predominantly withstand challenge riven by white school, from without strife where she and from within. How first sensed within. the Panthers, who seemed to hold the promise of redemption. And she tells of her ascent into the upper echelons of Panther leadership: her tumultuous relationship with the charismatic Huey Newton, who would become her lover and her nemesis; her experience with the male power rituals that would sow the seeds of the party's demise; and

the scars that she both suffered and inflicted in that era's paradigm-shifting clashes of sex and power. Stunning, lyrical, and acute, this is the indelible testimony of a black woman's battle to define herself.

The Lady and the Panda
Penguin UK
"Grandfather was an anachronism. Modern time and place had no value in his world, for

this world was without limits or time. His world was that of nature and eternity. He was truly one of the ancients, part man, part animal, and almost entirely spirit. His home was the wilderness, and in the wilderness, he tested all things. Most of all, he was a searcher for truth. His was a life of grand simplicity that few would ever know, where true riches were defined in beauty..." Tom Brown, Jr. Here is the incredible true story of a

Kevin's own family has fallen apart in the wake of the disaster: his wife, Laurie, has left to join the Guilty Remnant, a homegrown cult whose members take a vow of silence; his son, Tom, is gone, too, dropping out of college to follow a sketchy prophet named Holy Wayne. Only Kevin's teenaged daughter, Jill, remains, and she's definitely not the sweet "A" student she used to be. Kevin wants to help her, but he's distracted by his growing relationship with Nora Durst, a woman who lost her entire family on October 14th and is still reeling from the tragedy, even as she struggles to move beyond it and make a new start. describes what the Panda, it is like to be a big brother. *Grandpa Grumps* Crown Here is the astonishing true story of Ruth Harkness, the Manhattan bohemian socialite who, against all but impossible odds, trekked to Tibet in 1936 to capture the most mysterious animal of the day: a bear that had for countless centuries lived in secret in the labyrinth of lonely cold mountains. In *The Lady and*

the Panda, Vicki Constantine Croke gives us the remarkable account of Ruth Harkness and her extraordinary journey, and restores Harkness to her rightful place along with Sacajawea, Nellie Bly, and Amelia Earhart as one of the great woman adventurers of all time. Ruth was the toast of 1930s New York, a dress designer newly married to a wealthy adventurer, Bill Harkness. Just weeks after their wedding, however, Bill

decamped for China in hopes of becoming the first Westerner to capture a giant panda—an expedition on which many had embarked and failed miserably. Bill was also to fail in his quest, dying horribly alone in China and leaving his widow heartbroken and adrift. And so Ruth made the fateful decision to adopt her husband's dream as her own and set off on the adventure of a lifetime. It was not easy. Indeed, everything was against Ruth

Harkness. In as she was, who had. But when,

letters from Ruth Harkness, Vicki Constantine Croke has fashioned a captivating and richly textured narrative about a woman ahead of her time. Part Myrna Loy, part Jane Goodall, by turns wisecracking and poetic, practical and spiritual, Ruth Harkness is a trailblazing figure. And her story makes for an unforgettable, deeply moving adventure. *Connecting Link* Penguin When you read *Calculating Soul*

Connections, you will understand more about yourself and your connections to everyone around you. This book ties together four important concepts:
1. We all have souls.
2. Souls are divided into parts and each part performs a different function.
3. Beyond the four physical forces, there is a life force.
4. Souls use the life

force to power themselves and connect with other souls. Each of these concepts has been around for a long time. When combined, they form a powerful new model that revolutionize s the way we think about the world and our place in it. *Looking Through Water (Revised Edition)* Neal-Schuman Publishers A picture book masterpiece from

Caldecott medal winner Allen Say now available in paperback! Lyrical, breathtaking, splendid—words used to describe Allen Say's Grandfather's Journey when it was first published. At once deeply personal yet expressing universally held emotions, this tale of one man's love for two countries and his constant desire to be in both places captured

readers' attention and hearts. Fifteen years later, it remains as historically relevant and emotionally engaging as ever. The Journey Berkley Uncle is a nautical nuisance, and doesn't fit in anywhere. Not daunted by duff treasure maps, angry whales and misplaced hotels, he rescues Lovelace L'amour, the famous film-star, marries

a mermaid and sails home with the loot. **Traffic** Berkley For untold thousands of years, human beings have thrived on the nutritional and medicinal wealth of the plant life in the natural world. In these fascinating, wide-ranging, wonderfully informative stories, Tom Brown—direct
