Is this the journey's end . . . or just the beginning? Grizzly bear Toklo, polar bear Kallik, black bear Lusa, and their shape-shifting guide Ujurak have finally reached the Last Great Wilderness, the legendary place they've been searching for. But is this really where they're meant to be? One by one the bears begin to grow apart: Toklo feels the urge to hunt and mark his territory, while Kallik feels the pull of the ice within her. Only Lusa fears the day when her friends will leave her to follow their own paths. When disaster strikes, the bears are forced to leave the sanctuary and enter flat-face territory—or risk losing one of their own. Now their journey's end seems farther away than ever, as a new path spreads out before them.

This book describes hazards from radon progeny and other alpha-emitters that humans may inhale or ingest from their environment. In their analysis, the authors summarize in one document clinical and epidemiological evidence, the results of animal studies, research on alpha-particle damage at the cellular level, metabolic pathways for internal alpha-emitters, dosimetry and microdosimetry of radionuclides deposited in specific tissues, and the chemical toxicity of some low-specific-activity alpha-emitters. Techniques for estimating the risks to humans posed by radon and other internally deposited alpha-emitters are offered, along with a discussion of formulas, models, methods, and the level of uncertainty inherent in the risk estimates.

The spirits dance like fire in the sky. . . . The three cubs—Kallik, Toklo, and Lusa—along with their shape-shifting companion, Ujurak, stand on the edge of the sea-ice under the blazing Northern Lights. The land has come to an end, but the bears' journey is far from over. Now they must put their trust in Kallik's paws, as she feels the ice pulling her out toward the ocean. Life on the ice is more difficult than the bears imagined. While Kallik struggles to remember her polar bear roots, Toklo bristles in the unfamiliar territory and Lusa gets weaker by the day; black and brown bears don't belong on the ice. Meanwhile, Ujurak learns firsthand what lurks beneath the whorls and bubbles of the ice, and what he discovers will change everything. Just when it seems like they'll never survive in the frozen wilderness, a mystical encounter with a bear spirit assures them that all will be well. But this strange vision leads to even more questions, and ultimately it might tear the bears apart—this time for good—as the next steps of their journey come into focus.
