The Limits of Wonder Twayne Pub

The "Fresh Air" book critic investigates the enduring power of *The Great Gatsby* -- "The Great American Novel we all think we've read, but really haven't." Conceived nearly a century ago by a man who died believing himself a failure, it's now a revered classic and a rite of passage in the reading lives of millions. But how well do we really know *The Great Gatsby*? As Maureen Corrigan, *Gatsby* lover extraordinaire, points out, while Fitzgerald's masterpiece may be one of the most popular novels in America, many of us first read it when we were too young to fully comprehend its power. Offering a fresh perspective on what makes *Gatsby* great and utterly unusual--*So We Read On* takes us into archives, high school classrooms, and even out onto the Long Island Sound to explore the novel's hidden depths, a journey whose revelations include *Gatsby*'s surprising debt to hard-boiled crime fiction, its rocky path to recognition as a "classic," and its profound commentaries on the national themes of race, class, and gender. With rigor, wit, and infectious enthusiasm, Corrigan inspires us to re-experience the greatness of *Gatsby* and cuts to the heart of why we are, as a culture, "borne back ceaselessly" into its thrall. Along the way, she spins a new and fascinating story of her own.

The Common Core State Standards initiated major changes for language arts teachers, particularly the emphasis on "informational text." Language arts teachers were asked to shift attention toward informational texts without taking away from the teaching of literature. Teachers, however, need to incorporate nonfiction in ways that enhance rather than take away from their teaching of literature. The *Using Informational Text* series is designed to help. In this fourth volume (*Volume 1: Using Informational Text to Teach To Kill a Mockingbird*; *Volume 2: Using Informational Text to Teach A Raisin in the Sun*; *Volume 3: Connecting Across Disciplines: Collaborating with Informational Text*), we offer challenging and engaging readings to enhance your teaching of *Gatsby*. Texts from a wide range of genres (a TED Talk, federal legislation, economic policy material, newspaper articles, and 1920s political writing) and on a variety of topics (income inequality, nativism and immigration, anti-Semitism, the relationship between wealth and cheating, the Black Sox scandal and newspaper coverage, and prohibition) help students answer essential questions about F. Scott Fitzgerald's novel. Each informational text is part of a student-friendly unit, with media links, reading strategies, vocabulary, discussion, and writing activities. *X-Kit Literature Series: FET Great Gatsby* Teachers College Press

Bachelor Thesis from the year 2014 in the subject Film Science, grade: 1.3, Friedrich-Alexander University Erlangen-Nuremberg (American Studies), language: English, abstract: A tendency in the realm of gender studies has been to mainly concern oneself with gender, whereas the same can be claimed in terms of class analysis showing a tendency towards primarily and exclusively dealing with class. This study tries to combine both fields in an attempt to not only expose how present forms of masculinity are established but also how these forms interact with 'class'. In addition to Crenshaw's 'intersectionality' theory, Pyke's concept of 'interpersonal power' and Connell's theory of 'hegemonic masculinity' will be dealt

with. The synergy between masculinity and 'class' will be scrutinized by means of two movie adaptations of "The Great Gatsby" (1974/2013). It will be shown that factors such as social and geographical mobility, career, and the need or ability to display class-marked objects, as well as the male body can be identified as producing and helping to maintain multiple forms of class-based masculinity, as well as shaping and changing these masculinities.
